

Essence: Sweet children, your remembrance is *uncommon*. You remember the One whom you don't see with your eyes, and by remembering Him your sins are absolved.

Question: Which one habit should you renounce so that all virtues automatically develop?

Answer: You have been body conscious for half the cycle, and that habit has become firm. Now renounce that habit. Remember Shiv Baba who is the *most beloved*. When you don't have remembrance of bodily beings, all *qualifications* develop and all *defects* will be removed. The soul will then become an ocean of purity and the mercury of happiness will remain high. All virtues will automatically come.

Song: Salutations to Shiva...

Om shanti. You children heard praise of your unlimited Father, and that unlimited Father is personally sitting in front of you children. It should definitely enter the intellect of every one of you children that you are sitting personally in front of Shiv Baba, whose praise this is, and are claiming your inheritance of constant happiness for 21 births. When you remember this, your mercury of happiness would rise high. It shouldn't be that you remember this when you are in front of Baba and then you forget it. No! You shouldn't forget. You children know that you are claiming your fortune of the kingdom once again. Therefore, your intellect goes to that incorporeal Father. You can know Him with your intellect. Day and night, you should remember that you are claiming an inheritance for your future 21 births from the unlimited Father. Faith is always firm anyway. When you have faith in your physical parents, you don't doubt them, do you? However, these are new things. You can know the Father with your intellect. You children know that you now belong to Shiv Baba and that you are to receive your inheritance from Him. We receive our inheritance from that Father every cycle. You remember Him with your intellect. Baba, we are once again receiving the kingdom from You. We have a right to it. Since we have a right to it, we must definitely remember the Father. You claim an inheritance from your physical father and you remember that a great deal. The *uncommon* thing here is that your sins are absolved by remembering the Father. This is why you have to remember the Father. You *automatically* remember your physical father. You can see him with your eyes. As soon as a child is born, he calls out: Mama, Baba. This Father is not visible through these eyes. You have to remember Him with your intellect. You have become the children of Shiv Baba through Brahma and you continue to make effort according to shrimat to claim your inheritance for 21 births. The main thing in this is purity. To the extent that you remember Him, your intellect will accordingly become pure. Don't think that you are His children anyway. If you don't remember the Father, your sins won't be absolved. Many children believe that they are His children anyway, and so they don't remember the Father. People say: Say "Rama, Rama" with your mouth. However, they don't have a picture of this Rama (Shiv Baba). This is why their intellect's yoga goes towards that Rama. Everyone has forgotten Shiva, the Bestower of Salvation. You now know that Shiv Baba has come. First the Creator, Shiv Baba, must have come, for only then could He have created heaven. After that, there was the kingdom of Rama. You are now claiming your inheritance from the Father to rule in the golden and silver ages. This should continue to work in your intellect. The Supreme Father, the Supreme Soul, Shiva only comes once. Rama, Sita, Lakshmi and Narayan also only come once. Although they take rebirth, their name, form, time and place all change. Rama and Sita also take rebirth to experience their reward. All of this knowledge should trickle into your intellect and you will remain happy. It is very easy to explain to anyone. You can receive your inheritance from the Father, the Creator of heaven, at this time. Everyone remembers the unlimited Father. The Father creates a new world and so everyone becomes happy. At this time, everyone is unhappy. This *drama* is created of happiness and sorrow. Who rules when there is happiness? Lakshmi and Narayan, and then Rama and Sita in the silver age. You know that the kingdom of this clan continues for this many years. Christians believe that their Christ created their kingdom. Then Edward I, then Edward II, continued to rule the kingdom. It becomes the *past*. The people of Bharat do not know anything at all. You children know that there used to be the kingdom of Lakshmi and Narayan in the golden age, and that it was called heaven. Only the Father establishes this. Only when He comes into the impure world can He purify you. You should remember that we are claiming our unlimited inheritance from that Father by

following shrimat and imbibing knowledge. You shouldn't forget this. Truly, Shiv Baba also came in the previous cycle for there is His memorial. He has now come once again. First incorporeal Shiv Baba comes and then He changes you into deities. Lakshmi and Narayan will rule in the golden age in a *practical* way, and then, on the path of bhakti, they will become worshippers and create images etc. There is no *accurate* image of Lakshmi and Narayan. They will then exist in the *practical* form. Shiv Baba is now teaching you through Brahma in a *practical* way. These matters are so straightforward. In no other *school* would they say that you souls are studying or that the soul of a *teacher* is teaching you. There, human beings teach human beings. In fact, it is a soul that teaches. It is a soul that studies through his *organs*. The soul says: I have now become a *barrister*. He becomes a *barrister* through *knowledge*. These things here are *wonderful*. Incorporeal Shiv Baba is speaking to incorporeal souls. The sanskars remain in the soul. People forget that. The incorporeal Father explains through this one. He has just the one name, Shiva. You too say: Shiv Baba, and your intellect goes upwards. By remembering your physical father, you remember his body. Shiv Baba has no body. The temple of God is of the One with an incorporeal image. Deities are subtle beings and human beings are corporeal beings. He is incorporeal Shiva. You souls are now becoming *knowledge-full*. The Father says: I am incorporeal. I have the *knowledge* of the beginning, the middle and the end of the world. I teach you through this one's mouth. You too become *knowledge-full*, the same as I. No one except the incorporeal Father can give you this *knowledge*. Incorporeal God is called *knowledge-full*, *blissful* and the Purifier. Baba says: It is I alone who change the old world and make it new. Just as I, the Incorporeal, have the *knowledge* of the whole tree, I make you souls the same. You souls also become *knowledge-full* in the same way. I make you equal to Myself. By listening to the *knowledge* of the beginning, the middle and the end of this world, you will become rulers of the globe. Human beings cannot make human beings into deities. The Father is the Ocean of Knowledge and the Ocean of Purity. He makes you children equal to Himself, and so you should have all virtues. Then, when you become deities, your *qualification* will change. The *qualification* of the Father is different. He is the Ocean of Knowledge and you also have to become that. The Father is the Ocean of Purity and we remain pure for half the cycle. The Father says: According to the *drama*, you become impure and then I come and make you pure for 21 births. You simply have to follow shrimat and remember Me and none other. I make you into the masters of heaven. If you forget the Father and remember anyone else, you will become *defective*. Shiv Baba is the *most beloved*. He is the loveliest Father. Your name is remembered: Salutations to the mothers. You souls are becoming pure. You become pure and make Bharat into heaven and this is why your name, the Shiv Shakti Pandava Army, is very well-known. You are also Pandavas because whilst on the pilgrimage to the supreme abode, you are on the battlefield in order to conquer Maya. You children know that you have to become *master* oceans of knowledge and oceans of purity, like the Father. The arrogance of the body has to break. For birth after birth, you have been adopting a body, and so that habit has become very firm. You now have to renounce that habit. The Father is incorporeal, so how could He have arrogance of the body? You too have to shed your old body and come to Me. When destruction takes place, there must be a reason for it to happen. Only the things that are *not worth a penny* are destroyed. Baba is now making you worthy of going to heaven. There, there is constant happiness. There are the lands of happiness and peace, and this is the land of sorrow. It is Ravan who made you peaceless, and then there is the Supreme Father, the Supreme Soul, who makes you peaceful. Some ask for peace of mind. Ask them what type of peace they want. This is the land of sorrow. Do you want to go to the land of happiness? Remember the Father and you will go to the land of happiness. It is Ravan, Maya, who is present here, who makes you peaceless. Ravan who makes you peaceless doesn't exist at the time of liberation or liberation-in-life. This is why you now have to return to your home. If you want to come to the golden age, then come. Every soul definitely wants liberation-in-life. It isn't that everyone will receive liberation-in-life in the golden age. Only you children go there. However, all the other souls who come down from above are first in their liberation-in-life. They do not have a shadow of Maya over them. You become satopradhan and then go through the stages of sato, rajo and tamo. Even though Maya exists, the (new) soul definitely has to experience happiness. There cannot be any sorrow for that soul because he is pure. Then, when the soul becomes

impure, he experiences sorrow. It isn't that he experiences sorrow as soon as he comes here. This play of happiness and sorrow has been created. Baba continues to think that a *board* should be put up in order to tempt people. When people simply see the pictures they become confused. For instance, if you display a picture of Shiv Baba and below that, you write, "*Deity World Sovereignty is your God-Fatherly Birthright*", when people see that image, they will say: God cannot be like that. What is the form of God? Even then, it is written: Brothers and Sisters, come and make effort to claim your inheritance of constant happiness for 21 births from the unlimited Father. Only when they come to you personally can you explain this to them. You send invitations. Day by day, everything has to be very *short*. Towards the end, everything will continue to be very *short*. Manmanabhav! Remember the Father and claim your inheritance from Him. Therefore, write: Brothers and Sisters, come and claim the kingdom of heaven from the Father for 21 births before the war takes place. The gates of heaven will open through this war. The world doesn't know this. You know that Bharat will become the land of happiness through this war. People are making effort to prevent the war. You know that the great destruction will take place through this Mahabharat War. All souls definitely have to return home because the play has ended. You will all then come down to play your *part* again. Therefore, you should write tactfully. You are spiritual guides. Those are physical guides, bodily beings. You consider yourself to be bodiless souls, separate from the body. You know that the Father will take you souls back home so you should write: Come and claim your inheritance from the unlimited Father. You must definitely write the word, "Incorporeal". You know that Baba has come on to this field of action. We too come from there. All souls are *actors* and are *imperishable* and *immortal* souls. They never die. You should develop this faith very firmly. We have claimed our inheritance from Shiv Baba many times and will do so again by making effort. You know that Shiv Baba is giving you the inheritance of heaven, and so why should you not take it from Him? If you remember the Father and the inheritance of heaven, your final thoughts will lead you to your destination. However, simply by saying "Rama, Rama!" you will not receive liberation. People print in the newspapers: So-and-so became a resident of heaven. Ask them: What do you call heaven? This is hell so rebirth would surely also be in hell. If this were heaven, then rebirth would also be in heaven. If someone sheds his body and goes to heaven from hell, he would receive lots of material comforts there. So then, why do you call him back from heaven into hell to feed him things of hell? If you feed him the food of hell, his intellect would become like that. As the food you eat, so your mind. Rivers of milk and ghee flow in heaven. Here, you eat food prepared with kerosene. In Shrinath Dware, they offer food cooked with pure ghee because they have the images of Radhe and Krishna there. So, in remembrance of them, they prepare very good bhog and offer it to them. At no other place do they offer such bhog. There is also the Jagadnath Temple. There, they offer bhog of rice. They don't offer any rich food. It is now hell and so there is sorrow. In heaven, there was happiness. The Father explains very clearly. However, dharna is numberwise. This too is fixed in the *drama*. According to the *drama*, maids and servants also have to be created. Some will definitely claim a *third-class ticket*. *First-class* is the sun-dynasty kingdom, *second-class* is the moon-dynasty kingdom and *third-class* are the subjects. It is numberwise among them too. Whosoever wants whichever ticket can claim that. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become an ocean of knowledge and an ocean of purity, like the Father. Practise being bodiless.
2. Make your intellect pure by remembering the Father. Always maintain the intoxication that you are claiming an inheritance for 21 births from the unlimited Father.

Blessing: May you be unshakeable and immovable and with the awareness of "*nothing new*", end all questions by putting a full-stop.

When anything happens, you children have the knowledge of “*nothing new*”. Every *scene* has been *repeated* innumerable times. With the awareness of “*nothing new*” you never come into upheaval. You always remain unshakeable and immovable. When something new happens, you would say in amazement: What is this? Does this happen too? However, when there is “*nothing new*”, there is no question of what? or why? Instead, there is a *full-stop*. In this way, continue to put a full-stop to every scene that you see and you will continue to sing songs of praise even in distress.

Slogan: A true server is someone who becomes a *master* sun of knowledge and gives everyone *light* and *might*.
