

Essence: Sweet children, this is now the kingdom of Ravan. The old world is ending and the new world is coming. Therefore, follow shrimat and become pure and you will become elevated deities.

Question: What is the significance of the story of the true Narayan that the Father tells you, His children?

Answer: The significance of that story is claiming and losing the kingdom. The first one found Allah and he therefore renounced the 'donkeyship'. The one who became the master of the world took 84 births and lost the kingdom. Then the Father came and gave him that kingdom once again. To become pure from impure and renounce the 'donkeyship' and claim the kingdom is the true story of the true Narayan which the Father tells you.

Song: At last the day for which we had been waiting has come.

Om shanti. The spiritual Father has explained the meaning of 'Om shanti'. Om means I am a soul and this is my body. The soul is not visible. You understand that you are a soul and that that is your body. The mind and intellect are in the soul; the intellect is not in the body. Good and bad sanskars are in the soul. The soul is the main thing. No one can see the soul. The soul sees the body, but the body can't see the soul. It can be known when a soul leaves his body because the body becomes non-living. The soul cannot be seen, but the body can. Similarly, it is not possible to see the *Father* of souls, the One to whom people say, "O God, the Father!" He can be realised and understood. All souls are *brothers*. When they are in bodies, it is said that they are brothers or brothers and sisters. The Father of souls is the Supreme Father, the Supreme Soul. Physical brothers and sisters can see one another. The Father of all souls is One, but He cannot be seen. The Father has come to make the old world new. The new world was the golden age whereas this old world is the iron age. It now has to change. In the same way as an old home is destroyed and a new one built, so this old world is to be destroyed. After the golden age, there will be the silver, copper and iron ages and then the golden age will definitely come again. The *world history* and *geography* has to *repeat*. In the golden age there is the kingdom of deities. The sun and moon dynasties continue for half the cycle. They are called the *dynasties* of Lakshmi and Narayan and Rama and Sita. So, this is easy. Then, all the other religions come during the copper and iron ages. The deities who were pure became impure. This is called the kingdom of Ravan. People burn an effigy of Ravan every year, but he is never burnt. He is the biggest enemy of everyone, and this is why there is the custom of burning his effigy. The *number one* enemy of Bharat is Ravan and the *number one* friend of Bharat is Khuda, the One who gives happiness to everyone. Khuda is said to be the Friend. A story is based on this in which Khuda is the Friend and Ravan is the enemy. You would never burn an effigy of the Friend, Khuda. Ravan is an enemy and this is why they make an effigy of the ten-headed Ravan and burn it every year. Gandhiji also used to say that he wanted the kingdom of Rama. There is happiness in the kingdom of Rama and sorrow in the kingdom of Ravan. Who explains all of this? The Purifier Father, Shiv Baba and Brahma Dada. Baba always signs 'BapDada'. Prajapita Brahma, who is called Adam, is the father of everyone. He is called the *great-great-grandfather*. He is the Father of all of Humanity. Brahmins are created through Prajapita Brahma and they then become deities. They become deities, then warriors, merchants and then shudras. This one is called Prajapita Brahma. The head of the human world, Prajapita Brahma, has so many children. They continue to call him, "Baba, Baba!" This one is the corporeal Baba. Shiv Baba is the incorporeal Baba. It is remembered that the new human world is created through Prajapita Brahma. This is the impure world, the kingdom of Ravan. The devilish world of Ravan is now to be destroyed and there will be the Mahabharat War for that. Then, in the golden age, no one will burn an effigy of this enemy Ravan. Ravan won't exist there. It is Ravan who created this world of sorrow. It isn't that those who have a lot of wealth and huge palaces are in heaven. The Father explains: Although someone may have millions, he doesn't have peace, and all that money etc. is going to turn to dust. New mines will emerge in the new world from which all the palaces etc. of the new world will be built. This old world is now to be destroyed. In the golden age they are *viceless*, completely viceless. Children there are born through the power of yoga. Vices don't exist there. There is neither body consciousness nor anger nor lust. The five vices don't exist there. This is why they never burn Ravan there. Here, it is the kingdom of Ravan and that is why everyone calls out: O Purifier, come! He is the *Liberator* and the Remover of Sorrow for everyone. Everyone is now in the kingdom of Ravan. The Father has to come and liberate you. The Father says: Become pure! This

impure world is to be destroyed. Those who follow shrimat will become elevated deities. Destruction will take place and everything will be destroyed. Who will be saved? Those who become pure by following shrimat. They are the ones who claim the inheritance of the sovereignty of the world by following the Father's directions. There used to be the kingdom of Lakshmi and Narayan. It is now the kingdom of Ravan and it has to be destroyed. The golden-aged kingdom of Rama has to be established. It isn't the Rama who belongs to Sita. They have written many useless things in the scriptures. The whole world is Lanka and all of it is the kingdom of Ravan. Bharat was the 'Golden Sparrow' in the golden age and there were no other kingdoms there. The Father comes and makes Bharat into heaven, 'The Golden Sparrow', once again. All the other religions will be destroyed. The oceans will all overflow. What was Bombay like before? It was just a small village. The golden age is now being established and then Bombay etc. will no longer remain. There will be very few human beings in the golden age. The *capital* will be Delhi where there will also be the kingdom of Lakshmi and Narayan. Delhi was the land of angels in the golden age. The kingdom was in Delhi. In Rama's kingdom, too, Delhi was the *capital*. However, in Rama's kingdom they had palaces studded with diamonds and jewels. There was plenty of happiness. The Father says: You lost the kingdom of the world and I am giving it back to you once again. Follow My directions! If you want to become elevated, simply remember Me alone. Don't remember any bodily beings. Consider yourself to be a soul and remember Me, your Father, and you will change from tamopradhan and become satopradhan. You will then come to Me. You will become a garland around My neck and then become a garland around the neck of Vishnu. I am at the top of the rosary, and then there is the couple, Brahma and Saraswati. They become the emperor and empress of the golden age. The whole rosary sits on the throne numberwise. I make Bharat into heaven through Brahma, Saraswati and the Brahmins. Memorials are created to those who make effort. The place of residence of souls is the supreme abode which is also called Brahmand. All of us souls reside there in the *sweet home* with the Father. That is the land of peace. People want to go to the land of liberation, but no one can return home. Everyone has to come to play his *part*. Until then, the Father continues to prepare you. When you have become ready, all the souls that are now up there will come down here and then everything will come to an end. You will then go and rule in the new world and the cycle will continue numberwise. You also heard in the song: At last the day for which we had been waiting has come. On the path of devotion you used to stumble around. The Father is the Sun of Knowledge. When the Sun of Knowledge rises, the darkness of ignorance is dispelled. You now have the knowledge of the beginning, the middle and the end of the world. You know that the people of Bharat, who are now residents of hell, will then become residents of heaven, and all the rest of the souls will go to the land of peace. You should only explain a little: Alpha is Baba and beta is the kingdom. You receive the kingdom from Alpha and the 'donkeyship' is finished. The Father sits here and tells you that story. This is the true story of the true Narayan. All the rest are tall stories. Baba gives you this knowledge in order to make you into Narayan from an ordinary man. There is the *history* and *geography* of when the kingdom of Lakshmi and Narayan began and for how long it continued. Therefore, this is a story, is it not? Those who ruled the world took 84 births and became completely tamopradhan. The Father says: I am now establishing that same kingdom once again. He explains to you the whole *history* and *geography* of how from impure you become pure and impure from pure. First of all there is the kingdom of the sun dynasty, then that of the moon dynasty etc. After them, there were the Buddhists, those of Islam and the Christians. The deity religion that existed disappeared. After that, the *history* and *geography* of the *world* will *repeat*. In the scriptures, they have shown Brahma to be 100 years old. This Brahma, in whom the Father sits and gives you your inheritance, will also leave his body. Only the Father of souls speaks to souls. Only He is the Purifier. Human beings cannot purify human beings. How could those who cannot be liberated liberate others? All of those innumerable gurus are those who teach devotion. Some say: Perform devotion of so-and-so, whereas others tell you to listen to the scriptures. There are so many different ideas and opinions! This is why everyone has become even more senseless. The Father now comes and makes you sensible. This Lakshmi and Narayan were sensible masters of the world, but they have now become so poverty-stricken! Shiv Baba has now come to change you from residents of hell into residents of heaven. The Father explains to you so well so that your fortune awakens. The Father comes to awaken the fortune of all

human beings. All are impure and unhappy. Everyone will cry out in distress and be destroyed. This is why Baba says: Claim your inheritance from the unlimited Father before crying out in distress. Whatever you see in this world is to be destroyed. There is the *fall of Bharat* and the *rise of Bharat*. This play is based on Bharat. The *rise* will be in the golden age, whereas now, in the iron age, there is to be the *fall*. All of this is the *pomp* of Ravan's kingdom. Destruction is now to take place. There will be the *fall of the world* and the *rise of the world*. The Father sits here and explains who rules in the golden age. The *rise of Bharat* is the kingdom of the deities, and the *fall of Bharat* is Ravan's kingdom. The new world is now being created and the old world is to be destroyed. Prior to that, you are studying with the Father in order to claim your inheritance. It is so easy! This is the study to change from human beings into deities. Sannyasis only belong to the path of isolation. Their religion is completely separate. They renounce the household path and go away. Their renunciation is limited. Once you have renounced this old world, you will not come back here. It has to be explained very well which religion comes at what time. All the other religions come after the copper age starts. You experience happiness first and then sorrow. The whole cycle has to be in your intellect. From the time you come into the cycle, you become emperors and empresses. You just have to explain about Alpha and beta. Baba doesn't forbid anyone to go abroad. Everyone wants to die in his or her own motherland. Destruction is definitely going to take place. There will be so much upheaval that you won't be able to travel from abroad. This is why the Father explains that the land of Bharat is the most elevated land. It is where the Father comes and incarnates. The birthday of Shiva is also celebrated here. Because Krishna's name was used, all of Shiva's praise was finished. The *Liberator* of all human beings comes and incarnates here. Only *God, the Father*, comes and *liberates* everyone. You should bow down to such a Father. You should also celebrate His birthday. However, because Krishna's name was used, all *value* for Him has been lost. In fact, Bharat is the most elevated pilgrimage place. That same Father comes here and purifies everyone. Therefore, this is the most elevated pilgrimage place of all. He liberates everyone from degradation and grants them salvation. This *drama* is predestined. You souls know that our Baba is now explaining these secrets to us through this body of His. We souls listen through our bodies. You have to become soul conscious. Consider yourself to be a soul and remember the Father and the rust will continue to be removed and you will become pure and go to the Father. The more you remember Him, the purer you will become. When you make many others equal to you, you will receive blessings from many and claim a high status. This is why it is remembered that you receive liberation-in-life in a *second*. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to become a garland around the Father's neck and then around the neck of Vishnu, become totally satopradhan. Follow the directions of the one Father.
2. Do such service that you continue to receive blessings from many souls. Claim your full inheritance from the Father before the cries of distress.

Blessing: May you be one wearing a crown and seated on the throne by making all your physical organs work under your *orders* with intoxication and the awareness of your goal. At the confluence age, all the children receive a crown and throne from BapDada. You have the crown of *purity* as well as the crown of responsibility. You have the throne of immortality and also the heart-throne. When you become *double-crowned* and have the double throne, you automatically become intoxicated and remember your goal. The physical organs would then say, "Yes, my lord". None of the workers would obey the *orders* of those who take their crown off or who get off the throne.

Slogan: Weak thoughts fill your heart with questions instead of making you happy-hearted.
