

**Essence:** Sweet children, to apply knowledge like sandalwood (create the fragrance) according to shrimat and become pure is to claim the kingdom of self-sovereignty. Make a promise to remain pure and you will receive the tilak of the sun-dynasty kingdom.

**Question:** Who ties a rakhi on you children? And who applies this tilak to you? Why is there the custom of offering sweets to sweeten your mouth?

**Answer:** Your senior *mummy* (Mother Brahma), ties the rakhi on you to purify you. Then, when you take a pledge to remain pure, the Father applies the tilak of self-sovereignty on you. To sweeten your mouth means to bestow all blessings. Along with the tilak of self-sovereignty the Father has also given you all blessings. The memorial of this custom has been continuing....

**Song:** There is love on this side, and the world on the other side. Which way should I go?

Om shanti. God speaks. Achcha. God definitely has to have a name because God only has one name. Human beings have many names. Each time you take a new body, your name also changes. Everyone definitely has a body, and comes into the cycle of birth and death and they are also given many different names. People have love for many: maternal uncles, paternal uncles, the gurus and holy men etc. They have love for so many. They have many different relations. Now there is only one Relation. All other relations have been pulling you down and making you fall. Only this one relation is the Highest-on-High and He takes you to the highest destination. You human souls now have love for the Supreme Father, the Supreme Soul. He takes you very high up above. You have the faith that He resides in the supreme region. If you say: "I don't know", then OK where did you come from? You have come here from up above. You too are originally residents of the highest of all places, Paramdham (the supreme abode), the soul world. This is the physical region and in between the two is the subtle region. You definitely came here from there. Then you adopted various forms and names. You have now completed your 84 births; it is now time to go back. Your love is now for the Father. You understand that you are now sitting in front of the Mother and Father. You also know that first of all the rakhi of purity is tied on you. The Father says: O children, conquer lust, your greatest enemy, that is, conquer Maya, Ravan. You have to make effort for this. This is not a question of blind faith. You definitely have to remember the Father. The Father says: I tie a rakhi on you through Brahma. This is called the festival of tying rakhi, the festival of taking the pledge of purity. What will happen then? I will give you the tilak for gaining self-sovereignty. This Father is sitting personally in front of you. You understand that you have to tolerate many difficulties because of purity. All your friends and relations etc. become your enemies. The Father tells you *directly*: Children, become pure. Shiv Baba, the unlimited Father, comes and gives you true self-sovereignty. Souls receive a kingdom; souls now have "donkeyship". The Festival of Rakhi cannot really be called a celebration of rakhi, because people spend a great deal on external splendour for a celebration, whereas there is no question of incurring any expense in tying a rakhi of purity. Baba Himself says: Children, make a promise to Me and you will then claim self-sovereignty. Baba Himself applies the tilak of self-sovereignty on you. Baba also granted children a vision in which they saw how, in the golden age, the father applies a tilak to his son and sits him on the throne. Those who become the sun dynasty will sit on the throne. It is the mother and father who give their son his fortune of the kingdom. They understand that their son will claim the throne. Baba Himself comes and cleans you souls with the nectar of knowledge. The nectar of knowledge is not water. The Father says: You have been floundering in the ocean of poison for 63 births. Long-lost and now-found children, your 84 births are now completed. Now remain pure in this last birth and follow My directions. You have come to the Father in order to claim self-sovereignty. When a son is born to a king, he knows that he will inherit the kingdom. However, that is not called self-sovereignty. "Self" means the soul, and it is the soul that receives a kingdom. However, they don't have the knowledge that the soul has adopted the body of a *prince* in order to become an emperor. The celebration of applying a tilak has also been remembered. The Father will apply a tilak when you children rub the sandalwood of knowledge, become pure and follow shrimat. The Father Himself does not rule the kingdom. He does not sit on the throne. Have you ever seen such a father who doesn't sit on the throne himself, but hands it to his children? This Brahma too is an effort-maker. Shiv Baba is the One who inspires you to make effort. This one doesn't

praise himself at all. Shiv Baba comes and makes this one like a diamond. Therefore, the main thing is to remain pure. Although you live together at home, remain pure. Baba has created this sacrificial fire of knowledge. It is always brahmin priests who create sacrificial fires. When they say Shri Krishna created this sacrificial fire, that is not possible. You are Brahmins, the mouth-born children of Brahma. You are now following shrimat. Brahma cannot be called "Shri" because both the soul and the body are impure here. You are becoming Shri (elevated). You cannot be called "Shri" now. You are now becoming elevated again. The highest-on-high Father comes and makes you as elevated as Lakshmi and Narayan. You have to become this elevated, 16 celestial degrees full. The Father asks: Do you have the intoxication of becoming like Lakshmi and Narayan or that of becoming like Rama and Sita? They say: We have the intoxication of becoming like Lakshmi and Narayan. We will become part of the sun dynasty. Why should we become part of the moon dynasty with 2 degrees less? We will marry Narayan or Lakshmi. Your Mama and Baba will also be part of the sun dynasty. Both Jagadamba and Jagadpita become part of the sun dynasty and you children call them Mama and Baba, so you too should make effort. Baba applies this tilak to you and also sweetens your mouth, that is, He gives you blessings. Baba applies the tilak of victory to you and gives you the blessing: May you always claim your kingdom of self-sovereignty. The king, the queen and the subjects all experience the fortune of the kingdom there. The kingdom is only established once by the Supreme Father, the Supreme Soul. That is the *Almighty Authority* Kingdom. The *viceless* world has been remembered: Full of all virtues, 16 celestial degrees full. The deities with the highest code of conduct never become violent by using the sword of lust. For 63 births you have been causing sorrow to each other by using the sword of lust. The sword of lust doesn't exist in the land of immortality. Here, because of the sword of lust, you have become totally impure and degraded. You children now understand that the Father is truly establishing heaven again. It is in Bharat that He takes birth. The Father has brought the gift of Paradise for you. For half a cycle you have been crying out: O *God the Father*, have mercy on us! Have mercy! They sing this on the path of devotion. You will not cry out in distress in the golden age. There, there is constant happiness. Everyone remembers God at the time of sorrow; no one remembers Him when there is happiness. There are many different types of sorrow. When someone becomes bankrupt, there is so much sorrow. When someone falls ill, that also causes sorrow. There is no name or trace of sorrow in the golden age. The Father comes and applies the tilak of the fortune of the kingdom to you. This is the land of sorrow and that is the land of happiness. Souls don't speak in the land of silence. When they come here, they come into 'talkie' (sound). Your original religion is peace. You are now receiving the self-sovereignty of happiness and peace. Therefore, you have to become a child of the Father and follow His shrimat. At the time of studying you have to pay full *attention* to the study. At the time of studying, you don't speak of wasteful matters. Those who do speak wrong things are told: *Attention please!* Therefore, the Father tells the children: Your intellect shouldn't wander in any other direction. Those who stumble around outside, let their thoughts run here, there and everywhere. They can't wait to leave so that they can go home. You children now have to study and teach others. The business of Brahmins is to relate the Gita. Those brahmin priests also relate the Gita, to earn their livelihood. You are told that, whilst living at home with your family, you have to remain as pure as a lotus flower. You should make a promise that you will remain pure in this last birth. This impure world is about to be destroyed. You can also see preparations for destruction. The Holika will be burnt. In fact, all of these festivals refer to the present time. The Father applies the tilak to you. Your intellect says: Baba is teaching us in order to make us into the masters of heaven, that is, you receive the tilak of self-sovereignty. It is the Father who applies this tilak to you. You are now sitting here personally in front of Him. Only those who remain pure can claim the fortune of the kingdom. The significance of Rakhi is very great. They say: A sister ties a rakhi on her brother and applies a tilak to him. Therefore, sisters, you will tie a rakhi on the brothers, apply a tilak on them and sweeten their mouth. When did this festival originate? From the confluence age, when the Supreme Father, the Supreme Soul made you take a vow for purity. There is the festival of the birth of Shiva; then there is the festival of Rakhi, then the festival of Dashera and then the festival of Diwali. There is also the festival of the nine nights worship of the goddesses (Navratri). People continue to celebrate those festivals. You experience happiness. After Dashera, that is, after destruction, Diwali will come. There will

be heaven in every home. You can tell the life story of Shiv Baba, Brahma, Vishnu and Shankar and Lakshmi and Narayan. You know the whole cycle. You also know about Rama and Sita. They received fewer *marks* and that is why they failed. However, there is no one with 8 to 10 arms. They have sat and created so many images. All of that is called: *Waste of time, waste of money and waste of energy*. You now understand that you have come to claim your inheritance of self-sovereignty. Why should we not follow *shrimat* just as the mother and father are following it? These things have to be understood. The Father is the Creator of the human world. He is the unlimited Father. He *adopts* so many children. He is the Father of Humanity, isn't he? A physical father might adopt one child so he would not be called the Father of Humanity. There are some who *adopt* a child, but when they have a baby of their own, they have more love for that child, and less love for the adopted child. You understand that you have now come into God's lap. God will apply the tilak of purity to you. You make a promise in your heart: Baba, now that You have come, I will be Your worthy child. I will remain pure and claim my inheritance from You. It is now the time of settlement for all. You have to settle all the accounts of sin and accumulate an account of charity. It is through remembrance of the Father that you accumulate. The more remembrance you continue to have and the more you donate the eternal jewels of knowledge, the more you will be able to accumulate. The more *service* you do, the more you will accumulate. Whilst accumulating, your kingdom will be created. There are 8 main jewels. They also make jewellery of 8 jewels. Together with the goddesses, there will also be gods. However, because the *majority* here are mothers, it is the goddesses that are worshipped the most. Achcha. Who ties the rakhi on you? Shiv Baba Himself is personally sitting in front you. Therefore, Shiv Baba ties the rakhi on you, applies the tilak to you and also sweetens your mouth. This means that you will remain constantly happy in the future. You then give a gift to Baba. What gift do you give? You give everything you have. Therefore, Baba says: I give you an inheritance for 21 births. There is an account of give and take. Baba is the Businessman. What do you take and what do you give? They say that they donate something in the name of God because they understand that God will give them the return for everything. The Father says: I also give you the return for everything on the path of devotion. I have now come *directly* and I give you the donation of these imperishable jewels of knowledge. You then donate these to others. You are all brothers. The senior *mummy* ties a rakhi on you and the Father applies a tilak to you. This mother and Father are both combined. The mother ties the rakhi and the Father gives the tilak and you become kings and queens. Your love is for the Supreme Soul, the One who has come to apply the tilak to the people of Bharat. Who made Bharat into heaven? It was the Father who came and did this. Shri Krishna is the *number one* creation, and Shiv Baba is the *number one* Creator. Therefore, the mercury of happiness of you children should extend from the tip of your toes to the top of your head. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Let the love of your heart be for the one Father and for no bodily being because all your relations are now with the one Father.
2. At the time of studying this study, pay *full attention*. Don't speak or even think of wasteful things. Do not allow your intellect to wander around.

**Blessing:** May you be a helper of God and experience God's magic by serving through your *combined* form.

Do not consider yourself to be just a server, but God's server, and then do service. When you remain in this consciousness, remembrance and service will automatically become combined. When you separate your service from God, then because you are on your own, the destination of success seems far away. Therefore, always remember that you are not only a helper, but God's helper. Always remember this name, and service will automatically be filled with Godly magic that even the impossible becomes possible.

**Slogan:** In order to become a karma yogi, remain seated on a lotus; that is, remain detached and loving.
