

**Essence:** Sweet children, you have come here to receive *tuition* to change from ordinary humans into deities. You are being changed from worthless shells into diamonds.

**Question:** Children, how is it that you don't have to pay any fees for this study?

**Answer:** Because your Father is also your *Teacher*. Children, how could your Father accept fees from you? As soon as you belong to Baba and come into His lap, you claim a right to your inheritance. Children, you are changed from worthless shells into diamond-like deities at no cost to yourself. On the path of prayer, people have to go on pilgrimage and give donations and do charity. They have nothing but expense. Here, Baba gives you children your kingdom. He gives you your whole inheritance free. Therefore, become pure and claim your inheritance.

Om shanti. Children, you understand that you are *students*. What are you *students* of Baba studying? You are receiving *tuition* to change from ordinary humans into deities. We souls are receiving *tuition* from the Supreme Father, the Supreme Soul. You now understand that for birth after birth, you used to consider yourselves to be bodies, not souls. A physical father sends his children away somewhere for their *tuition* and sends them elsewhere for their salvation. When a father gets old, he wants to go into retirement. However, no one understands the real meaning of being retired. (Vanprasth - going beyond sound). How do we go beyond sound? It does not enter their intellect that they are impure. You souls were pure in the place you originally came from. Whilst continuing to play your *part* you became impure. Now, who can purify you? People call out: Oh Purifier! No guru would be called the Purifier. Even though people follow gurus, they don't have complete faith in any of them. Therefore, they seek the Guru who can take them home, that is, into the stage of retirement. They try many ways for that. When they hear a lot of praise of so-and-so, they go there. Only the *saplings* of this tree will be struck by your arrows of knowledge. They will understand those things *clearly*. You definitely have to go into the stage of retirement. This is not a big thing. It is not a big thing for a *teacher* to teach in a *school*. What do worshippers want? No one knows. Children, you now very clearly understand the cycle of this *drama*. You understand that Baba is definitely the One who gave you your inheritance and that He is now giving it to you again. Then, when you come down here you will have that stage again. Children, you understand that the main thing is, you must remember Baba in order to become pure. Everyone remembers his physical father, but no one even knows the Father from beyond. You understand that to remember Baba is the easiest and yet the most *difficult* thing. Souls are like tiny stars. Baba too is like a star. He remains a completely pure soul, whereas this one was completely impure. Only the company of the completely pure One can take you across and that company can only given by One. You definitely do need His company. However, you have also been receiving the bad company of Ravan, the five vices. Others belong to the community of Ravan whereas you are now becoming part of the community of Rama. When you belong to the community of Rama, this community of Ravan will no longer remain here. Your intellect now has knowledge. God is also called Rama. God comes and creates the kingdom of Rama, that is, He creates the sun dynasty. That isn't really the kingdom of Rama, but this is said in order to make it easy to explain. There is the kingdom of Rama and the kingdom of Ravan. In fact, the real name is the sun dynasty kingdom. You have a small book entitled: "How to create a life like a diamond". What is meant by "A life like a diamond"? Who but you would understand this? Therefore, you should write: "How a deity life, like a diamond can be created." The word "deity" should be *added*. You *feel* that you are creating a life like a diamond for yourself. No one but Baba can do this. The book is very good, you simply have to *add* this one word. From the life of a devil, as worthless as a shell, you can claim a diamond-like life of a deity within a *second*, without charge! When a son is born, he has the right to an inheritance from his father. Does that child have to pay any fees? He just comes into his father's lap and claims his right to an inheritance. In fact, the father, not the child, meets the expenses. What expenses do you have to meet? Do you have any expense in belonging to Baba? Just as there is no expense in belonging to your physical father, in the same way, there is no expense in belonging to the Father from beyond. Baba sits here and teaches you. He teaches you in order to make you into deities. You are no longer infants. You have now grown-up. When you belong to Baba, He advises you that you have to create your kingdom. In order to do this, you must definitely become pure. You incur no

expenses in this. When people go to bathe in the Ganges and at pilgrimage places, they have to pay for that. When you developed faith in the Father, did you incur any expense? When seekers come to your *centre*, tell them how to claim their inheritance from the unlimited Father. "Remember Baba because He is your Father". Baba Himself says: Do you want to receive your inheritance from Me? You are impure and you want to claim your inheritance. You want to become the pure masters of the world. You also understand how Baba creates heaven. The sensible ones amongst you children understand this clearly. There is so much expense in that study, whereas here, there is no expense. The soul says: I am imperishable, whereas this body can be destroyed. Your children and everything you have are to be destroyed. Achcha, then what will you do with all the money you have saved? You have to think about this! There must be some wealthy ones too. If a wealthy person, who has no relatives or anyone belonging to him, were to understand this knowledge, he would feel: "What can I do with my money in this situation anyway?" This study is the *source of your future income*. Baba has told you that Abraham Lincoln was very poor. He used to study at night and became so clever that he became the *President*. Did that take any expense? Nothing at all! The *Government* doesn't charge the very poor ones to educate them. Many study like that. That one became the *President* without having to pay any fees and claimed a high status. This *Government* does not charge you any fee. This *Government* understands that everyone in the world is poor. No matter how wealthy someone is, even if he is a millionaire or a multimillionaire, he is still poor. You make them wealthy. No matter how wealthy those millionaires are, understand that they will only have that wealth for a few days more. All of it is to turn to dust. So, that means they are poor. Everything depends on how you study. What fees could Baba charge for teaching His own children? Baba is the Master of the world. Children, you understand what you are to become in the world. I have come to create that world. You can also explain this with the *badge*. New things keep being *invented*. Shiv Baba says: My soul has its part fixed within Me. Baba comes here to purify the vicious and impure souls. You know that you claimed the kingdom of the world from Baba five thousand years ago. The main thing Baba says is: Remember Me alone! He tells you this in person. When Baba found the chariot, He arrived. There can only be the one *fixed* chariot. This too is fixed in the drama and cannot be *changed*. People say: How can this jeweller become Prajapita Brahma? They know that he used to be a jeweller. There is artificial jewellery which is false and there is *real* jewellery. Here, Baba gives you *real* jewels and so of what use are those artificial ones? These jewels are the jewels of knowledge. Compared to these, those jewels have no value at all. When he discovered these jewels, he realised that that jewellery business was useless. Each of these imperishable jewels of knowledge is worth hundreds of thousands of rupees. You receive so many jewels. It is these jewels of knowledge that are real jewels. You know that you have to fill your apron with these jewels that Baba gives you. You receive them for nothing. You are not charged. There, in the golden age, the walls and ceilings are studded with diamonds and jewels. They are not *valuable* there. The *value* increases later. There, the diamonds and jewels are of no use to you. Children, you should have this faith. Baba has explained that He is the One called Rup as well as Basant. Baba's form is so tiny and yet He is called the Ocean of Knowledge. He gives you these jewels of knowledge with which you become wealthy. Otherwise, there is no question of nectar or water. There is no question of water when you are studying and there is no question of charging a fee for making you pure. Now that you have some common sense, you can understand that only Baba can be the Purifier. You are being made pure through your power of yoga. You understand that when you become pure you will go to the pure world. Now, is this *right* or are they *right*? You should use your intellect to work on all these aspects. The part of bhakti definitely has to be played in the drama. Baba says: In order to go to the pure world, you now have to become pure. When you become pure you will go. The *saplings* of the new world emerge here. Others will not understand, they remain bogged down. At the end, when they have heard, they will say: Oh God, the part You play is so wonderful! You make the old world new! You must have this knowledge printed in the newspapers. Print these coloured pictures in the newspapers and write: Shiv Baba teaches through Prajapita Brahma and makes you into the masters of the world. (Lakshmi and Narayan). How? Through the pilgrimage of remembrance. By staying in remembrance, your rust is removed. You can show everyone this path. You can tell everyone that Baba says: Consider

yourself to be a soul and remember Me alone. Remind them of this again and again and see if their faces change at all. If their eyes become moist, you can understand that something has penetrated their intellect. This is the first aspect that has to be explained. Five thousand years ago as well, Baba said: Remember Me alone. It must be because Shiv Baba came that they celebrate the birth of Shiva. Whilst changing Bharat into heaven, He said: Remember Me alone and you will become pure. You young kumaris should sit with others and explain to them that it is the unlimited Father, Shiv Baba who says this. The word "Baba" is very sweet; Baba and the inheritance. Children, you have to have total faith. This university changes ordinary humans into deities. The deities are pure. Baba says: Now consider yourself to be a soul and remember Me! Manmanabhav! You have heard this expression previously. Even if you haven't heard it, Baba explains it to you now. Baba says: I am the Purifier. Remember Me so that your alloy can be removed and you can become satopradhan. It is this that requires effort. Everyone says that this knowledge is very easy to understand. This knowledge is *first-class*, but no one knows about ancient yoga. Even when you tell them the aspect of becoming pure, they still do not understand. Baba says: You have all become impure and tamopradhan. Now, each of you must consider yourself to be a soul and remember Me. Originally, you souls abided with Me. You called out to Me: *Oh God the Father*, come! Now that I have come, follow My directions. You are given the instruction to change from impure to pure. I am the Almighty Authority, the One who is *ever-pure*. Now, remember Me! This is what is meant by the ancient yoga. By all means, stay in business etc. and look after your children, but just simply remove your intellect's yoga from everyone else and link it to Me. This is the main thing. If you can't understand this, you haven't understood anything! They say: The knowledge you give is very good. Purity too is very good. But, how can we become pure? It is this aspect that they never understand. Deities are always pure; how do they become that? Explain this aspect first. Baba says: Remember Me. Only by having remembrance can your sins be cut away. It is then that you can become deities. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for Dharna:

1. In order to change yourself from poor to wealthy, take these jewels of knowledge from Baba. Each of these jewels is worth hundreds of thousands of rupees. Study this knowledge in the recognition of its *value*. This study is your *source of income*. It is through this study that you can claim a high status.
2. In order to become part of the community of Rama, keep the company of the Father who is always completely pure. Stay away from bad company. Remove your intellect's yoga from all others and link it to Baba.

**Blessing:** May you be a jewel of contentment who is constantly content by remaining aware of your eternal form.

Remain aware and constantly stable in the awareness of your original and eternal form. You will then remain content yourself and also enable others to experience the speciality of contentment. The reason for discontentment is some lack of attainment. You say that you have attained whatever you wanted. To belong to the Father means to claim a right to your inheritance. Only such rightful souls constantly overflow with jewels of contentment.

**Slogan:** It is very easy to go on a pilgrimage to the *sweet home* with the power of *silence*.
