

Essence: Sweet children, you have received from the Satguru the easy mantra that disciplines the mind: Remain in silence and constantly remember Me alone. This is the great mantra that will control Maya.

Question: How is Shiv Baba the most innocent Customer?

Answer: Baba says: Children, I take all the old rubbish you have, including your body, and I take that when you are about to die. Your white dress also symbolizes your death. You now sacrifice yourselves to the Father. The Father then makes you prosperous for 21 births. The Father fulfils everyone's desires on the path of devotion. Then, on the path of knowledge too, He gives you the knowledge of the beginning, the middle and the end of the world and makes you trikaldarshi.

Song: No one is as unique as the Innocent Lord...

Om shanti. You children are sitting in front of the Innocent Lord. Businessmen say: Send me a simpleton, an innocent customer who will buy goods worth one to two thousand and give us a lot of wealth. Oh God! Send me such a customer! The Father, the Innocent Lord, explains to you children the beginning, the middle and the end of the world and makes you trikaldarshi. Could you ever find such a customer as Me? You surrender yourself to Him. You sing a lot of praise on the path of devotion. The praise of the Innocent Lord is: You are the Mother and Father. He comes and teaches you Raja Yoga and gives you the kingdom. You say to the Father: We are sacrificing all this old rubbish to You. Make us prosperous for 21 births. Stockbrokers make deals and take a *commission*. This One also says: Whatever rubbish you have, I take all of that, including your body when you are about to die. Here, the costume of you Brahma Kumaris is white. It is as though you are dead. A corpse is always covered with a white sheet which is completely without a stain. At this time, everyone has the black mark of Maya on them. These are called the bad omens of Rahu. The moon too becomes dark when it is eclipsed. So, this eclipse of the omens of Maya also make the whole world dark. All of nature is also included in that. The Father sits here and explains: This is your Raja Yoga. Through Raja Yoga, you have to claim your kingdom in heaven. You become the kings of kings and you have the intoxication of becoming Narayan. You change from an ordinary man into Narayan. The kingdom of Lakshmi and Narayan is in the golden age. So, I definitely have to come at the end. At this time, it is the path of devotion. On the path of devotion, people bow their heads and continue to stumble around from door to door. God is the Protector of the devotees. He definitely comes and gives the fruit of devotion. All are devotees, but not all of them receive the same fruit. Some receive visions, some have a son; all of that is temporary. I fulfil all their various desires. No one in the world knows that God has come to teach Raja Yoga. They think that He came in the copper age and taught Raja Yoga at that time. How could you have become Narayan from an ordinary man there? It is now that the Father teaches you Raja Yoga and makes you into kings of kings. Here, you just have to remain in silence. Manmanabhav: This is the easy mantra given by the Satguru that disciplines the mind. There is a lot of income through this mantra. This is the mantra with which you control Maya. You become conquerors of Maya and conquerors of the world. Those on the path of devotion say, "When you conquer your mind, you conquer the world", but that is impossible. This is why they do hatha yoga etc. However, they don't do that to become conquerors of the world. They do that for liberation. The Father comes and says: Children, renounce your body and all bodily religions.. Renounce everything such as: I belong to such-and-such a religion, I am So-and-so. Then, consider yourself to be a soul and constantly remember Me alone. That's all! Simply follow the directions that I am giving you. You now have to renounce all the different dictates you have been following up to now. So, your knowledge is completely new. People think that what you tell them is new. Before you children explain to anyone, you should first of all feel their pulse. You mustn't say the same things to everyone. People have so many different directions. Yours is one direction. However, it is numberwise. Those who stay in yoga well and who have dharna will definitely explain well. Those who have less dharna will explain less. Tell only one *simple* thing to whoever comes to you. Although you may be living at home with your family, you have to remain like a lotus. You know that each lotus has many progeny and so an example is given of that. The Father too has many children. The lotus flower itself remains above the

water and all the rest of its progeny is below the water. This is a good example. Baba says: Live at home with your family, but remain pure. This is a matter of purity. And, in that too, remain pure in this final birth and also constantly remember Me alone. You definitely also have to sustain your creation. Otherwise, this would become like hatha yoga. Many people in the world remain pure. Someone who is celibate from birth is like Bhishampitamai. A good example of celibacy is when a husband and wife live together and remain pure. Pure marriage is even mentioned in the scriptures, but no one knows about it. The Father explains this. Baba says: Children, now, instead of sitting on the pyre of lust, both of you tie the bond of sitting on the pyre of knowledge. You Brahmins are doing such good work. You have to promise to remain pure. By cautioning one another, both of you will go to heaven. Here, you demonstrate how you remain pure whilst living together and this is how you can claim a very high status. Your example would be given. You sit on the pyre of knowledge and claim a high status in heaven. A lot of courage is required for this. If you continue to move along very firmly, your status will be very high. Then, it also depends on *service*. Those who do a lot of *service* and create subjects will claim a good status. You should even go higher than Baba and Mama. However, just as Baba says that if both Christians (Russia and America) were to unite, they could become the masters of the world, in the same way, such a couple should emerge who go higher than the mother and father. However, there isn't anyone like that. Only Jagadamba and Jagadpita are well-known. No one will be able to do *service* like they do. They have become the instruments. This is why you should never have *heart-failure* in this. OK, if not like Mama and Baba, you can become the *second number*. Everything depends on the *service* to create subjects and heirs. So everything of ours is new. The Father definitely has to come here to create the new world. He alone is the Creator. Those people say that God is beyond name and form, but He is not like that. They cannot be blamed. Baba hasn't come and made them His children that they would sit and give the Father's introduction. Only if it is in their fortune would they understand. Many come who think that this is right. Some say that a soul doesn't have a name or form. So, what is it that is called a soul? There is the name soul. Tell everyone that this is Raja Yoga. The Supreme Father, the Supreme Soul, comes at the confluence age. It would definitely be at the confluence age that He teaches Raja Yoga for only then can He make impure ones pure. So, the things here are unique. The Father says: Simply consider yourself to be a soul. You have to go to the Father. There is no need to ask any questions about this. They say: Do not hurt my soul. This one is a sinful soul. This one is a pure soul. No one can say that a soul has no form. When Vivekananda was sitting in front of Ramakrishna, he had a vision. He saw a *light* entering him. They speak of something like that. Tell them: This is our Raja Yoga. Here, you have to forget your body and all bodily friends and relations etc. We souls are His children, and we ourselves are a *brotherhood*. If everyone were to become the *Father*, the *Father* would be praying to the *Father*. We are now studying Raja Yoga. This is the yoga to become kings of kings. There is no kingdom now. So you have to explain: We stay in peace and simply remember Shiv Baba. We consider ourselves to be separate from the body. The soul says: I shed a body and take another. So, the sanskaras of *knowledge* remain in the soul. Good and bad sanskars are in the soul. The soul is not immune to the effect of action; this has to be explained. The soul takes rebirth. The soul has to take *organs* repeatedly. The soul is a *star*; it resides in the centre of the forehead. When someone has a vision of a soul, he believes that you have such power in you that you enabled him to have a vision of a soul. However, the soul resides in the centre of the forehead. What does it matter whether you have a vision or not? The soul himself says: I am a *star*. I have a *part* of 84 births in me. If souls were to take 8.4 million births, they would have so many sanskars, you don't know what would happen. You can believe that a soul takes 84 births. You cannot believe that anyone could take 8.4 million births. We are now becoming pure. Baba made us pure and changed us from ordinary humans into Narayan. You should have this great intoxication. You don't need to *debate* with anyone. Renounce your body and all religions of the body and consider yourself to be a bodiless soul. Although we have studied the scriptures etc. why should we *discuss* them, since the Father has said: Constantly remember Me alone. His second order is: Whilst living at home with your family, remain as pure as a lotus. Only through the fire of yoga will your sins be absolved. God speaks: God is the Supreme Soul. He is also called the *Star*. There are many *points*, but they can't all be

brought up at the same time. You have to see the personality of the person in front of you and take up everything tactfully. Tell him: We also study the scriptures, but the Father's order is to forget everyone and constantly remember Him alone. He is Incorporeal. Everyone believes in the soul. Even those who believe in Vivekananda will believe in the soul. Everyone has a soul. Therefore, surely, a soul would have a Father who is called the Supreme Father, the Supreme Soul. All of these are *points*. By churning these, you will constantly find new *points*. The *steamer* will continue to be filled. This is like the goods of the imperishable jewels of knowledge. *Note* down the *points* and then *revise* them. These are jewels. You should have a keen interest in imbibing them and writing about them. Explain to everyone very clearly: There is a soul in everyone, but it doesn't have a physical name or form. You cannot say that since the soul has a form, why doesn't God have a form. He is called the Supreme Father, the Supreme Soul, the One who resides in the supreme abode. So much is explained to you children. So, now demonstrate by doing *service*. Baba gives a prize according to the *service* you do. He enables you to be decorated with so many jewels of knowledge. We don't want to become multimillionaires here. We want the sovereignty of the world. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Churn the ocean of knowledge and imbibe the jewels of knowledge that you receive. Always remain full of the jewels of knowledge.
2. Stay in the intoxication of becoming Narayan. Don't speak of useless matters to anyone. Practise becoming bodiless.

Blessing:

May you be a great soul and always keep the blessings of happiness of Brahmin life with you. Happiness is your birthright of Brahmin life. Greatness lies in remaining constantly happy. Only those who keep this blessing of happiness with them constantly are great. Therefore, never lose your happiness. Problems will come and go, but your happiness should not go because problems are external circumstances which have come from others and they will come and go. Happiness is your own property. You always keep something that belongs to you with yourself. Therefore, even if you lose your body, don't let go of your happiness. When you shed your body in happiness, you will receive a beautiful new one.

Slogan:

In order to receive congratulations from BapDada's heart, don't look at the many things, but remain tirelessly busy in service.
