

**Essence:** Sweet children, only the one Father is the innocent Businessman who gives happiness to everyone. He takes all your old things and gives you new things. He alone is worshipped.

**Question:** What is the duty of your *Godly missionary*? What *service* do you have to do?

**Answer:** Your duty is to benefit all human beings, to give everyone the Father's message in order to make them satopradhan from tamopradhan. Tell everyone: Remember the Father who establishes heaven and you will be benefited. You have to give everyone an aim. Those who believe in the deities and who belong to your clan will understand all of these things. All of your matters are spiritual.

**Song:** No one is as unique as the Innocent Lord...

Om shanti. The Innocent Lord, Shiv Baba, sits here and explains to you. Only one Shiv Baba is the Innocent Lord. When people speak of "Gaurinath", "Gauri" is not just one Parvati. Gaurinath or Babulnath (the One who changes thorns into flowers) is the One who makes beautiful those who have become ugly. All the praise is of just the One. This is the human world tree, that is, the *drama*. When you recall a *drama*, you definitely remember its main *actors*. There is definitely the main couple of the *hero* and *heroine*. Here too, someone who is the main one is definitely needed. The Mother and Father are well known. They say that Shankar and Parvati are in the subtle region. No one knows anything fully about Brahma. They speak of Brahma and Saraswati, but they are not a couple. In fact, Shankar and Parvati are not a couple either. The world doesn't know Vishnu. The ornaments they have shown on him do not belong to him. Here, you would say that there is the couple Lakshmi and Narayan. The most innocent of all is the One who gives a lot of happiness. He is also the Innocent Businessman. He takes everything old from us and gives us new things. First of all it should enter your intellect who the highest of all is. Who is the One who gives the maximum happiness? The One who gives happiness to many is worshipped. All of these things have to be churned. Churning the ocean of knowledge is very well known. Therefore, think about it. The highest of human beings are Lakshmi and Narayan. OK, what happiness did they give that people remember their names or worship them? In fact, they did not give happiness. Yes, they were the masters of the land of happiness, but who made them like that? Where were they before they became that? If Baba didn't make them become that, where would they be? You children know all of this. Souls are never destroyed. Who taught them to perform such actions that they became so elevated? They must surely have received some teachings. The world doesn't know who they were in their *past*. You now know that Lakshmi and Narayan take 84 births and then, at the end, they become Saraswati and Brahma. So, should Lakshmi and Narayan be praised, or should the One who inspired them to make effort, the One who gave them their reward, be praised? These are such deep matters. You have to explain what Lakshmi and Narayan did when they existed. Their whole kingdom continued, but the praise of just the first one has continued. Shankaracharya came and created the creation of sannyasis and then also sustained them. Then he too reached the tamopradhan stage. So who can make him satopradhan? Maya has made everyone tamopradhan. Lakshmi and Narayan too were satopradhan. They then went around the cycle and became tamopradhan. It is the same for each and every one. No matter how big a status someone has, everyone has to *pass* through the stages of sato, rajo and tamo. At this time, all are impure. So who would make the tamopradhan world satopradhan once again? First of all you come into satopradhan happiness and then go into sorrow. This secret is now explained to you children. Since souls have to take 84 births, they definitely have to become tamopradhan from satopradhan. Everything definitely goes through the stages of sato, rajo and tamo. It is the same for *Preceptors*. They too are now tamopradhan. So who is the Highest on High who never becomes tamopradhan? If He too were to become tamopradhan, who would make Him satopradhan? In that case, it would be that one's greatness. By churning the ocean of knowledge in this way, you can then relate the *points* you like that touch your heart. Only the Innocent Lord, the Supreme Father, the Supreme Soul, is the Bestower of Salvation for All and the One who makes everyone satopradhan. Everyone comes away from degradation and receives liberation and salvation. Those who come down first of all numberwise will pass through the stages of satopradhan, sato, rajo and tamo and then definitely become

tamopradhan. When souls come down, they first have to experience happiness; they cannot experience sorrow first. People do not realize that that soul is a new *soul* and that is why he has so much happiness and respect. Now everyone's stage is tamopradhan. All the elements and the mines etc. are tamopradhan. All the things that were new have now become old. Grain, flowers and fruit there will be so good. Children have been given visions of that. Daughters go to the subtle region and say: Baba gave us subiras (nectar of mango juice) to drink. Surely, the highest Father would give you the highest things. It should remain in the children's intellect that only the one God is the Highest on High. Everyone remembers Him. They speak of *God*, the *Father*. *God* resides up above. Souls remember *God*, the *Father*, because they are unhappy. So the Father, the Innocent Lord, comes and gives happiness. So why would you not remember Him? The soul says: When I am unhappy in this body, I remember the Father a lot. When Ravan the enemy causes you sorrow, you remember the Father. All of us souls remember God when we're unhappy. Then, when we souls are living in heaven, we don't remember the Father. The soul says this. Souls call out to the Father. They don't know His *occupation* or *biography*; they know nothing at all. Neither do they know the secrets of the *drama* and how a soul goes through the cycle. You children now know that it is Maya, Ravan, who causes sorrow. The kingdom of Ravan began in the copper age. This too has to be explained because no one knows that Ravan is the oldest enemy of all. *Partition* etc. took place by following his directions. You children now understand that you are making Bharat into heaven by following shrimat. He alone is the Bestower of Salvation for All. Only when He comes does He carry out His tasks through Brahma, Vishnu and Shankar. He alone is the Highest on High. No one knows His *biography*. This play is made in that way. Therefore, Baba explains that Ravan is the biggest enemy of all. You have to conquer him. He explains to those who understood this in the previous cycle. They are the ones who come and change from shudras into Brahmins. Now, just think about how the population will continue to increase from the golden age to the end of the silver age. So, you have to do the *service* of giving knowledge to so many. The seed of knowledge has to be sown in so many of them. Knowledge is never destroyed. Even those engaged in war have to be uplifted. Wherever those of our deity clan are, they will emerge again. Those people in war are told: Those who die on the battlefield will go to heaven. However, no one can go to heaven just by their being told about it, unless you give them the aim. Only you Brahmins are able to give this aim. Everyone has to die. Muslims remember Allah, Sikhs remember Guru Nanak. However, they are not able to go to heaven. Only at the confluence age can you go to heaven. So, apart from you Brahmins, no one can give this mantra to those who engage in war. The One who makes you into masters of heaven is the one Father, the Highest of All. It is fine to say that God says: "If you die on a battlefield, you will go to heaven", but which war is He referring to? There are two wars. One is spiritual and the other is physical. You can also give knowledge to people who fire bullets. It is also mentioned in the Gita: Manmanabhav. Remember your Father and heaven and you will go to heaven. Only when it is the confluence age can you go to heaven. Those are physical matters whereas all of these are spiritual matters. Our war is in conquering Maya. When a person is dying, he is given a mantra. Those people go to die and so give them the Father's message. One day the *Government* will also tell you to give everyone this *knowledge*. You are the *Godly missionary*. Your duty is to benefit many. Tell them: Remember God. Heaven is now being established. When they hear this, they will become very happy. Those who belong to this clan will believe you. Only those who believe in the deities will understand these things. So you have to benefit everyone. Without remembering the Father, you cannot go to heaven. Only when you remember the Father who establishes heaven will there be benefit. Baba has explained that those engaged in war carry those sanskars with them and so they come and fight again. Such souls carry those sanskars. They cannot go to heaven. Those who serve Bharat have to receive the fruit of that. Therefore, you have to serve them too. Explain to their seniors. Your influence will spread. They will ask you to go to them and give lectures. For instance, a *Major* invited Baba to come. You have to push your way in everywhere in order to explain to them. By explaining to the seniors, many juniors will also come. However, if you first explain to a guru, his disciples would say his head is spoilt, and so they would remove that guru and give the gaddi to someone else, because these things are completely new. Not a single human being in the whole world understands the

Gita fully. They say: The flames of destruction truly emerged from the sacrificial fire of the knowledge of Rudra. However, they don't know what happened after that. People don't know anything at all. At this time, all are tamopradhan. Even Christians believe that Christ exists here in the form of a *beggar*. Then who would make him wealthy from a beggar? The Bestower of Salvation for All is the one Supreme Soul. Therefore, if you children sit and explain very well, you can benefit many. The Father, the Creator of heaven, is the Purifier and so you have to follow His shrimat. Those who are worthy will emerge. Only those who have the accurate meaning of the discus of self-realisation and manmanabhav in their intellect are called Brahmins. Without becoming a Brahmin, one cannot become a deity. Many subjects are to be created. Everyone who is to come up to the end of the silver age has to receive this mantra. The arrow will only hit those who belong to our clan. Your arrows are now being filled with power. Then, at the end, many powerful arrows will be shot. Sannyasis were also shot with arrows. They then understood that it truly was God who shot those arrows. Your arrows of knowledge are now becoming very powerful and *refined*. There is just the one main arrow of manmanabhav. It has been explained to you accurately that this is the confluence age. It is from here you will be able to go to heaven. The mahabharat War is just ahead of you. That is a battlefield and this too is a battlefield. It takes effort to conquer Maya. Many ordinary subjects are to be created. Those who are not going to become part of this clan will not be able to remember Baba. If you continue to churn the ocean of knowledge for *service*, you will remember *points* of knowledge. In the battle too, they churn an ocean of knowledge: If we do this, we will be victorious. Their intellect continues to work on that and they also *practise* it. When they become powerful, they go to the battlefield to fight. Many people will come to you. There will be a crowd of devotees on God's doorstep. They will come like mosquitoes. There isn't as much of a crowd in front of the *Prime Minister* or *kings* and *queens* as there will be of devotees in front of God. They will come with that bhavna. They won't have any bad intentions. This One is the incorporeal Father, is He not? Therefore, you understand that there has to be a crowd of devotees in front of God. Everyone has to come here. You have your very *accurate* non-living memorial here. There is the image of Shiv Baba. There are also Jagadpita and Jagadamba. There is also your *group* of the Shakti Army of the present time. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. In order to become deities from Brahmins, keep the *accurate* meaning of the discus of self-realisation and manmanabhav in your intellect. Do the service of giving everyone an aim.
2. In order to conquer Maya, churn the ocean of knowledge and go into the depths of knowledge and extract jewels.

**Blessing:** May you be a *master* almighty authority and with the power of a divine intellect experience *touchings* from God.

A divine intellect is referred to as the power of the intellect, and it is with this power of the intellect that you can *catch* all powers from God and become a *master* almighty authority. Scientists have the power of the intellect, but that is a worldly intellect, and that is why they can only think about this world and the elements of nature. You have the power of a divine intellect that enables you to experience Godly attainments. With a divine intellect, you can experience in every act God's *pure touchings* and thereby experience success. With the power of a divine intellect, you can defeat Maya.

**Slogan:** Together with being a *hard worker*, also become *hard* (strong) in your stage.
