

*Letter of sweet remembrance from Dadiji to all  
brothers and sisters who are the decoration of the Brahmin clan.*

*To all the extremely loving brothers and sisters who belong to beloved BapDada, the Bestower of Fortune and the Beloved of everyone, please accept sweet love and remembrance from Madhuban.*

*Today, I am especially writing this letter to share some very good special news. Why is it good news? All of you are aware that for some time, we have been negotiating the purchase of some land near Manesar in Delhi and now that task is accomplished. According to our sweet Beloved BapDada's instructions, special meetings took place in Madhuban for two days with Dadi Gulzar, Jagdishbhai, Rameshbhai, Nirwairbhai, Brijmohanbhai and some engineers. We also had plans designed by the architects in accordance with our requirements for service. According to the present time, just as we have the training section, yoga camps, conferences and many other programmes in Madhuban, now our aim for Delhi is that all of this work should continue on an even bigger unlimited scale. These plans were sent to BapDada through Dadi Gulzar. All of you know that for a long time, sweet Baba has been giving the signal that Delhi is His heart and it is the capital at present and also in the future. So, everything here should continue take place very beautifully. It should be a very attractive place with a musuem which many souls would come to see. So, together with this letter, I am also sending you BapDada's message for Delhi, in which Baba has also given signals to the instrument brothers and sisters. Sweet Baba has given all of us children the signal that this unlimited task will be completed with each brick given by the children and their co-operation. So, Baba has given a very sweet and incognito signal: "As it comes, let it be used". I am sure all of you will understand this signal. I am sure all of you are aware of this and many of you continually ask me when the construction of this building will begin. It is hoped that the plans will be passed in a few days and the task of the construction of this unlimited building will begin very soon.*

*I am especially writing this letter to all of you instruments teachers to place Bholanath Baba's bhandari in the centres, sub-centres, Gita Pathshalas etc. According to the system of this divine family, each child of Baba can put, according to his or her own desire, however much he or she wants with a big heart. Otherwise, to at least put one rupee in the box every day and through everyone's co-operation in this way, this unlimited place of service will become ready very quickly. The special name for this place is "Om Shanti Complex". Sweet sweet Dadi Gulzar is the instrument for this task in Delhi and this place will only be accomplished with the co-operation of Delhi, Madhuban and each one of you. So, you can either send a draft or a cheque to Dadi Gulzar in Delhi or to Madhuban. It's fine to send it to Madhuban also as all the accounts work for this place will be carried out in Madhuban. It has also been announced in the accounts meeting that all of this work is to be carried out under the banner of "Brahma Kumaris Educational Society". So, any drafts or cheques can be sent in this name. I hope that all of you are constantly co-operative with your heart and with a lot of zeal and enthusiasm for this unlimited task and will always remain so. Achcha.*

*Lots of love and remembrance to all,*

*B.K. Prakashmani*
