

Essence: Sweet children, for the past half kalpa Maya has been troubling you a great deal. You have now come to take refuge with Baba. By having true love for Baba you can conquer Maya and thereby conquer the world.

Question: What effort does even God have to make at the confluence age?

Answer: He has to clean the dirty clothes, that is, He has to wash the souls clean. You children have come to Baba to clear your accounts of sin. To the extent that you become soul conscious and remember the Father, accordingly you will stop performing sinful actions. If you link your intellect in yoga with anyone other than Baba, you become Bhasmasur (the demon who burnt himself to death). This is why you must continue to follow shrimat.

Song: Salutations to Shiva....

Om shanti. You children have come here and received Bab's support. That is, you have come into Baba's lap. This one is not a lokik father; He is the parlokik Father. For the past half kalpa Maya has been troubling you. You children know that this world is the land of sorrow, the devilish world, and that you come here every kalpa to take refuge with Baba in this way. Because Maya made you very unhappy, you have become refugees. All of the prestige and honour you had has been ruined by Maya. Only you children know this. When people become unhappy they go and take someone else's support. You had been looking for refuge from Maya for half the kalpa. The One you souls have taken refuge with is now explaining to you. People of the world do not know when they started to become unhappy. You children were the flowers of heaven, so how did Maya come and make you into thorns? Only you can understand this. After all, you are human beings, you are not animals! Children, you say: You are the Mother and Father and we are Your children. We have come into Your lap; protect us from Maya, Ravan. Baba is truly liberating you children from Maya and making you into the masters of heaven. Maya has been harming you a great deal. Only when God's devotees are being harrassed do they remember Him; this is according to the drama. Maya came to become the enemy of those who were in heaven. No one knows that Maya has been your enemy for half the kalpa. These are very deep matters and have to be understood. For half the kalpa, you have been remembering Baba in order to be liberated from this problem. Baba comes and makes us belong to Him and gives us our inheritance of heaven. At present, all of you are refugees. Nowadays, there are many refugees. They go somewhere to seek asylum or support. You know that Maya has made the people of Bharat very unhappy. When Bharat was heaven the deities there were very happy. Even the Europeans know that Bharat is a very ancient land, and that the people of Bharat existed before them. Ancient Bharat was very prosperous and happy; it was called heaven. It's a question of five thousand years. That same Bharat is now bankrupt and worth a shell. Who made it devilish? Maya, Ravan. For the past half kalpa, Bharat has been declining so much that now it is as worthless as a shell. Baba says: For half the kalpa Maya has been harassing you, and you have been asking the Father for asylum. Oh God, come! We will sacrifice ourselves to You. Only the Supreme Father, the Supreme Soul, makes Bharat as valuable as a diamond once again. This is why God's devotees remember Him and call out: Oh God, come and support us. They even say: Maintain our honour! You are the Merciful One! However, then they say that He is omnipresent! This is known as defamation of religion. You know that because Maya has been harassing you for half the kalpa you have now become completely degraded. Baba says: When this happens every kalpa, when the religion and activity of Bharat become corrupt, it is then that I come. The people of Bharat do not even know their own religion. This is their fate. Only when it has disappeared completely does Baba comes to re-establish it. According to the drama, that religion has now disappeared; it is only now that Baba comes and creates heaven through Brahma and destroys hell through Shankar. It is now the time of destruction. You now have a loving intellect, whereas the intellect of everyone else has no love at all. You have taken refuge with the Almighty Authority, the Supreme Father, the Supreme Soul, in order to attain victory over Maya. You are being taught easy Raja Yoga and knowledge. Baba says: You have forgotten Me, your Father. Maya made you turn away from Me, your Father. Baba sits and teaches you through the mouth of Brahma. Because of Maya's influence things of defamation have been written in many scriptures. You know that no one, except Baba, can teach Raja Yoga. Baba is the Creator of heaven. It is the soul that

speaks. Baba makes you soul conscious. It is the soul that carries the sanskars. It is the soul that is affected by whatever it does. They think that the soul is immune to any effect of action and that it is the body that is affected. This is why they go to bathe their body in the Ganges. However, the water of the Ganges cannot wash away anyone's sins. Therefore, Baba says: Forget everyone including your own body. Have the faith that you are a soul and remember Me, the Supreme Father, the Supreme Soul, Shiva. Shiva is incorporeal. Although the birth of Shiva is celebrated, no one knows anything about Him. The temple to Somnath (the Lord of Nectar) is very large, but no one there knows when He came, how He came, or what He did when He came. They don't know anything! In order to come He must definitely have had to enter someone's body. Because of the concept of omnipresence they have forgotten everything. Now, Baba says: Follow shrimat. Shiv Baba has entered this body and is giving you the knowledge. He has taken this body on loan. He has become the Charioteer of this chariot in order to give you this knowledge. However, it isn't a question of a horse's chariot. This one is also called Bhagirath (the lucky chariot) and Nandigan (Shiva's bull). They say that Bhagirath brought the Ganges, but the Ganges can't emerge from anyone's head! This is why Baba says: You cannot attain Me by studying these Vedas and scriptures etc. I have to come. I have to come in order to give you asylum. People don't know what Ravan is or that it is now the kingdom of Ravan. They follow the devilish dictates of Ravan. Now, by following these elevated directions, you are becoming the most elevated for twenty-one births. Then, when the copper age begins, the devilish directions begin and the world is called the vicious world. It is Ravan who creates the vicious world, and it is Rama, Shiv Baba, who creates the viceless world. You heard that the song said "Salutations to Shiva". It is said: "Salutations to the deities Brahma, Vishnu and Shankar". It is not said, "Salutations to the Supreme Soul, Brahma". There is only the one Supreme Soul, and He is the one Father of all. You are now receiving your inheritance from Baba. This is a school for changing from human beings into deities. This is the God-Fatherly college where the versions of God are taught. The name itself is World Spiritual University. The aim and objective of becoming Lakshmi or Narayan from an ordinary man or woman is also written here. You are once again becoming Narayan from an ordinary man or woman. By following shrimat you become elevated. This is why Baba says: Stay awake at night and remember the Father. Baba, we will only remember You. We have come to You, and then You will send us to heaven. Baba creates heaven through you mothers. You stay in yoga and make Bharat pure. Through the power of your yoga, Bharat will become peaceful for twenty-one births. There, there is no Maya and you are constantly happy. It is only because of body consciousness that people become unhappy. Baba is now making you soul conscious. In the golden age, they had divine virtues but they now have devilish traits. It was Maya, Ravan, who turned you into those with devilish traits. You are now claiming your inheritance from Baba in order to become the masters of Shivalaya. This is a college where Baba will continue to teach you until destruction takes place. The burden that you have had on your head for half the kalpa has not yet been removed; it takes effort to remove it. At present, everyone is a sinful soul; there isn't a single pure soul. Although they call out, "Oh Purifier, come!", they don't realise that this is an impure world. You have now become Brahmins. The few children of Brahma, the Brahmins, will become deities and then warriors. This is the cycle of self-realisation. We have been taking rebirth and are now completing our eighty-fourth birth. These things are not written in the scriptures. The scriptures have been shown in the hands of Brahma. That cannot be the Brahma who is the resident of the subtle region. The name is of Prajapita Brahma, the one who is also called Adam. He is the head of the whole genealogical tree. You souls know that you are also the beads of the rosary of Rudra. Each of you came from up there, your residence of Paramdham, and received an eternal part of eighty-four births. Impure human beings cannot explain these things to you. Only Baba can make impure ones pure. He is the One who has mercy on all. No one else can become the leader of those who have mercy on all. Only Baba becomes this. Baba has great mercy. It is only when everyone is very unhappy that I come. You children serve Bharat with your body, mind and wealth to make it into heaven, just as Gandhiji made it independent of the foreigners. However, that independence is a mirage because Maya, the foreigner, is still here. She has been ruling here for half the kalpa. Baba comes and liberates you from that. It wasn't those foreigners that made the people of Bharat experience sorrow. You were very

happy; it was Maya that made you very unhappy. This is why Baba says: I have come to liberate you. You now have to follow shrimat. Otherwise, Maya will eat you raw! Follow shrimat and become elevated! You are the Shiv Shakti Pandav Army. The Dilwala Temple is your memorial. The Dilwala Temple is an accurate memorial of your practical form. You become the masters of heaven by practising Raja Yoga. Bharat used to be heaven. You have now been given asylum with the Supreme Father, the Supreme Soul, in order to claim your unlimited inheritance from Him. For twenty-one generations the kingdom is ruled by the deities. You have come here in order to become the masters of heaven. Maya made you into Bhasmasur (the demon who burnt himself to death). Baba comes and showers you with the nectar of knowledge. You are given asylum with the Father and then Maya makes you a traitor. So many innocent ones are then assaulted. There is neither government nor sovereignty here. Baba comes and establishes the deity sovereignty. In the golden age, there were the great emperors and empresses. At present, there is no sovereignty; it is the rule of people by the people and is called unrighteousness. Maya establishes the unrighteous kingdom and then Baba comes and creates the righteous kingdom. At present, there is no righteousness. People say that they don't believe in any religion, that is, that they are irreligious. And so, they have no might either. Their self-sovereignty is only temporary. People here fight and kill one another. Baba comes and makes you the masters of the land of immortality. Baba tells you souls: Children, you have to become soul conscious. To the extent that you link your intellect in yoga with the Father, to that extent you will reduce the burden of your sins, and you will stop doing anything sinful. If you divorce the Father who is making you into the masters of heaven, and link your intellect in yoga with anyone else, you become Bhasmasur. You are now sitting here in order to have the accounts of your actions cleared. There is a great burden of sins on you. Baba says: I come and uplift such sinners as Ajamil. Baba makes you so clean and pure with the nectar of knowledge. In spite of that, some became amazed and followed shrimat and then ran away! God comes and makes so much effort on the dirty clothes that they tear apart. This is why they are called Ajamil. Any soul who comes and belongs to Baba and then divorces Him is a number-one Ajamil. No one can be such a sinner as that one. This is why you children have to follow shrimat very well. If you stop following shrimat, Maya eats you, and you lose your inheritance every kalpa. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for Dharna:

1. Serve Bharat with your body, mind and wealth and make it into heaven. Liberate it from the enemy Maya.
2. In order to become soul conscious forget everything including your body. Clean all your old karmic accounts with the power of yoga and overcome all sinful acts and become the conqueror of sinful actions.

Blessing: May you be a powerful server and liberate everyone from the fear of death by giving them the knowledge of immortality.

In the world nowadays, people are afraid of sudden death. Everything they do - eating, interacting with one another and sleeping - they do in fear. Tell such souls the things of happiness and liberate them from their fear. Give them the good news that they can be saved from sudden death for twenty-one births. Give every soul the knowledge of immortality and make them immortal and safe from sudden death for birth after birth. Become a powerful server and with your vibrations of peace and happiness, give souls the experience of happiness and comfort.

Slogan: Keep a balance of remembrance and service, and receive blessings from everyone.
