

Essence: Sweet children, promise that you will definitely *pass with honours*, that you will never have doubts in your intellect about the Mother and Father and that you will always be obedient and follow shrimat.

Question: What aspect do you children have to be very careful about whilst with *boxing* Maya?

Answer: Whilst *boxing*, be very careful that you don't develop doubts about the Mother and Father. If there is impure arrogance or impure attachment or greed, your status will be destroyed. You should have pure greed and full attachment for the one Father in order to claim your unlimited inheritance of heaven. You have to die alive. I belong to the one Father and I will claim my inheritance from the Father alone. No matter what happens, promise yourself this. Become the real children and there will be unlimited attainment. When you have doubts you lose your status.

Song: The heart desires to call out to You...

Om shanti. The meaning of "Om" is very easy: *I am* a soul. *I am silence*. The soul is definitely *immortal*. Who is explaining this? The unlimited Father. There are many children. Amongst them too, only a handful out of multimillions, and only a few of that handful, understand. You children know that the unlimited Father is making you worthy so that He can give you the inheritance of unlimited happiness. We deities who were worthy of worship were the worthy masters of the world. Bharat was the Golden Sparrow. Bharat at that time was *righteous, lawful and 100% solvent*. The Father explains this. Truly, we were so worthy. We were the masters of the world. The Father is now giving us the right to be able to rule over the whole world. Maya has made you so bankrupt that you are not even worth a shell. You only perform *unrighteous* actions. Only the one Father teaches you *righteous* things and He is also called the *Truth*. You used to sing to Him: You are the Mother and Father. You are sitting personally in front of Him and are making effort to claim your unlimited inheritance from Him. You know that you belong to Him. The Father also says: You belong to Me. At this time, no one knows Me, the Father. Sometimes you say: He is beyond name and form. Sometimes you put Me into every name and form and say: God is in all the pebbles and stones. There are innumerable religions and innumerable opinions. Therefore, Baba says: Renounce all of those bodily religions. The soul says: I am a Christian, I am a Muslim. You have to forget those bodily religions. The Father now says: Beloved children, when you say "Mama, Baba" no one can ever forget Mama and Baba. Here, the *wonder* is that children forget such a Mother and Father from whom you receive the inheritance of 21 births. You remembered your physical parents for birth after birth. This is now your final birth. You have the faith that the same Father truly comes every cycle and makes you into deities. So, then, why do you forget such a Father? Children say: According to the *drama*, we also forgot You in the previous cycle. Some belong to the Father and then leave Him. Those who were amazed by knowledge, who belonged to God, listened to knowledge and related it to others were then affected by Maya and ran away. Maya doesn't separate you from your physical parents. Some children do divorce their father. The parlokik Father makes you worthy of heaven and gives you such a huge inheritance. Those are the limited parents, whereas this One is the unlimited Mother and Father who gives you the sovereignty of heaven. Even when you have faith, why do you divorce such a Father? Good children stay here for 5 to 10 years, play a good *part* and are then defeated. This is a battlefield. You must never stop remembering the Father. When remembrance is reduced, there is great damage. Maya conquered many children. She swallowed them raw. She swallowed even those who were like the great ajgars (pythons). You are becoming Maharathis, so Maya makes you fall and completely swallows you. Very good *first-class* children who used to go into trance, on whose *directions* the mother and father played their part, are no longer here today. What happened? They developed doubts about some things. Baba explains: Those who have faith in the intellect become victorious whereas those who have doubts in the intellect are led to destruction. Such ones then reach such a low stage. You come here to claim from the Father your full inheritance of becoming *princes* and *princesses*. What would your status be if you became those who were amazed by knowledge and then ran away? You would become part of the subjects with a low status. There will also have to be a lot of punishment. There are the *Chief Judges* etc. in that *Government*. Here, all are One. The Father says:

I come to make you pure from impure. If you do not become totally pure, you will become the impure of the impure. If you *disregard* the Almighty Authority Father, there will be very severe punishment from Dharamraj. These matters have to be understood. You say, "You are the Mother and Father." Therefore, you have to follow His directions. Whilst following the directions of Shri Shri, you have to stay in complete yoga. You were elevated. You will take 21 elevated births in the sun dynasty and the moon dynasty and become emperors and empresses. You need the directions of Shri Shri in order to become elevated. Only the One is called Shri Shri. Deities are only called Shri. At this time, there is the devilish community, that is, those who follow the dictates of 5 evils. You children now receive the directions of Shri Shri through which you become Shri Lakshmi and Shri Narayan. You receive this *title*. You receive your fortune of the kingdom. In the golden and silver ages, there are the crowns of purity and jewels. The sun and moon dynasties are shown with crowns. Only the emperors and empresses are shown with crowns. The subjects are not shown with crowns. Then, when they become impure in the copper age, they are not shown with the crown of *light*. Impure kings and queens worship the pure kings and queens. At this time neither crown exists. They have become crown-*less*. This is Government of the people by the people, which is called the People's Government. You are Pandavas. You too have no crown. You have become so wise. You know the incorporeal world, the subtle region and the corporeal world, that is, the beginning, the middle and the end of the world. You know that you are once again becoming *double-crowned*. You receive both *health and wealth*. The unlimited Father is teaching you and so you are *students* of the Pandava Government. God speaks: I teach you Raja Yoga. In the Gita they have simply changed the name. Because of the confluence, they have caused this mistake. You are now receiving an inheritance from the unlimited Father. You receive happiness in the golden and silver ages and then, from the copper age onwards, memorials will begin to be built in your name. The memorials of those who die here are created here in the land of death. Your memorials will not remain in the land of immortality. Your memorials will be later in the copper age. Therefore, all of them that you see began to be built in the copper age. No one knows who Jagadamba, Adi Devi etc are. They should know this. People should know about the beginning, middle and end of the *drama*, should they not? Even Lakshmi and Narayan are not aware of it. The Father is *knowledge-full*. We are His children, and we have become *master knowledge-full*, numberwise, according to our efforts. The Father is the Ocean of Purity and we are also becoming that. Souls that have become impure become pure again. However, no one can become pure by bathing in the Ganges. Only the one Father is called the Purifier. You are sitting personally in front of Him. Once you have faith, that's it! Children never forget their father. Even when he dies, they invoke his soul. He comes and speaks. This *part* is according to the *drama*, and so that soul comes and converses. Whatever happened in the *past* is fixed in the *drama*. You should understand the *drama* in the *right way*. Don't say: "If it is in my fortune, I will make effort." It isn't that if you are just sitting, water will enter into your mouth by itself. No. Effort is *first* required in everything. No one can sit down just like that. If they were simply to sit idle, they would die. Sannyasis have renunciation of karma, but for as long as they have physical organs, they cannot renounce performing actions. How would they get up or sit down? It is the soul that makes the body function. Sanskars are in the soul. At night the soul becomes bodiless. The soul says: I have become tired performing actions. Therefore, I take *rest* at night and become bodiless. It is the soul that eats and drinks and the soul that says this through these *organs*: I am a *barrister*, I am So-and-so. The soul calls out to the Father. The soul remembers: *Oh God, the Father*, have mercy! He is *knowledge-full and blissful*. He has *full knowledge*. Here, you have incomplete *knowledge*. No one knows what Brahmand is, what the subtle region is, how the *drama repeats*, where souls go, how they take rebirth and how many births they take. You children continue to know this according to the effort that you make. You have to inspire others to sit on the pyre of knowledge and show them the path to Paradise. No one else knows it. The Father explains: Children, don't let go of the Father's hand. By remembering the Father, your sins will be absolved. The Father doesn't remember any children. He knows that all are His children. All of them remember Me. They are going to stay with Me in the land of nirvana. Therefore, you mustn't forget Me, even by mistake. You mustn't have doubts. The Father is now ordering you: Constantly remember Me alone and also remember your

inheritance. Even if there is any conflict, don't forget the Father. Your boat will sink when you forget the Father. You have many enemies because you yourselves say that the flames of destruction emerged from this sacrificial fire of the knowledge of Rudra. You tell everyone clearly that only after this war will the *gates* to liberation and liberation-in-life open. Many souls go to the land of liberation and then come into liberation-in-life. Those of the deity religion will come first. All the others establish their own religion. The Father says: I first of all establish the small Brahmin religion, and then, together with that, I change Brahmins into deities. How can shudras claim the Grandfather's inheritance unless they become Brahmins? They definitely have to come in the clans. It can be understood when someone appears to belong to the deity clan. The *saplings* of those who belong to this clan are being planted. The Father explains: You must never forget such a sweet BapDada for whom you say: You are the Mother and Father. Through Your teachings we will receive happiness for 21 unlimited births. You have to make effort and claim the highest status of all. Worthy children promise: Baba, I will definitely demonstrate this by *passing with honours*. I will definitely claim my fortune of the sun-dynasty kingdom. The Father says: You have to be very careful. Maya is no less. Each one of you has to make so much effort that you claim a sun-dynasty status of heaven. If you make effort now, your efforts will continue in the same way every cycle. Baba says: Sweetest children, be careful! Never have doubts in your intellect. In worldly relationships too, children can never have doubts about their parents. It is *impossible*. Here too, you should have remembrance of Baba in your intellect. This Baba is the One who gives you unlimited happiness. In spite of that, Maya defeats you children in *boxing*. The Father says: Never have impure arrogance or impure greed. In fact, you are very greedy. However, this is the pure greed to claim your inheritance of heaven from the unlimited Father. You also have pure attachment. Have total attachment to the one Father. You have to die alive. That's all! I belong to the one Father. I will claim my inheritance from the Father alone. No matter what happens, you have to promise yourself this. You have unlimited attainment. There is no attainment anywhere else. You should have no doubt about this. You might have doubts about other things, but you do belong to the Father, do you not? You must never have doubts about the Father. Those who are totally pure are said to be real ones. Impure ones are the step ones. As you make progress, you will continue to understand what status So-and-so would claim if he or she were to leave his or her body at that time. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Move along by understanding the *drama* very clearly. Make effort and create your reward. Don't just sit down saying, "It's the *drama*."
2. Never *disregard* the Father. Follow His shrimat at every step. Never have doubts about the Father.

Blessing: May you be free from waste thoughts and worrying by becoming a companion of the Almighty Authority and having good wishes for everyone.

Some children have waste thoughts such as: So-and-so should become well from his or her illness. Their child or husband should follow the path of knowledge. Their business should do well. These are good wishes, but these desires of yours will only be fulfilled when you yourselves become light and take power from the Father. For this, the vessel of your intellect needs to be empty. If you want everyone to benefit, then you yourself have to become an embodiment of power and become a companion of the Almighty Authority and continue to move along with good wishes. Become free from waste thoughts and worrying. Don't become trapped in any bondage.

Slogan: Those who remain beyond questions remain constantly happy.
