

Essence: Sweet children, in order to experience limitless eternal happiness, stay in Baba's company at every moment.

Question: Which children receive a great deal of power from Baba?

Answer: Those who have the faith that they have to transform the unlimited world, that they have to become the masters of the unlimited world and that it is Baba, the One who is the Master of the World, who Himself is teaching them. Such children receive a great deal of power.

Om shanti. The spiritual Father, the Supreme Father, the Supreme Soul, sits here and teaches and speaks to you sweetest, spiritual children. He speaks to you souls. He tells you children that you have to become pure and then become the masters of the pure world once again. There is only the One Father of everyone in the world. Children, you have the faith that the Father of the whole world, the Father of all souls, is teaching you. At least this much has entered your intellect! Because your intellect is now tamopradhan, it is like a tin-pot; it is *iron-aged*. The intellect is in the soul. Has this much sat in your intellect? Have you received sufficient power to understand that the unlimited Father is definitely teaching you, that you have to transform the unlimited world? At this time, the unlimited world is called the very depths of hell. Do you know this? Do you understand that the poor are in the depths of hell? That the sannyasis, the wealthy, and those with an important status are in hell? Baba is saying that everyone is in the depths of hell. These things have to be understood. Souls are very tiny. Does this *knowledge* stay in you tiny souls or do you forget it? The Father of all the souls of the world is personally sitting in front of you and teaching you. Do you keep this in your intellect throughout the day? Baba is definitely here with us. How long does this stay in your intellect: an hour, half an hour, or the whole day? You need power to be able to keep this in your intellect. God, the Supreme Father, the Supreme Soul, is teaching you. When you live outside in your own homes, you don't have this company. When you come here, Baba is with you in a *practical* way. It's just as when a husband is away, his wife wouldn't say that he is with her. The unlimited Father is only One. Baba is not in everyone. Baba definitely sits in one place. Therefore, does it enter your intellect that the unlimited Father is making you worthy to become the masters of the new world? In your heart, do you consider yourself to be worthy enough to become masters of the whole world? You should experience a great deal of happiness about this. No greater treasure of happiness than this can be given to anyone. You understand that this is what you are now going to become. You also understand of which place these deities are masters. The deities existed in Bharat. You are to become the masters of the whole world once again. Is this much in your intellect? Do you behave according to this? Do you speak in that manner? Do you have this in your intellect? Is your behaviour such that you get angry very quickly about something? Do you try and harm anyone? Or, do you insult anyone? You don't behave like this, do you? The deities of the golden age never insult anyone. There will not be anyone with dirty, insulting thoughts there. Children, Baba uses great force to uplift you. If you remember Baba, your sins can be cut away. You raise your hands when asked if you are going to become deities, but is your behaviour according to that? Baba sits here and teaches you. Do you keep this firmly in your intellect? Baba knows that many of you become like *soda water*. Not all of you experience a high degree of happiness. Your intoxication will rise when all of this sits in your intellect. Baba is the only One who can teach you to become the masters of the world. Everyone in this world is impure. They all belong to Ravan's community. There is the story of how Rama took an army of monkeys and the things that he did. You now understand how Baba enables you to conquer Ravan and how He makes you similar to Lakshmi and Narayan. Children, when people ask you who is teaching you here, you should instantly reply that God is teaching you. Human beings have nothing in their intellect. They don't understand anything God says. A *teacher* would say: I will make you into a *barrister* or I will make you into so-and-so. They do teach them with that faith and the students do become that. Those students study numberwise, and they accordingly claim a numberwise status. Similarly, this too is a study. Baba is reminding you that your *aim* and *objective* is in front of you. You understand by studying here that that is what you will become. This is a matter of happiness. Those who study for the I.C.S. understand what they are going to do after they have finished their study. That they will build a house and do this and that. All of that goes around in their intellect.

Children, Baba sits here and explains to you. Everyone has to study and become pure. You have to promise Baba that you will never perform any impure action. Baba says: If you perform any wrong actions, all the income you have earned would be destroyed. This world is old; it's the land of death. You are studying for the new world. This old world is going to be destroyed; the *circumstances* are also such. Baba is teaching you for when you go to the land of immortality. Baba explains the cycle of the whole world to you. He doesn't have any books in his hands to read from. He explains *orally*. The first thing that Baba explains is: Have the faith that you are a soul. A soul is a child of God, the Father. The Supreme Father, the Supreme Soul, resides in the supreme region. Your souls also reside there. You come down from there numberwise to play your role on this huge, unlimited *stage*. You *actors* first come down onto this *stage* to play your role in the new world of Bharat. This is their *activity*. You also sing the praise of deities. Would deities be called *multimillionaires*? Those people have limitless wealth. Baba refers to them as "those people" because Baba is the unlimited One. This *drama* is fixed in such a way that Shiv Baba makes them wealthy and they, in return, build temples to worship Him on the path of bhakti. First, they worship Him, the One who made them worthy of being worshipped. Baba explains so many things each day so that your intoxication can rise. Then, those who understand, numberwise, and keep themselves busy doing *service*, can stay fresh. Otherwise they go stale. Children, you understand that when you used to rule in Bharat, there was definitely no other religion at that time. At first, there is only *deityism*. Afterwards other religions come into existence. You now understand how the cycle of the world turns. In a *school*, there would be an *aim* and *objective*. At the start of the cycle of eighty-four births it was the golden age and the deities used to rule. Children, you understand that this study is unlimited. For birth after birth you have been studying a limited study. It requires very deep faith to believe that Baba, the One who transforms the whole world, the One who *rejuvenates* the world, the One who changes hell into heaven, is teaching you. It is certain that although everyone will be able to go to the land of liberation, not everyone will be able to go to heaven. You now understand that Baba is removing you from this brothel, from this ocean of poison. This definitely is a brothel. When did it begin? You now also know this. It has been two thousand, five hundred years since Ravan's kingdom began and since the path of bhakti began. It was at that time that those who belonged to the deity religion fell onto the path of sin. They built temples to perform their worshipping. They built such a huge temple to Somnath! You have heard the *history* of that temple. You know what riches there were in the temple. Those who built it, must have been very wealthy at that time. There wasn't just one temple. There were many temples, but only this one is mentioned in *history*. The kings had built many temples. When they saw one another worshipping, they all started to do it. There must have been countless temples. It wasn't just one temple that was looted. There must have been other temples around that. At that time, the villages weren't very far apart. They were very close to one another because there weren't any *trains* etc. They lived very close to one another and then the population gradually grew. Children, you are now studying and the greatest Father is teaching you. You should have this intoxication. You must never cry or weep and wail in your homes. You have to imbibe the divine virtues here. You children are being taught at this most auspicious confluence age. This is the period in-between when you are transformed (*changed*). You have to go from this old world to that new world. You are now studying at the most auspicious confluence age. God is teaching you. He is transforming the whole world. He transforms the old world and makes it new. Then, you become the masters of that new world. Baba is bound to show you the way to do this, and so, children, you have to put everything that Baba says into practice. You understand that you are not the residents of this place. You didn't know that you used to have a kingdom. Baba has now explained why you are very unhappy in Ravan's kingdom. This is called the vicious world. Those deities are completely viceless. People here call themselves vicious. No one knows when Ravan's kingdom began and what happened. Their intellect is totally tamopradhan. Those with a divine intellect used to exist in the golden age. Therefore, they were the masters of the world. They were very happy. That is called the land of happiness. Here, there is limitless sorrow. Baba also explains what the land of happiness is and what the land of sorrow is, and for how long happiness lasts and for how long sorrow lasts. Human beings don't know

any of these things. You too only understand numberwise. The One who explains everything to you is the unlimited Father. Krishna cannot be the unlimited Father; it just doesn't feel right in the heart. Therefore, who can they call the Father? They don't understand anything. God says: You defame Me! Although I change you into deities, you have been defaming Me and you have also then been defaming the deities. Human beings now have such foolish intellects! They say: Remember Govinda (Krishna). Baba says: What foolish intellects! They say, "Govinda, Govinda, Rama, Rama", but their intellects don't know who they are remembering. It is those with a stone intellect who are called the ones with a foolish intellect. Baba says: I am now making you into the masters of the world. Baba is the One who grants salvation to all. The Father explains how caught up you get in your family etc. Whatever God says, that should be accepted in the intellect. However, because there is attraction to devilish directions, then how can one follow Godly directions. Who is Govind? What is He? They do not understand this. The Father explains. You say: Baba, you have explained to us many times before. This too is fixed in the *drama*. Baba, we are claiming our inheritance from You once again. We will definitely change from ordinary human into deities like Narayan. *Students* know what they are going to become and so, definitely, have the intoxication of their study. They have that faith. Baba says: You now have to become complete with all divine virtues. You must no longer become angry with anyone. The five vices do not exist in the deities. You must follow *shrimat!* *Shrimat* first of all says: Consider yourself to be a soul. Your souls have come here from Paramdham to play your role. Your bodies are perishable but your souls are eternal. Therefore, you must now consider yourself to be a soul. I, this soul, am a resident of Paramdham. I have come here to play my role. It is because you have become unhappy here that you say you want to go to the land of liberation. But who can purify you? You call out for that One to come. Therefore, that Father comes and says: My sweetest children, each of you must consider yourself to be a soul. Don't consider yourself to be a body. I am sitting here and explaining to you souls. It is the souls that call out: Oh Purifier! Come and purify us! The people of Bharat were pure. Now they call out: Purify us and take us to the land of happiness. You love Krishna. The kumaris and the mothers hold many fasts for Krishna. They go without water so as to be able to go to the land of Krishna, that is, to the golden age. However, they don't have knowledge and so this is why they force themselves to do all that. You also do everything, not just to tell others, but for yourself to go to the land of Krishna. No one is stopping you. Those people hold hunger strikes etc. in front of the Government House to force the Government to have compassion for them. You must not hold hunger strikes outside any place. No one here teaches you to do that. Shri Krishna is the *first prince* of the golden age. However, they don't know any of this. They have placed Krishna in the copper age. Baba explains: Sweetest children, *gyan* and *bhakti* are two separate things. *Gyan* is the day and *bhakti* is the night. Whose day and night? It is the night of Brahma and the day of Brahma. But no one understands the significance of this. Neither the gurus nor their followers understand this. Children, Baba has explained the significance of *gyan* (knowledge), *bhakti* (worship) and *vairag* (disinterest) to you. *Gyan* is the day and *bhakti* is the night, and after that comes *vairag*. No one understands this. The words "*gyan, bhakti and vairag*" are *accurate*, but no one understands the significance of them. You children now understand that through the knowledge that Baba gives, the day dawns. When the night begins, *bhakti* begins, because they stumble along in the dark. The night of Brahma means the night of Brahmins. Then, after that, the day dawns. *Gyan* is the day and *bhakti* is the night. In the night you are exiled and in the day, you become very wealthy. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

Ask your heart:

1. Does it sit in my intellect that I am receiving the treasure of happiness from Baba?

24/10/99

Morning Murli Om Shanti BapDada

Madhuban

2. Baba has come to make me into a master of the world. Therefore, do I behave according to that? Is my way of speaking according to that? Do I ever defame anyone?
3. Having promised to Baba to remain pure, have I performed any impure action?

Blessing: May you remain completely viceless by renouncing even any trace of impurity such as laziness and carelessness.

When something goes wrong in anything you do, or when you become lazy or careless, it means there is a trace of vice. This affects your stage of becoming worthy-to-be worshipped. If you don't experience yourselves to be fully awake at amrit vela, or if you have to compel yourself to sit in meditation, or you are lazy, then your worshippers will worship you out of compulsion or in a lazy way. So, renounce laziness and carelessness and you will then be able to become completely viceless.

Slogan: Whilst doing service, do not incur any wasteful expenditure.
