

Essence: Sweet children, you have to go to your *sweet home*. Therefore, end your accounts of give and take of the old world and settle your karmic accounts. Become conquerors of sinful action with the power of yoga.

Question: Why do you children become *lighthouses* and have yoga with the Father?

Answer: Because you have to take everyone across the salty *channel* of this hell. You sit in yoga in order to go to the land of liberation and the land of liberation-in-life and give everyone a *searchlight*. You are also spiritual guides. You have to show everyone the way to your *sweet home*. Give everyone the wings of knowledge and yoga.

Song: Oh Beloved, come and meet me...

Om shanti. It has been explained to you children that when the night becomes totally dark, the Beloved of you lovers comes, that is, the Bridegroom of you brides comes. Why are you called brides? Because when souls are with these bodies, they are brides. Brides remember their bodiless Bridegroom. The Father says: O children, you know that the Supreme Father, the Supreme Soul, comes from the supreme abode, enters this body and teaches you. He tells you deep things. The Father has explained: Children, consider yourself to be bodiless. I am a soul. This is my body. The soul has developed the faith that it is now extremely dark, that the world is tamopradhan. This world is now to be destroyed. The Father has come to take us back. By going back in the bodiless stage, there will be dead silence. When a soul becomes bodiless, there is dead silence in that home. At night, the soul is in the body, but the soul is tired and therefore becomes bodiless. It doesn't have awareness of the body, and that is called sleep. You children have to sit here and consider yourselves to be bodiless. So there will then be the peace of dead silence. You will understand that you are sitting here bodiless. When even one person goes away from the home, there is such silence without that person. So, when all these souls leave, and everyone's body is destroyed, there will be so much dead silence. Millions of people will die. This is your unlimited home. All souls will return home. You know that the Father is the Ocean of Knowledge. If He were to be omnipresent, everyone would be the Ocean of Knowledge and the Purifier. However, it is not like that. The Father sits here and speaks to you children. Just as I, the Supreme Soul, am a *Star*, so you too are *stars*. It is just that I don't enter birth and death whereas you have to go into rebirth and play your *part* of 84 births. Just as you are souls, I too am a Soul, but each one's praise is individual. *President* and *Prime Minister*, each has his own *part*. In the same way, *My part* is also different. I am *knowledge-full*. I now give *knowledge* to you children. You know that you are going to Baba's home. Baba has come to take us back. Baba is our *Guide* and *Liberator* and liberates us from sorrow. You are the Pandava Army. You know that we are on a pilgrimage. Our Guide is the Supreme Father, the Supreme Soul, Himself. You too show everyone the path. So, you Brahmins are spiritual guides. Those brahmins are physical guides. You have to ask everyone if they will go on the pilgrimage with you. Ask your friends and relatives: Will you go on this spiritual pilgrimage? For instance, when someone goes on a pilgrimage, he asks all his close family whether they will also go on the pilgrimage with him. Similarly, the Father asks you: Will you go on the pilgrimage? Only the spiritual Guide can teach this spiritual pilgrimage. He alone knows the way to the *sweet home*. Physical guides can become spiritual, but the spiritual Guide cannot become physical. The Father would not tell you to go on physical pilgrimages. You can only become a guide to a place when you have already seen it before. There isn't anyone who has seen the *sweet home* and can take you there. They don't even know the *sweet home*. The wings of the soul have been cut off. Souls can't receive wings until the Father comes. No one can mend them until then. Only through yoga will you receive wings. Everyone has to return. Some become conquerors of sin with the power of yoga and some settle their karmic accounts through punishment. All the karmic accounts of sorrow are to be settled. This too is fixed in the *drama*. When you are in a womb you have a vision of the sins you have committed, and you experience punishment in the womb and then come out. Now, countless people are to die. All have to settle their karmic accounts. By finishing the account of give and take in the old world you are now accumulating your karma for the new world. The Father says: Stay in yoga and your sins will be absolved. Then, by spinning the discus of self-realisation, you will accumulate a lot of wealth. You receive *health* through yoga and *wealth* through knowledge. To

the extent that you remember the Father, accordingly, you will receive a body that is free from disease. The world doesn't know these things. They consider Vishnu to be a spinner of the discus of self-realisation. They have given him the conch-shell, discus, mace and lotus. He doesn't have to blow a conch-shell. You have this conch-shell. You blow it. You say: Manmanabhav, madhyajibhav! It is so easy. You are *lighthouses*. You show everyone the path to the land of liberation and then you will go to the land of liberation-in-life. You have yoga and you give the *searchlight* to take everyone across the salty *channel* of hell. You have to go to the land of liberation. You then give the *searchlight* to go to the land of liberation-in-life. This is the unlimited *drama*, which continues to move like a louse. We are *actors* and we have a *part* of 84 births in this *drama*. No one knows that God came and taught us easy Raja Yoga. God has to come at the confluence age of the cycle. You now know that you met Him at the confluence age of the previous cycle and that you will continue to meet Him. Many children will meet Him. Some children are influenced by bad company and thereby stop studying. Whilst moving along, their heart becomes attached to someone else and the intoxication of the study is lost. There is very good intoxication of study when celibate. Only a few rare ones take up study after marriage. Some *pass* that study very well and others take *time* because by indulging in vice, one is unable to imbibe. A soul imbibes a worldly education or the spiritual education. The sanskars of becoming a *barrister* are in a soul, and so that soul carries those sanskars with himself. That soul then takes birth and studies to become a *barrister* again. You don't need to study to become an *engineer* or a *barrister* there. Your intellect *automatically* remains satopradhan there. You know that, just as you built palaces in the previous cycle, you will begin to build them again in the same way. The *drama* will make you do the same things again that you did in the previous cycle. You won't have to make effort. However, you will have to learn the language. There, you will go to *school* in vimans (small aeroplanes). The houses there are very big. One home will be as big as the *area* of the whole of Abu. Then, there would be another palace in an area of similar size. There is a lot of land there. Even the subjects would have a lot of land; they too would have big palaces. Look how many people there are in Bombay now! Bombay will not remain. There won't be Karachi. Everyone will be living by the banks of the sweet rivers. All the rivers will flow under control. None of them would even dare to overflow. All the elements will be in *order*. You are conquering the elements. You rule even the five elements. They will never cause mischief. Therefore, you have to follow the Father's shrimat. The Father says: Lust is the greatest enemy. Conquer it. Otherwise, you won't receive an inheritance. If you *fail* at this time, you will *fail* every cycle and then you won't receive another *chance*. When a student *fails* in worldly education, he studies again. You won't receive that *chance* here. This is a *chance* of every cycle. The attainment is very high. You have to explain: Sannyasis say that it is *impossible* for both to remain pure. Tell them: No, it is *possible*. Why is it *impossible* for sannyasis? Because theirs is hatha yoga; they renounce their home and family and go away. Then that same Shankaracharya will come. Bharat begins to become impure and so sannyasis come and support it. They receive the fruit of that one's (Shankaracharya's) service in that they become gurus of even the *Government*. The respect for you children is the greatest. No one else can have the income that you have. Even by giving one paisa, poor ones receive a palace. You have visions of the instant fruit through divine vision. The Bestower of divine vision comes and teaches you. How else would you know about your *aim* and *objective*? This is why visions are given to mothers. Meera did so much tapasya, but she was unable to become a master of Paradise. The Father says: I am the One who grants visions. By receiving divine drishti for a *second*, you go and *dance* in Paradise. There is no question of tapasya etc. in this. On the path of bhakti, people have visions after doing a lot of intense bhakti. I hold the key to divine vision in My hand. I don't give it to anyone. On the path of bhakti, I grant visions whilst sitting there (in the home), whereas I make you children the masters of the world. There are many types of people in the world. Some are engrossed in wealth, some are engrossed in *science* and others are engrossed in something else. However, beside you, all of that is *not worth a penny*. Everyone's wealth is to turn to dust. Everything will turn to ashes. Some people's wealth will remain buried underground. Many thieves will also loot it. Each and every one loves those who are the same as themselves. As soon as they see others, they become hot-tempered. Day by day, you will see how so many people will continue to be killed.

People want everyone to go back to their own *birthplace* (country), and so they deport them from their own country. You children claim your inheritance by remembering the Father. You know that you are bodiless souls. You have now completed your *part* of 84 births. There are 5 to 6 billion souls. Baba would not tell you the life-story of each one of them. He would only tell you the story of the main ones. You are the main ones. Your temples have been built. There would be many children of Jagadamba and Jagadpita. There is also the memorial of Paradise. Their living temple is in the golden age. Not all *actors* of heaven can be accommodated in the non-living temples. The temples are just a memorial in the form of a *model*. The temple to Lakshmi and Narayan is so small. In the golden age, the living temple will be so big. There will be so many gardens and parks. The Mughal Gardens are nothing beside those gardens. The fruit etc. there will be so good, don't even ask. There is the difference of day and night. As a tree grows old, it begins to die after bearing fruit. It is then said that the tree has decayed. Everything of this place has to end. Mangoes there will be *first-class*. You are now establishing your kingdom by following shrimat. So you have to follow shrimat. You also have to become pure. There is nothing difficult about this. By becoming pure in one birth, you will rule a kingdom in heaven for 21 births. Who would be such that they wouldn't become pure and follow shrimat? You know that Bharat was the land of truth. There was the true kingdom there. This is now the land of falsehood. People continue to tell lies about everything. They say: So-and-so merged in the light, or went to the land of nirvana. You now know that the land of nirvana is the place of residence. You tell everything accurately. The Father is called the *Truth*. He establishes the land of truth. Devotees remember God for birth after birth, but they don't know God. That Beloved now gives you children your fortune of the kingdom and hides Himself away. This is why it is said: Only You know Your ways and means. Therefore, surely, no one else knows them. Oh God! Only You know Your ways and means. No one else can know them. What happens through shrimat? You receive liberation and salvation. Only you know this. The Father is now giving you children shrimat: Consider yourself to be a soul and remember Me. Would a *teacher* promise that He would enable the students to sit on the seat of a *barrister*? Students themselves study and sit on the seat of a *barrister*. The Father says: To the extent that you remember Me, accordingly you will be liberated from all your sins through yoga. By remembering Me, it is as though you souls are coming to Me. You also have to keep your *chart*. Some people's *chart* would be of half an hour, and others would have a chart of one and a quarter hours. Some will not have a chart of even 5 minutes. Some have a very good *chart*. You will have visions of this. At *school*, *teachers* and the *students* themselves would understand with how many marks they will get. You cannot be made to sit numberwise here. You would then be disheartened. This is why the rosary cannot be created now. Maya makes even good ones fluctuate. If you don't follow shrimat, Maya will punch you. This requires effort. We are all now going to the supreme abode. Our 84 births are complete. Baba has come to take us back. Therefore, you have to remember the Father. You also have to give others this mantra. You don't have to chant any mantras. Gurus give many different types of mantra. The Father says: Remember your Beloved. The Beloved has come to the lovers. Souls of the whole world are the lovers who remember Him. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Never stop studying because of being influenced by bad company. Do not attach your heart to bodily beings.
2. The way to become liberated from sins is to have remembrance. Therefore, definitely keep a *chart* of remembrance. Promise yourself that you will stay in remembrance.

Blessing: May you be worthy of receiving *blessings* and through having *balance*, give a vision of your *blissful* life.

Morning Murli Om Shanti BapDada

Madhuban

Balance is the greatest art of all. If you have the *balance* of remembrance and service, you will continue to receive *blessings* from the Father. By having *balance* in everything, you will easily become *number one*. *Balance* will enable you to give souls a vision of your *blissful* life. Whilst constantly being aware of *balance*, continue to experience all attainments and you will continue to move forward and also make other souls move forward.

Slogan: A mahavir is someone who makes difficult things easy and changes a mountain into a mustard seed or cotton wool.
