

Essence: Sweet children, you have been going on physical pilgrimages for half the cycle. Now, go on spiritual pilgrimages. To stay in remembrance of the Father while sitting at home is a *wonderful* pilgrimage.

Question: What one thing about the children amazes the Father very much?

Answer: You were stumbling around for this property for half the cycle, and you had been calling out to the One and saying: When You come, we will surrender ourselves to You. Now that that One has come and you belong to Him, you then also divorce Him! Therefore, the Father is amazed by this. Whilst moving along, instead of ascending, some children fall.

Question: Which children receive very good alms from the Father?

Answer: The children who very carefully look after the sacrificial fire of Rudra created by the Father and who constantly follow shrimat receive very good alms from the Father.

Song: Our pilgrimage is unique...

Om shanti. Spiritual pilgrims heard the song. You children are spiritual pilgrims. Those people who go on pilgrimages are called worldly pilgrims. Those physical pilgrimages continue for half the cycle. You have also been going on pilgrimages for birth after birth. They go on physical pilgrimages and then return home. This is your spiritual pilgrimage. Those people are physical guides. You are spiritual guides. Who is the Master of you guides? The incorporeal Supreme Father, the Supreme Soul. He is called the original Father of the Pandava Army. You know that you were body conscious and that the Father has now come and is making you soul conscious in order to take you souls back home. You are now on a spiritual pilgrimage. There is no question of using your physical organs in this. When they go on pilgrimages, they always remain pure but when they return home, they indulge in vice. It is householders who go on pilgrimages. The path of isolation is in fact different from the household religion. It is always brahmins who take people on pilgrimages. There is the song: We went around in all 4 directions, and yet remained distant from the Father. The Father is now making you pure in order to take you on the pilgrimage. He will take you to the land of liberation and the land of liberation-in-life and then you won't come back to this impure world. They go on physical pilgrimages and then come back and engage themselves in dirty business. On pilgrimages, they are even forbidden to become angry. They especially don't become impure during that *time*. It takes them 3 or 4 months to go on the pilgrimage of all 4 directions. You know that you souls are now going there. The Father's order is: Remember Me as much as possible. This is the pilgrimage to the land of liberation. You are now going there. You are residents of that place. The Father tells you every day: Remember Me so that your sins can be absolved and you will continue to move forward. You go on this pilgrimage while sitting at home, and so it is a *wonderful* pilgrimage, is it not? All your sins are absolved with the fire of yoga. You have been going on physical pilgrimages for half the cycle. At first, there was the unadulterated pilgrimage and then it became the adulterated pilgrimage. It is Shiva alone whom you worship at first. You then worship Brahma, Vishnu and Shankar and then Lakshmi and Narayan. Now they worship everything – cats, dogs, pebbles and stones. The Father explains: Children, all of that is the worship of dolls. They don't know the *occupation* of Shiv Baba or the deities. Dolls don't have an *occupation*. Not to know the *occupation* of Shiv Baba is like worshipping stone. However, some of their desires are fulfilled. There are no physical pilgrimages in the golden age. Where would temples come from there? This world is corrupt. They consider themselves to be impure and this is why they go to bathe in the Ganges. The significance of the Kumbha mela has also been explained to you. This is the true confluence. It is remembered that souls and the Supreme Soul remained separated for a long time. The beautiful meeting takes place when you find the Satguru. The Satguru, the Purifier, comes and meets you in the form of an Agent. He doesn't have His own body. He gets you souls engaged to Him through this agent, that is, He gives you children His introduction. Children, I have come to take you on the pilgrimage to the land of peace and to take you to the pure world. You children know that Bharat was pure. There was just the one original eternal deity religion. The Aryan religion didn't exist. There are the Aryans and Un-Aryans. If the deities are said to be the Aryans, who ruled in the Aryan religion? Those who are educated are said to be Aryans. At this time, all are Un-Aryan (uncivilized) and uneducated. They don't know BapDada at all. The Highest on High is Shiv Baba and then there are Brahma, Vishnu and Shankar and then Prajapita Brahma (the Father of the People). Therefore, Jagadamba (World Mother) is also the Mother of the People.

The creation of Brahmins takes place through this one. You are *adopted children*. Who *adopts* you? The Supreme Father, the Supreme Soul. You know that you are His children. However, you forgot the Father and you became *orphans*. No one knows the *occupation* of *God, the Father*. The Father comes and makes such ones pure. It is the Father who gives you children teachings for purity. You now have to remember the place where you have to go. Maya repeatedly makes you forget. This is a battlefield. You belong to the Father and Maya then makes you belong to her. This is a play between God and Maya. Some are amazed after belonging to Baba; they listen to Him and then run away. Maya too is very strong. No one, apart from the Father, can teach you to battle with the power of your intellect's yoga. By having yoga with the Almighty Authority Father, you receive strength. You know that you will become pure and then return home. You have taken that body in order to play a *part* here. We have completed our 84 births. This is the small but great, benevolent confluence age of the final period. All of you Ganges of knowledge have emerged from the Ocean of Knowledge. The Father says: Continue to remember the Father and your lifespan will increase and you will become immortal for your future 21 births. There will never be untimely death. You automatically shed your body when it is time for you to take another one. Stay in remembrance of the Father while walking and moving around. You make the world pure through this remembrance. The Father has come to purify you. The *sapling* of those who were deities will be planted. They have now become shudras and some have even been *converted* to other religions. All of them will continue to emerge. All have their own *sections*. Here, too, all have their own customs and systems. The *sapling* of the original eternal deity religion is being planted. Those who had become Brahmins first are the ones who will come. You cannot become deities without first becoming Brahmins. If you don't belong to Brahma, you cannot claim your inheritance from Shiv Baba. Those who belonged to the deity religion will definitely come into the Brahmin religion. You have now become flowers from thorns. You don't cause sorrow to anyone. The greatest enemy is Ravan. The enemy of the 5 vices is incognito. He has been making everyone fight for half the cycle. He made them fall and also made them impure. The Father has now created a sacrificial fire. The unlimited Father has created the sacrificial fire of the knowledge of Rudra into which everything has to be sacrificed. The soul is sitting on the horse (body). The name is the sacrificial fire of the knowledge of Rudra in order to claim sovereignty. Such a big sacrificial fire has been created for the establishment of heaven. You know that this world is now to be *transferred*. You have this intoxication in your heart. Baba has created a sacrificial fire and it has to be looked after very carefully. Those who follow shrimat will receive very good alms. If you look after the sacrificial fire well, you become the masters of the world. You have been stumbling around for this property for half the cycle. The Father has come to give you that, and yet some children divorce such a Father! Therefore, He is amazed. You brides used to sing: I will surrender myself to You. Now that I have come, you belong to Me and then you divorce Me! Then, instead of ascending, you fall. "Those who ascend taste the sweetness of heaven, whereas those who fall..." So there is a difference between the *Prime Minister* etc. and poor natives. Therefore, you should now make effort and claim the kingdom from the Father. This is the sacrificial fire of the knowledge of Rudra. They have used Krishna's name for this. All of those things and scriptures etc. have been created for the path of devotion. There is only one God and He is called the Purifier. No one calls out in the land of peace or the land of happiness. Therefore, you children should be fully intoxicated. This is the sacrificial fire of the knowledge of Rudra. No other sacrificial fire will be created after this one. Those people create physical sacrificial fires to end calamities. The Father finishes such big calamities for half the cycle. None of the sages or holy men know this. They have put Krishna's name in the Mother Gita that was spoken by God. You have to caution people because their intellect's yoga is now connected to Krishna. Krishna doesn't say: Manmanabhav! Constantly remember me and I will take you back with me. The Father sits here and makes you worthy. He makes you beautiful from ugly. You became ugly, and then Baba came and is making you beautiful and worthy of heaven. Keep Baba in your intellect as you walk and move along. If you're able to have this stage constantly, your boat can easily go across. There is *health, wealth and happiness*. You are claiming such an inheritance from Baba and so you should remember Him very much and also follow His teachings. You have to change thorns into flowers. You are now becoming flowers. That is a garden and this is now a *forest of thorns*. The names Akasur, Bakasur etc. are names of devils who exist at the confluence age. Everyone is to be uplifted. Those who study and teach others and continue to follow shrimat will claim an inheritance from the Father for 21 generations. You will become constantly happy. It is now your 100% stage of ascending. Then your degrees continue to decrease. By this time, all your degrees have ended. You sing: I am virtueless; I have no virtues. The Father is said to be merciful. He comes every cycle at the confluence age. When Bharat becomes heaven, everyone will be happy. You

children now have to follow shrimat and not devilish directions. The Father says: You have been defaming Me the most. You either say that I am beyond name and form or you say that I am in every particle: All of this is fixed in the *drama*. You have now become knowers of the three aspects of time and you know the Father and are claiming your inheritance from Him. There is now going to be bloodshed without cause. All the calamities will come unnecessarily and many will therefore die. On the path of devotion they create so many images of the deities. They spend so much money. They create images of the deities, worship them, sustain them, and then sink them. Therefore, that is the worship of dolls. Look at the type of image of Kali they create! There cannot be a person like that. While you are sitting here, you are on a pilgrimage. Even while sitting on a *train*, you are on a pilgrimage. Your intellect is engaged on a pilgrimage. If your intellect is not connected in yoga, then *time is wasted*. The Father says: Don't *waste your time*. Your *time* is very *valuable*. Don't let even a *second* go by without earning an income. The Father inspires you to make *full* effort. Baba has created this sacrificial fire in order to make the world into heaven. Continue to say "Baba, Baba" and your boat will go across. We are Brahmins and we have a very big *responsibility*. The Father says: Children, become soul conscious. Don't cause anyone sorrow through your thoughts, words or deeds. Become very sweet. By becoming angry, you do a lot of *disservice*. No one has become complete yet. The evil spirits are very bad. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. This *time* is very *valuable*. Therefore, don't let even a *second* go by without earning an income. Make full effort to remain soul conscious.
2. Remember the Father as you walk and move along and create your stage. Become very sweet. Don't cause anyone sorrow.

Blessing: May you have a right to blessings and perform charitable actions through your every thought, word and deed.

Have the determination within yourself that throughout the day you will be a charitable soul and perform charity through your thoughts, words and deeds. The practical fruit of charity is receiving blessings from every soul. So, accumulate blessings through your every thought and word. From your relationships and connections, let thanks in the form of co-operation emerge from them. Only those who have a right to such blessings become instruments for world transformation. Only they receive a *prize*.

Slogan: Greatness is to stay constantly in the *company* of the one Father and make the Father your *Companion*.

*** O M S H A N T I ***

- Essence:** Sweet children, if you want to change this life from a shell to a diamond, use your time in a worthwhile way. Remove the defects and don't waste your time eating, drinking and sleeping.
- Question:** Through which one word have human beings understood everyone to be a form of God?
- Answer:** Baba says: At this time, I am One who adopts many forms (Bahuroopi). It isn't that when I am speaking the murli, the supreme abode becomes empty. At this time I have to do a lot of work and a lot of *service* takes place. I have to grant visions to the children and to the devotees. At this time I am One with many forms. People have taken this to mean that all are forms of God.
- Question:** By following which shrimat of the Father are children worthy?
- Answer:** Baba says: Children, never do *disservice*. *Time* is very *valuable*. Don't waste it sleeping. Give at least 8 hours for Me. The children who follow this shrimat are worthy.
- Song:** You wasted the night sleeping and the day eating....
- Om shanti. The Father is explaining to you children. You children know that all of us are the Father's children. The father of our body is physical, whereas souls are bodiless and so the Father of souls is also bodiless. The Father has explained that you receive your inheritance of unlimited happiness from the unlimited Father. It begins now and continues until the end of the silver age. You are now making effort to create your reward for your future 21 births. Then, later, your limited inheritance begins and the unlimited one ends. These are deep matters. You know that for half the cycle you have been receiving an inheritance from your limited father and have been remembering your unlimited Father. In terms of souls, all are *brothers*. That One is the Father. It is said that souls are brothers, and when the human world is created they become brothers and sisters. This is a new creation. Then the family begins to grow. All the maternal and paternal uncles etc. come later. The Father is creating creation at this time. There are sons and daughters and no other relationship. You have now become brothers and sisters for as long as you live. You don't have any connection with other relationships. You have now received a new birth. You know that you are now the children of God. You are the Brahma Kumars and Kumaris of the clan of Shiva. Brahma Kumars and Kumaris don't have any other relationship. At this time the whole world is impure. It has to be made pure. You say: Baba, I am Yours. The Father says: Children, make effort for the future and make your life like a diamond. Just to eat and drink throughout the day and go to sleep at night and not remember the Father will not give you a birth like a diamond. The Father says: While performing actions for the livelihood of the body and living with the family, become as pure as a lotus. You understand that you are changing from a shell into a diamond, that is, you are changing from a human being to a deity. Human beings have many defects. Deities have virtues and this is why people go in front of the images of the deities and speak of their own defects: You are full of all virtues, and we are degraded sinners. The Father now says: Remove the devilish traits from yourself and imbibe divine Godly virtues. The Father is Incorporeal. He is the Seed of the human world tree. He is the Truth, the Living Being and the Ocean of Knowledge. You have this knowledge in your intellect. This is new knowledge. This knowledge is not in any of the Vedas or scriptures. Everything you are listening to now will later disappear. You now know that you are imbibing divine virtues from the Father, and changing from those with devilish traits into deities. By having remembrance of the Father, the burden of sins on our head is being burnt. On the path of devotion they have been telling you that by bathing in the Ganges your sins will be burnt. However, no one can become pure with water. If that were so, why would they remember the Purifier Father? They don't understand anything. A play has been created of those who are sensible and those who are senseless. You are now becoming so sensible. You know the whole world cycle. To know the *history* and *geography* is also to be sensible. If you don't know it, that is said to be senseless. You children now know it. Baba has given His introduction to His children: I have come to make you like diamonds. Let it not be that you listen to Him here, and then eat and drink as you used to do before. That was a *life* like a shell. The *life* of the deities is like a diamond. They experienced happiness in heaven. There are images of this. Previously, you didn't know that you were the happy ones who have now become unhappy. You didn't know how you had taken 84 births. I am now telling you this. You have now become worthy of explaining to others. The Father is making you sensible and so you have to give this explanation to others. It shouldn't be that, as soon as you go back home, you continue with everything in the same way as you did before. Take these teachings and then give them to others. You have to go and give the Father's introduction. The unlimited Father of everyone is the same. Those of all religions call out to Him: Oh Supreme Father, Supreme Soul!

Or: Oh God! There wouldn't be anyone who doesn't remember God. The Father of those of all religions is the same One. Everyone remembers the same One. All have a right to claim the inheritance from the Father. You also have to explain about the inheritance. What inheritance does the Father give? That of liberation and liberation-in-life. Here, all are in a life of bondage. The Father comes and liberates everyone from the bondage of Ravan. At this time no one is liberated in life because this is the kingdom of Ravan. They are body conscious. Because of being soul conscious, the deities know that they are souls and that they shed a body and take another. They don't know the Supreme Soul at that time. If they knew the Supreme Soul, they would also know the whole world cycle. Only you are seers of the 3 aspects of time (trikaladarshi). The Father sits here and makes only you Brahmins seers of the 3 aspects of time. Since deities are not aware of the three aspects of time, and their dynasty that comes after them is also not aware of it, how could others have this knowledge? There is only the One who gives this knowledge. No one else can have this *knowledge* of easy Raja Yoga. There also has to be the scripture of the deity religion. So, according to the *drama*, they have to create those scriptures. The Gita and Bhagawad etc. will be created again in the same way. The Granth will also be created in the same way. Look how big the Granth they have now is! Previously, it used to be very tiny and was written by hand. It has now been expanded. It is the same here. If you were to make a Granth out of this, it would become very big. However, it is then *shortened*. At the end, the Father says a couple of words: Manmanabhav! I explain to you the essence of all the Vedas and scriptures and so their names definitely have to be mentioned, that in such-and-such a scripture it says this and that. They are not scriptures of a religion. There is only one religion of Bharat. However, you cannot prove which religion those scriptures belong to. There is only the one scripture of Bharat: the Gita. The Gita has been remembered as the jewel of all scriptures. You know the praise of the Gita *accurately*. The Father comes and makes Bharat into heaven through this Gita. The scripture of Bharat receives a lot of respect. However, because of not knowing who the God of the Gita is, they take a false oath. Now *correct* that! God has never said that He is omnipresent. Children asked a question: When Shiv Baba comes here and speaks the murli, is He also in the supreme abode at that time? Baba says: At this time I have a lot of work to do. A lot of *service* takes place. I grant visions to so many children and devotees etc. At this time I am One with many forms. Because of this term, people have understood that all are forms of God. Maya makes them dangle upside-down. The Father puts you the right way up. You children are now making effort to go to the land of liberation. Your intellect is towards the land of liberation. No human being can inspire you to make the effort that the Father is inspiring you to make. Now, connect your intellect's yoga there. Continue to forget your body for as long as you live. When someone dies, people say that he has gone to heaven and continue to cry about him. The Father's worthy children will become the Father's helpers and do *service*. They never do any *disservice*. When someone does *disservice* that is *disservice* of the self. Baba says: Sweet children, this *time* is very *valuable*. You are earning an income for your future 21 births. You know that you receive sovereignty of the world. It is such a huge income and so you should engage yourself in that. Remember the Father. Just as you stay in the *Government's service* for 8 hours, so, too, Baba says: Give 8 hours to Me. Don't waste your time sleeping at night. Earn an income day and night. This is very easy. It is a matter of using the intellect. When people go to work, as they pass by a temple, they first pray there and then go to their shops. At the time of coming back, they forget that and just remember their home. That too is good. However, they don't know the meaning. You children should explain very well in Calcutta. Goddess Kali is given a lot of respect there. Bengalis have their own systems and customs. They definitely feed fish to brahmin priests. Eminent people have their own pond and keep fish there and feed them to the brahmins. You are now becoming true Vaishnavs. You are going to the land of Vishnu in a *practical* way. It isn't that there will be human beings with 4 arms there. Lakshmi and Narayan are called Vishnu - two arms are hers and two arms are his. When you worship Lakshmi, you are in fact worshipping Vishnu. The two are combined. However, at this time, there is praise of the mothers. There is praise of Jaghadamba (World Mother). The name Lakshmi is also remembered. The Father comes and grants everyone salvation through you mothers. Jagadamba (World Mother) then becomes the princess. The Mother (Goddess) is worshipped. In fact, there is the one Jagadamba (World Mother). Just as they make one Shivalingam, so they also make small saligrams in the same way. Similarly, there are also many small temples to Kali. They are like the children of the Mother (Goddess). The Father is now making you belong to Him. This is called sacrificing yourself. You are sacrificing yourself to Him, not to Brahma. The Father explains: You mustn't *waste time* now. You may do your business etc. If you have enough money to sustain yourself, then why do you beat your head for more? Yes, when you give to Shiv Baba's sacrificial fire, that is like using it for world service. Baba would say: Create *centres* where daughters can show the

path to change human beings into deities. This study is *first-class*. Many will benefit. The Father says: Earn millions, but do something through which Bharat can become pure and *ever-healthy*. You are now claiming your full inheritance for the future. No one is poor there. The reward you experience there is from this time and so you should imbibe so much knowledge. Every penny of yours is worth a diamond. Bharat becomes heaven through that. Anything left will be destroyed. Use whatever money you have left for this *service*. This is the biggest of all *hospitals*. Many poor children say: I am giving half a rupee; put a brick in the building in my name. We know that it is from here that people will become *ever-healthy*. Many people will come here. A *queue* will form such as you would never have seen before! Therefore, you should have so much happiness that you are changing from what you were into what you are now becoming. We are claiming our unlimited inheritance from Shiv Baba. The Father is Incorporeal and the Ocean of Knowledge. He enters this chariot. You children have to be very merciful. Have mercy for yourself and for others. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Use your body, mind and wealth in a worthwhile way by serving Bharat to make it pure. Consider your money to be worth diamonds and use it in the service of making Bharat into heaven. Don't waste it.
2. In order to create a reward for your future 21 births, accumulate an income day and night. Don't waste your time. Make effort to forget your body.

Blessing: May you be karmateet and experience lightness when performing actions by being in a loving and detached stage.

Karmateet means to be loving and detached. Perform actions and after performing actions, feel as though you didn't do anything, but that the One who inspired you made it happen. By experiencing such a stage there will always be lightness. While performing actions, there will be lightness in the body, lightness in the stage of the mind and the more the task increases, the more your lightness will also continue to increase. Actions should not attract you to themselves. To be a master and make your physical organs perform actions and to experience lightness in your thoughts is to be karmateet.

Slogan: Always remain full of all attainments and you will always remain cheerful, happy and become one with the fortune of happiness.

: *** O M S H A N T I ***

Essence: Sweet children, become true lovers and remember Me, the one Beloved, and your lifespan will increase. It is only through yoga and study that you are able to claim a high status.

Question: What help does the Father ask of you children in order to make Bharat into heaven?

Answer: Children, I need the help of your purity. Promise that you will kick away the vice of lust and definitely become pure. Wake up early in the morning and say to yourself: Sweet Baba, I am ready to help You. I will become pure and definitely make Bharat pure. I will definitely follow Your teachings. I will not perform any sinful actions. Baba, it is Your wonder. I never even dreamt that I would become a master of the world. Look what You are making me from what I was!

Song: The heart desires to call out to You...

Om shanti. You beloved children know that you souls are lovers of that one beloved Father. You children know how strong the relationship between a lover and beloved is. Physical lovers have love for the body, but not because of vice. You children know that when a couple get married and are called husband and wife, they become a lover and beloved to make one another impure. They are aware in advance that they will indulge in vice. You children have now become lovers of the one Beloved who is the Beloved of all souls. All are lovers of that One. All devotees are lovers of the one God. However, devotees don't know God. Because of not knowing God they're unable to receive any power etc. from Him. Sages and holy men remain pure and so they receive something or other for a temporary period. You remember the one Beloved. You connect your intellect's yoga to Him, the One who is also the Father, the Teacher and the Purifier, the Almighty Authority. You have yoga with that Father and take power from Him. Your knowledge is different. You receive power in order to conquer Maya. Such a Beloved is so sweet. He makes you into the masters of the world! Those who have made the Father belong to them know how good the Beloved is, the One whom everyone has been remembering for half the cycle. Those physical lovers are lovers for just one birth. You have been remembering this One for half the cycle. You now know the Father and so you are receiving a lot of power. You are following shrimat and becoming the most elevated masters of all of heaven. A soul becomes a lover. It is the soul that does everything through the physical senses. You children are now concerned to claim your inheritance from the Father. The Father has come and *cancelled* the tying of the bracelet that you had for the exchange of poison. He says: Renounce all of those things and now remember Me. Physical lovers also remember their beloved at every moment while eating, drinking and doing everything. They don't have impure feelings. There is no question of vice there. You now remember the One. You can increase your lifespan according to the effort you make for remembrance. For instance, a worldly brahmin might say that your lifespan is 50 years. The Father says: You can now increase your lifespan with the power of yoga. The more you stay in yoga, the more your lifespan will increase. Then, in the future, you will become one with a long lifespan for birth after birth. If there is no yoga, there will have to be punishment, and the status is also reduced. Although everyone will be happy, that will only be through yoga and study. The difference is in the status. The more effort you make, the higher the status you claim. You will have wealth numberwise. Not everyone can be wealthy to the same extent. The Father explains: Children, as much as possible, follow My directions. You have been following devilish dictates for half the cycle and those have continued to reduce your lifespan. No matter how important someone may be, he might take birth today and die tomorrow. You receive birth in a grand home when you have given donations and performed charity. The Father is now donating the imperishable jewels of knowledge to you and filling your aprons. You become so wealthy! Whether you call it the donation of the imperishable jewels of knowledge or the inheritance, you are receiving it from the Father. You are receiving an inheritance from the Father and so you then have to show others the path. We are God's children, and so we should definitely receive the status of gods and goddesses. *Goddess* Lakshmi and *god* Narayan are remembered in Bharat. In the new world, it is only *gods* and *goddesses* who rule the kingdom because they have received their status from *God*. However, the Father explains: If you call them a *god* and *goddess*, then, as the king and queen, so the subjects. Therefore, all the people also have to be called *gods* and *goddesses*. This is why they are called deities. You know that you are making Bharat into heaven. We are studying Raja Yoga through the shrimat of the Supreme Father, the Supreme Soul. We will then attain our fortune of the kingdom. God alone establishes heaven and so it is definitely when He comes into hell that He can change hell into heaven. Those who became that in the previous cycle will become that again. Not everyone is the same. Everyone makes effort numberwise. Nowadays, children have courage and take

responsibility to help someone: Baba, such-and-such a child is beaten a lot and so, in order to save her, we will get married. OK, that is fine, but you need the power of yoga and you also have to imbibe knowledge well. The more heirs and subjects you create and the more you do the service of changing thorns into flowers, the higher the status you will claim. You have to make a great deal of effort. There are many such couples abroad too. They remain pure, as *companions*. Then, the husband would give all his property either to his wife or to a *charity*. You children have now found the Beloved, the Supreme Father, the Supreme Soul, who makes you into the masters of the world. Therefore, you should remember Him a great deal. You should remember such a Father a great deal. Only you know the Father. None of the sages or holy men know the Father. The Father is here sitting personally in front of you children. Now, although someone may remain pure, he cannot receive the power of purity which you children receive from the Purifier Father, because he doesn't know the Father. They say that a soul is the Supreme Soul and that the brahm element is God. There are innumerable opinions. Here, all of you have the one united opinion. You receive the directions from the Father to change from human beings into deities. It truly doesn't take long to change humans into deities. He comes and makes impure human beings pure. There is praise of Him. They have been listening to and studying many scriptures but there is no fruit received from that. The Father has now come and so you should become His true lovers. Your intellect's yoga should not wander anywhere else. You may live at home with your family, but remain like a lotus flower. On the path of devotion, some have been holding on to Hanuman, some to Ganesh, and others to someone else. However, they are not God. Although they remember the name of Shiv Baba, they don't understand Him to be God. They have said that God is in pebbles and stones. Everything has become tangled and so no one except the Father can untangle it all. No one can find God. God Himself says: I come when devotion ends. The path of devotion continues for half the cycle. There is the day and the night. In the beginning, when Shiv Baba first entered him (Brahma), he used to draw circles on a wall like little children do. He wasn't able to understand anything. You and I were all *babies* and then it gradually entered his intellect. You are now studying and have become clever and so are able to explain very easily. Don't think that someone is a very much older child than you and so is cleverer than you and that you will not be able to study as much. Baba says: Those who come later can go very far ahead. Those who come later will be engaged in yoga day and night and remain very intoxicated. Day by day you continue to receive many good *points*. The Supreme Father, the Supreme Soul, is the Creator of heaven. Therefore, you should receive an inheritance from Him. You had it when you were in the golden age, but you don't have it now and this is why the Father has come again to give it to you. He tries so hard so that you children understand something and engage yourself in yoga. Some say that they don't have any time. You can become free from disease for all time through this remembrance. Therefore, you should become engaged in this business. There is nothing physical that you have to do here. You are able to remember your worldly father, so why do you forget the Father from beyond this world? The Father says: I gave you people of Bharat the inheritance 5000 years ago too. Have you forgotten that you were masters of the world? From being the sun dynasty, you became the moon dynasty and then the merchant dynasty. I have now come to make you into the Brahmin dynasty. It is only when you become Brahmins that you will be able to look after the sacrificial fire. Brahmins can never indulge in vice. You have to remain pure until the end, for only then will you be able to become the masters of the new world. The attainment is so great! You don't remember the Father. It has never happened that a child wouldn't remember his father. If you forget the Father, how would you receive an inheritance? This is an income. Sages and holy men have no attainment at all. They simply have the power of purity, but not God's power. They don't even know God, so how could they receive power? You are the ones who receive power. The Father Himself says: I have come to make you into the masters of heaven. Can you not remain pure for a short time? Anger is the *second* most evil spirit. The greatest evil spirit is lust. In the golden age, Bharat was *viceless* and they were very happy there. It has now become *vicious* and so look at the condition of Bharat now! The Father has come once again to make Bharat *viceless* and yet you forget to remember such a Father! Maya very quickly makes you perform sinful actions. The destination is very high. You don't follow the shrimat of such a Father! You don't love such a Father. You say that you forget Him. OK, at least make enough effort for an hour or half an hour so that, at the end, you only remember the Father. This is the final time. "Those who remember Narayan in their final moments..." I am becoming Narayan and you are also becoming that. The Father says: Become complete lovers. The Father is the Bestower. If you make the Father belong to You, He will give you directions or advice. He will not give directions to stepchildren. The Father is the Bestower. Does He take anything from you? Whatever you are doing, you are doing that for yourself. I don't even become the Master of the World. Don't ever think that you are

donating something to Shiv Baba. No. You are claiming an inheritance from Shiv Baba. When a person is about to die, people make him donate something. Everything is given to the special brahmin priest. What do you have anyway? You donate pebbles and stones to God. Everything of yours is to be destroyed. You are not afraid of dying, are you? The Father says: It is better to be dead to this dirty world. 5000 years ago too, I took everyone back home like a swarm of mosquitoes. I, your Father am also the Death of all Deaths. I liberate you from the claws of death for half the cycle. Souls are free there. When a body becomes old, the soul sheds it and takes a new one. Now you again understand that you have to go to Baba. Therefore, wake up early in the morning and talk to Baba: Baba, it is Your wonder! I never even dreamt that You would come and make me into a master of heaven! I was in total darkness. Baba, it is Your wonder! I shall definitely follow Your teachings. I shall not perform any sinful action. I shall first of all kick away the evil spirit of lust. Make a promise for purity. Baba, sweet Baba, I am ever-present to help You. Talk to yourself in this way. Baba tells you children of the effort he makes. Baba, we came here bodiless and now we remember that we have to make effort to forget this old world. Shiv Baba has so many children. So He would be concerned. Brahma too would be concerned. There are so many children and they are looked after very well so that they stay here very comfortably. Here, you are in God's home. There is no bad company here. The Father is personally sitting in front of You. I eat with You. I sit with You. You know that Shiv Baba enters this one and says: Child, child! He says: My beloved children, promise that you will never indulge in vice. Help Me with purity and you will make Bharat pure. Do you children not remember that when you maintain courage, the Father helps? We do this business every cycle. We make Bharat into heaven. Those who make effort will become the masters of the world. The Congress Party helped Bapuji (Gandhiji) so much. They received the kingdom, but it didn't become the kingdom of Rama. Day by day, people continue to become even more tamopradhan. The Father has come and is making you into the masters of the land of happiness. You remain happy for half the cycle. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Become true lovers. Connect your intellect's yoga to the one Beloved. Pay *attention* so that your intellect doesn't wander here and there.
2. Constantly remember the Father while keeping the attainment in front of you. Definitely become pure. Do the business of making Bharat into heaven.

Blessing: May you become as loving and detached as the Father and, through your stage of lightness, make every task *light*.

To experience *light* in all the three subtle powers of the soul – the mind, intellect and sanskars – is to become as loving and detached as the Father. Now, according to the time and the external tamopradhan atmosphere outside, there will be heaviness in the attitude of human beings. The heavier the outside atmosphere, the *lighter* the thoughts, actions and relationships of you children will continue to become, and because of this *lightness*, all the activities will continue with *lightness*. The activities will not influence you. This is the stage of being equal to the Father.

Slogan: Stay in the alokik intoxication "Wah I!", and the mind and body will continue to perform a *natural dance*.

*** OM SHANTI ***

Essence: Sweet children, at this time Bharat needs the Father's shrimat. It is through shrimat that Bharat, which is worth shells, will become worth diamonds and everyone will receive liberation and salvation.

Question: Which power does the Father, the Almighty Authority, have that human beings don't have?

Answer: Only the one Father, the Almighty Authority, and no human being, has the power to kill Ravan. Without Rama's power, this Ravan cannot die. When the Father comes, He gives you children such power that you are able to gain victory over Ravan.

Om shanti. Sweet children, you know that this is the gathering of *holy* swans. All of you sitting here are Brahmins. Pure ones are called Brahmins whereas those who are impure are said to belong to the shudra clan. Those who are effort-makers are called *half-caste*; they neither belong here nor there. If one foot is in a boat going to one bank and the other foot is in another boat going towards the opposite bank, you would be torn apart. This is why you have to decide which side you want to go to. If a devilish person is sitting here, he will create obstacles. Who is explaining this? Shiv Baba. It is for Shiva alone that the word "Baba" emerges from your lips. Shiv Baba alone is the One who fills your aprons. You definitely receive the inheritance from the Father. There are countless temples to Shiva. He is incorporeal, the Creator of the world. There used to be the kingdom of Lakshmi and Narayan in the world. Therefore, they must definitely have received the inheritance from the Father. You have now become Brahmins from shudras. Shudras are those who have a stone intellect. Lakshmi and Narayan are ones with a divine intellect. Maya completely kills your intellect. The well-known name for Maya in Bharat is Ravan. At this time it is the kingdom of Ravan, that is, it is the devilish community, and this is why they try to kill Ravan. However, he doesn't die. You cannot gain victory over Ravan without the power of Rama. Only from the Almighty Authority can you receive power. He is the one Supreme Father, the Supreme Soul. He neither has a physical body nor a subtle body. How the Incorporeal One comes in Bharat doesn't enter anyone's intellect. A soul cannot perform actions without *organs*. People don't understand anything; this is why they are called ones with a stone intellect. The Father sits here and explains that God is the Highest on High. His directions are the most elevated. Otherwise, why would they remember God? They remember His directions. Many human beings don't understand that God too has to come here and play a *part* in the *drama*. Many people say that the Gita was spoken before Christ came. In that case, tell us who existed 3 thousand years before him! Who spoke the Gita? To which *nation* was it spoken? In which age and by whom? "God Krishna speaks" is written in only one scripture. Then they also speak of the sacrificial fire of the knowledge of Rudra. It is Shiv Baba who is called Rudra. Krishna can never be called the Father. You speak of Shiv Baba. Shiv Baba is the *Knowledge-full* and *Blissful One*; this is why devotees call out to Him. They think that they will meet God after doing devotion. Achcha. When does devotion begin? When do you meet God? No one knows when they have to go from the world of sinful souls to the world of charitable souls. You also belonged to the shudra clan. Now you are called Brahmins, the mouth-born creation of Brahma. Who made you into Brahmins? Shiv Baba. He is the Creator. The Brahmin clan is the highest of all. Brahmins also have a top-knot because they are in the corporeal form. However, the One who created them is incorporeal. He is the Supreme Father, the Supreme Soul, that is, He is God. Remember this firmly. According to the *drama*, I have to come when the world has become tamopradhan. I too am tied in the bondage of the *drama*. I come and make you pure from impure and give you the inheritance of peace and happiness. All the rest receive the inheritance of peace. The new world was definitely the golden and silver ages which Rama established. The words "Shiv Baba" are better than Rama. The words "Shiv Baba" are on everyone's lips. Baba is the Creator of the new world. He comes and gives you the inheritance. The Gita can only be spoken to Brahmins. It can only be spoken when you change from shudras into Brahmins, the mouth-born creation of Brahma. The third eye of knowledge of Brahmins has opened and this is why it is said, "When the Satguru gives the ointment of knowledge, the darkness of ignorance is dispelled." Children say: Baba, take us away from this world of hell to heaven. These are the versions of God Shiva, the versions of Shivacharya (Shiva, the Teacher). Shivacharya teaches you unlimited renunciation whereas Shankaracharya has limited renunciation. The unlimited Father says: Forget this old world. You now have to go to the world of constant happiness. They speak of the land of Krishna and the land of Kans. The golden age is the land of Krishna, whereas the iron age is called the land of Kans. The two cannot exist at the same time. How could Kans (a demon) exist in the golden age? Everything has to be considered with the intellect. The Father Himself has now come to give you the infinite happiness of heaven. Baba says: In

this last birth you study to whatever extent you can, but then the kingdom is established. The Father comes and changes you from shūdras into Brahmins and then into deities. Those people convert Hindus into Christians or Buddhists. Have you ever heard of the clan of shudras being converted into the Brahmin clan? This is Shiv Baba's task. He is changing Brahmins into deities once again. Each of you should ask yourself: Which religion and which clan did I belong to previously? Who was my guru? Which scripture did I study? What mantra did I receive from the guru? When did Shiv Baba bring me into the Brahmin clan through Brahma? Make everyone write this. Now the Father says to you children: Remember Me. Maya, Ravan, made your state so bad. You have now become the Brahmin community and you will then become the deity community. The Incorporeal, the Supreme Father, the Supreme Soul, has *converted* you. You children should make everyone write which religion they belonged to and whom they worshipped previously, and whether they had a guru or not. Who brought them into the Brahmin clan? This Baba also writes: I used to belong to the Hindu religion. I had many gurus and studied many scriptures. Those of the Sikh religion would say that they belong to the Sikh religion. It is only the people of Bharat who don't know about their deity religion. It is not that those who belong to the Sikh religion would call themselves deities. They would all call themselves according to their own religion. Now the Father says: Tell all of this to the devotees of Shiva and to the devotees of the deities who are the creation of Shiva. Only they will listen properly. In the golden and silver ages, there were the sun and the moon dynasties. Their images also exist. In *English*, it is called *deityism*. Baba is now establishing the deity religion. You are now changing from the Brahmin clan into the deity clan. It is the people of Bharat who become worthy of worship and worshippers. In the golden age you were worthy of worship. Baba says: I am *ever*-worthy of worship. You have now come here to study Raja Yoga and to claim an inheritance for your future 21 births from Shiv Baba. Therefore, you should *follow* Him. Unless you belong to the Brahmin clan, how could you be called Brahmins? Achcha. Today is the day to offer bhog. There is also a system of feeding Brahmin priests but that has no connection with knowledge. Here, there is the meeting of the Ocean of Knowledge and the Ganges of knowledge. There, in the subtle region, there is a meeting of you Brahmins and deities. There is no question of becoming confused. The Father says: Continue to break your attachment to your body and bodily relations. Remember Me alone and your final thought will lead you to your destination. I promise that I will send you to heaven. Ask in *class* every day: Will you make a promise to Shiv Baba? Shiv Baba says: Follow My directions. The Father's shrimat is very well known. Shrimat means elevated directions. The directions of Brahma are also remembered. Shiv Baba, the Father of Brahma, is higher than Brahma. When you sit to have your meals, remember Shiv Baba. He is your *most beloved* Father. It is as though you are eating meals with Him. Through this remembrance, you will receive a lot of strength. However, you children repeatedly forget this. Now Bharat also needs Shiv Baba's instructions because only the Father is the Bestower of Salvation for All and the Purifier. Remember the Father and the inheritance. Maya creates many types of obstacle, but you must not be afraid of her. Knowledge is very easy. However, it does take effort to stay in remembrance and to connect your intellect's yoga to One. It is better to remember Shiv Baba than to stumble elsewhere. It is not even a question of studying the Gita, since the Father Himself has come. All the other scriptures are its children and you cannot receive your inheritance through them. Only from the unlimited Father can you receive the unlimited inheritance. Achcha.

BapDada is sitting in front of the children. The Father says: I, your Father, am giving everyone of you love and remembrance from Mama, Dada and the children through Brahma.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Keep the *most beloved* Father with you while eating your meals. Connect your intellect's yoga to the one Father. Follow shrimat of the One.
2. Remove the unlimited old world from your intellect. It is this that you have to renounce.

Continued on Page 14

Essence: Sweet children, never *mix* the dictates of your own mind with shrimat. To follow the dictates of your own mind means to cross out your fortune.

Question: Which hope should children not have in the Father?

Answer: Some children say: Baba, cure my illness! Have mercy! Baba says: Those are your old *organs*. There will be a little difficulty, but what can Baba do about it? Why do you ask for mercy from Baba when someone dies or goes bankrupt? Those are your karmic accounts. Yes, with the power of yoga, your lifespan can increase. To whatever extent you can, do everything with the power of yoga.

Song: You wasted the night in sleeping and the day in eating...

Om shanti. The meaning of 'Om' has been explained to you children. 'Om' does not mean God. 'Om' means 'I', that is, the self. Who am I? The *organs* belong to me. The Father also says: I am a soul, but I am the Supreme Soul, that is, God. He is the Supreme Father, the Supreme Soul, the Resident of the supreme abode. He says: I am not the master of this body. You have to understand how I am the *Creator, Director* and *Actor*. I am definitely the Creator of heaven. After having created the golden age, I definitely have to inspire the destruction of the iron age. I do this because I am Karankaravanhar (the One who acts and also acts through others). Who says this? The Supreme Father, the Supreme Soul. Then, He says that He is also the Master of Brahmand. You too are masters of the land of the brahm element when you stay with the Father. It is also called the *sweet home*. At the time of creation of the new world, He first creates Brahmins who later become deities. They take the full 84 births. Shiv Baba is *ever* worthy of worship. Souls have to take birth and rebirth, but there cannot be 8.4 million births. The Father says: You don't know your births; I tell you about them. "The cycle of 84 births" should be said, not 8.4 million. By remembering this cycle, you become the rulers of the globe. Now the Father says: Remember Me alone. Forget the body and all your bodily relations. This is now your last birth. These aspects will not be understood until they enter your intellect. This is an old body and an old world. This body will be destroyed. It is said: When you die, the whole world is dead for you. This is the short period of the confluence age to make effort. Children ask: Baba, for how long will this knowledge continue? The knowledge will continue to be given until the future deity kingdom is established. When the examination finishes, you will be *transferred* to the new world. Until then, something or other will continue to happen to the body. This physical sickness is also the suffering of karma. This body, that belongs to Baba, is very lovely, yet it coughs; this too is the suffering of karma. Baba says: These *organs* of yours have become old. This is why there is difficulty. You should not have any expectation that Baba will help in this. If you go bankrupt, or if you become ill, the Father would say that that is your account of karma. Yes, your lifespan will increase through the power of yoga and you will receive a great deal of benefit. Make effort for yourself, but don't ask for mercy. There is benefit in having remembrance of the Father. To whatever extent you can, do everything with the power of yoga. There is a song: Hide me in Your eyes. Something that is loved is called the jewel of the eyes and is loved even more than life. This Father is loved the most, but He is incognito. This is why you are unable to have constant *love* for Him. Otherwise your *love* for Him should be such, don't even ask! The Father hides the children in His eyes. 'Eyes' are not these physical eyes. You simply have to remember with your intellect who is giving you this knowledge. He is the *most beloved* incorporeal Father, whose praise is: The Purifier, the Ocean of Knowledge, the Ocean of Happiness. People call Him omnipresent. In that case, every human being should be the ocean of knowledge, the ocean of happiness. But no, every soul has received his own imperishable *part*. These are very incognito aspects. First, you have to give the Father's introduction. It is the parlokik Father who creates heaven. In the golden age, the land of truth, there is the kingdom of deities which is the new world that the Father creates. You children know how He creates it. He says: I come to purify the impure. I have to come into the impure world to make them pure. It is said: Creation through Brahma. Therefore, Baba speaks the knowledge through his mouth and teaches you how to perform elevated actions. He tells you children: I teach you such actions that your actions will not be sinful, because Maya doesn't exist there. Your actions are neutral there. Here, there is Maya. Therefore, your actions are only sinful. Whatever you do in the kingdom of Maya is wrong. Now the Father says, you know everything from Me. Those people make spiritual endeavour in order to meet the Supreme Soul. They teach many types of hatha yoga etc. Here, you only have to remember the one Father. It is not necessary for you to say "Shiva, Shiva". This is the pilgrimage of the intellect. The more you stay in remembrance, the closer you will come to the Father and become beads of the rosary of Rudra. This is the *race* to become the garland

around Shiv Baba's neck and to come closer in the rosary of Rudra. Keep a *chart* and your final thought will lead you to your destination. You should have such a stage that you don't even remember your body. The Father says: You have now received a life like a diamond. Therefore, My dear children, children who are conquerors of sleep, remember Me for at least 8 hours. That stage has not come as yet. Keep a *chart* of how long you remained on the pilgrimage of remembrance throughout the whole day. Did you come to a standstill? By remembering the Father, the inheritance will also remain in your intellect. This is the family path. The deity religion of heaven established by the Father is *number one*. The Father teaches you Raja Yoga and makes you into the masters of the world. Later, this knowledge disappears. So, how could this knowledge appear in the scriptures? The Ramayana etc. were created later on. The whole world is Lanka; it is the kingdom of Ravan. Human beings, who are like monkeys, are made pure and worthy to be in a temple, and the kingdom of Ravan is destroyed. The Father, the Bestower of Salvation, gives knowledge and grants salvation. He grants salvation at the end. The Father now says: Children, put everyone else aside and listen to Me alone. Who am I? You first need to have this faith. I am that same Father of yours. I am once again telling you the essence of all the scriptures. The Father personally gives this knowledge. Then destruction will take place. Then, later on in the copper age, when they start searching, the same Gita and scriptures will emerge. The same paraphernalia that you are seeing now is definitely needed for the path of devotion. The knowledge of others has continued from time immemorial, whereas this knowledge ends here. Later, when they search, it is these scriptures etc. they acquire. This is why they call them eternal. It is in the copper age that these scriptures emerge. Therefore, I come again and speak the essence of all the scriptures. Then, the same *repetition* will take place. Some believe in *repetition* and others say something else. There are many opinions. Only you children know *the history and geography of the world*. No one else knows it. They have made out that the duration of the cycle is hundreds of thousands of years. There are many who say that it has been 5000 years since the Mahabharat War took place. This is that same war. Therefore, there must surely be the God of the Gita. If that were Krishna, he would be one with the peacock-feathered crown. But Krishna only exists in the golden age. That same Krishna cannot exist now. Even in his next birth, he cannot have those same celestial degrees. If he has to become 14 celestial degrees from 16 celestial degrees, then there has to be a little difference birth by birth. In fact, there are many with peacock-feathered crowns. Krishna is at first 16 celestial degrees full. His degrees continue to decline slowly through re-birth. This is a very deep secret. The Father says: Do not waste your time just walking and going around. This is the only time to earn an income. Those who have a lot of wealth think that it is heaven for them here. The Father says: Congratulations to you for your heaven! The Father is the Lord of the Poor. Donations are given to the poor. It is easy for the poor to *surrender*. Yes, sometimes, a few wealthy ones also emerge. These things have to be understood clearly. The consciousness of the body also has to be renounced. This world is about to end and we will return to Baba and the world will become new. Some will even go in *advance*. The mother and father of Krishna have to go in *advance*, so that they can give birth to Krishna. The golden age begins with Krishna. These are very deep matters. It has to be understood who will become his mother and father and who is worthy of claiming the *second number*. You can also understand this through their *service*. Some even *gallop* ahead through *luck*. This is happening now. Those who come later are doing *first-class service*. You children are rup and basant. The Father is also called Basant. He is the *Star*. He is not that large. The Supreme Soul is God. The form of a soul is not large. They have shown a larger form so that people don't get confused. Shiv Baba is the Highest on High. Then there are Brahma, Vishnu and Shankar. Brahma becomes subtle (*avyakt*) from physical (*vyakt*). There are no other images. The dual-form of Vishnu becomes Lakshmi and Narayan. Shankar's *part* is only in the subtle region. He doesn't play any *part* in the physical world, nor does he relate the story of immortality to Parvati. Those are the stories of devotion. Those scriptures will emerge again. They have as much truth in them as a pinch of salt in a sackful of flour. They have said that the words of the Shrimad Bhagawad Gita are *right*. However, they then say that Shri Krishna is God. That is absolutely *wrong*! The praise of the deities is separate. The Highest on High is the Supreme Father, the Supreme Soul. The praise of the One who is remembered by all is different. Not everyone can be the same. The concept of omnipresence has no basis. You are the spiritual *salvation army*. However, you are incognito. You cannot have physical weapons. Your weapons are the arrows of knowledge and the sword of knowledge. Effort lies in becoming pure. You have to make a pledge to the Father: Baba, I will definitely become pure and claim the inheritance of heaven. It is the children who receive the inheritance. The Father comes and gives you blessings, whereas Maya, Ravan, curses you. Therefore, there should be great love for the *most beloved* Father. He does selfless service for the children. He comes into the impure world and enters an impure

body to make you children worth diamonds and then goes and stays in the land beyond sound. At this time, it is the stage of retirement for all of you. This is why Baba has come. When everyone's light is ignited, you all become very sweet; you have to become as sweet as Baba. It is also sung "Baba is so sweet, so loving..." However, Baba serves you children with such an egoless stage. In *return*, you children have to do a lot of *service*. This *hospital-cum-university* should be in every home just as people have a temple (shrine) in their home. You children give *health and wealth* for 21 births on the basis of *shrimat*. You children must also follow *shrimat*. If you follow the dictates of your own mind, you cross out your own fortune. Do not cause sorrow to anyone. Just as the maharathis are doing *service*, so you have to *follow* them. Make effort to be seated on the heart-throne. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for Dharna:

1. Become as egoless as the Father and do *service*. Give the *return* from your heart of the *service* you are taking from the Father. Become very sweet.
2. Do not waste your time while moving around. *Race* to become part of the garland around Shiv Baba's neck. Practise not to remember even your body.

Blessing: May you be loving to the Father and the family and, with the courage of truth, become trustworthy.

The boat of truth is faith. When there is *honesty* in the heart and head, the Father and the family automatically have love for you in their heart and also trust you. Because of having that trust, they give you *full rights*. Such souls are automatically loved by all. Therefore, with the courage of truth, become trustworthy. Do not try to prove the truth, but become an embodiment of success and you will continue to move forward at a fast speed.

Slogan: Those who have the treasures of peace and purity are the wealthiest of all.

*** O M S H A N T I ***

Murli of 24/05/07 – Continued from Page 11

Blessing: May you be a *master* almighty authority and play the game of *service* and hand over all your responsibilities to the Father.

While performing any task, always have the awareness that the Almighty Authority Father is your Companion and that you are *master* almighty authorities and there will then not be any type of heaviness. When you consider something to be your responsibility, your head becomes heavy. Therefore, give all your responsibilities to the Father in your Brahmin life and *service* will be experienced to be a game. No matter how intellectual your work may be, or how much *attention* it requires, by having the awareness of the blessing of being a *master* almighty authority, you will remain tireless.

Slogan: On hearing the melody of the murli become the true gopikas and forget the consciousness of the body and swing in the swings of happiness.

*** O M S H A N T I ***

Essence: Sweet children, by following the Father's directions, you become elevated. By following Ravan's dictates, all your honour turns to dust.

Question: What are the signs of heir children who claim their Godly *birthright*?

Answer: Heir children: 1) *Follow* the Father fully. 2) They keep themselves very safe from the company of shudras. They never become influenced by their company and do not *mix* the dictates of their own mind with the Father's directions. 3) They tell the Father their true account. 4) By cautioning one another, they continue to make progress. 5) They never think of letting go of the Father's hand.

Song: Mother, O mother, you are the bestower of fortune for all...

Om shanti. You children heard the song. This is the praise of the Jagadamba (World Mother), Kamdhenu (cow that fulfils all desires). This is the praise of Jagadamba. In fact, in an incognito way, she too is the Brahmaputra River. It is sung: You are the Mother and Father and we are Your children. Shiv Baba creates children through the lotus mouth of Brahma. So he is the mother. These are very deep matters. These things are not mentioned in the scriptures. Baba has explained that the scriptures are the paraphernalia of the path of devotion. The Father sits here and explains to you the essence of all the scriptures. It isn't that He speaks the Gita. No, the Father Himself is the Ocean of Knowledge. Although this one has studied the Gita and the Bhagawad, you wouldn't say of Shiv Baba that He has studied everything. No, He is *knowledge-full*. He says: I am the Seed of this human world tree. I have the *knowledge* of the beginning, the middle and the end of the world. The Father says: I speak of this through Brahma. Then, everything He has spoken will disappear. The true Gita that you have written now will also not be with you. The Gita etc. are scriptures of the path of devotion and they will emerge again. No one receives salvation by reading those scriptures etc. You children know that these 5 or 6 billion *actors* are at first in the land of liberation without a body. Then they come here, adopt a body and play their *part*. That imperishable *part* is recorded in souls. There is just one world cycle and its Creator is only One. There is only one world cycle that turns. This *drama* is eternally predestined. In the golden age there used to be the kingdom of deities. You are now becoming those once again. The Supreme Father, the Supreme Soul, first of all created the Brahmin world through the mouth of Brahma. First of all, there is the new world of the confluence. There is the old and the new. Brahmins are the topknot. The feet and the topknot are said to be the confluence. You Brahmins are doing spiritual service of the world with the Father. The Father is serving the spirits. You too are serving spirits, that is, you are making them satopradhan from tamopradhan. Therefore, only those who follow the Father's shrimat will claim the highest-on-high status. You children have to become elevated by following shrimat. You children know that you were deities, the sun dynasty, and that you then became the moon dynasty and then Maya made you lose your honour, and, from being worthy of worship made you into worshippers, impure. Human beings become elevated by following shrimat. Then, by following the dictates of Ravan, all your honour turns to dust. Now, by following Shiv Baba's directions, you will become deities in the new world. Follow shrimat at every step. Gandhiji also wanted a new Bharat and a new kingdom. However, the golden age is called the new world. Here, day by day, sorrow continues to increase. Baba says: Sorrow has to increase. This is why I come. I come according to the promise I made and I teach you easy Raja Yoga once again. The scriptures are created later. The same Gita etc. will be created again. Now, everything will be destroyed in the flames of destruction. You know this cycle. You children have to go and explain in *schools*. Your *history* and *geography* is limited. That cannot be called *world history* and *geography*. Children should be taught the unlimited *history* and *geography* so that they can then claim a high status. Through limited *history* and *geography* you receive a limited status. This is unlimited. The knowledge of all 3 worlds is included in this. At the beginning, there are many souls living in the incorporeal world. By the end, all the souls have come down here. The *parts* of Brahma, Vishnu and Shankar, residents of the subtle region, exist at this time. So you can ask them if they know that there used to be the kingdom of Lakshmi and Narayan in the golden age. What happened then? Was it the kingdom of just the one Lakshmi and Narayan till the end of the silver age? For how long did they rule and over how large an *area* did they rule? Now they have even *partitioned* the sky and the earth. These things do not exist there. There, there is the unlimited kingdom in Bharat. Now it has been divided into so many pieces. It is not possible for all of them to become united and become one. The Father is now telling you the unlimited *history* and *geography*. The *world history* and *geography* is included in the cycle of 84 births. Together with this, purity is also definitely needed. Now there is *no purity, no peace and no prosperity*.

People think that they can receive peace by going to the sannyasis. The Father says: Peace is the garland around your neck. In fact, the original religion of oneself, a soul, is peace. Where do souls reside? They are said to reside in the land beyond sound (nirvana). Since the original religion of souls is peace, what peace are you going to receive from gurus etc? It is Maya that makes you peaceless. When you conquer Maya by following shrimat, you can receive your inheritance of purity, peace and happiness in the golden age. There, no one would say that he is peaceless or that he needs peace. There used to be purity, peace and happiness in Bharat alone. You have now changed from shudras into Brahmins. At this time the people of Bharat don't know which religion they belong to. Who created our religion and when? No one knows about the original eternal deity religion. There is Aryan and Non-Aryan. Deities are said to be gods and goddesses because God Himself established heaven. However, they are still called deities. The religion of Bharat is the original eternal deity religion, not the Hindu religion. The Father is explaining all of these things to you. This sits in the intellect of you children numberwise. There are many children who hardly remember Shiv Baba even once in a whole week. Because of not having right company, they forget to remember Him. Here, you need the company of Brahmins who continue to caution one another. If you have the company of shudras, it will definitely affect you in some way. You should *follow* the Father in order to claim your full inheritance from Him. While doing your business, tell Baba the truth: Baba, this is how much I stayed in remembrance while interacting with others, at the *factory* and at home etc. You should send your *chart* of remembrance to Baba so that Baba can understand that you are a good effort-maker. Here, some don't even write a letter to BapDada. Baba understands that some make satopradhan effort, some make rajo effort and others make tamo effort. Those who are tamo effort-makers will come and serve those who become the sun dynasty. They will also become servants of wealthy subjects. An even lower status than that is received by those who belong to the Father, who are amazed by the knowledge as they listen to it, relate it to others, and then divorce the Father. Their condition is the worst of all. If you want to claim your full inheritance, then send your chart to Baba so that Baba can give you the *result*. If you don't make full effort, Maya will completely swallow you. This is why Baba says: The right company is essential. If you have the right company, you will understand that you belong to God's clan. The Father explains: Husband and wife may live together. If fire breaks out, everything is finished. Baba has many children. Many will come and many will die. The Godly *birth* is higher than a worldly, devilish *birth*. Nowadays, many people celebrate their worldly *birthdays*. That should be *cancelled* and spiritual *birthdays* should be celebrated so that it becomes firm. Baba advises: *Cancel* celebrating your old *birthday* and celebrate your new birthday. Nowadays, they even celebrate their wedding anniversaries. That too should be *cancelled*. There have to be some *changes*. The Father tells you long-lost-and-now-found children: This is not anything new. You have lost your fortune of the kingdom many times and have then claimed it back again. Every cycle you *sacrifice* one birth to the Father and attain happiness for 21 births. Therefore, why should you not become pure? Baba, I will follow Your shrimat. You have been following devilish directions for half the cycle and so you have to remain very cautious here. The inheritance is very big; don't even ask! When students fail their examinations at *school*, their face grows pale. Here, a lot of punishment has to be experienced. Baba gives you visions of that: I, Myself, taught you and told you to follow shrimat and you didn't obey Me. You committed such a crime that one hundredfold punishment has been accumulated because you created obstacles to the Father's *service*. You have had the Father defamed. Those who follow shrimat will always be very sweet. If you become angry with someone, then understand that you are following devilish dictates. Some think that Baba lost their honour in a gathering by saying something about them in front of everyone. Oh! but the unlimited Father is making everyone increase their honour. Baba has so many children. Would He explain to each one privately? The Father says everything in front of everyone. It is only by following the Father's shrimat that you will become the most elevated of all. If you follow your own dictates you will fall. By falling, you will eventually die. Here, there is a pyre of worries. The Father is taking you to a place where there is no mention of worry. Therefore, you have to follow shrimat. Then you can become whatever you want. You need courage in order to be able to marry Shri Lakshmi. Look at your face in the mirror to see to what extent you are worthy. Continue to take *knowledge* for as long as you live. You are children of Jagadamba (World Mother). The praise of Mama is also the praise of you children. Jagadamba becomes the main one. There is the rosary of 16,108. When they create a sacrificial fire, they make hundreds of thousands of saligrams and one image of Shiva. Therefore, surely all of those were helpers. All of you are those on the spiritual pilgrimage. You are the mouth-born creation of Brahma, the confluence-aged Brahmins. The Supreme Father, the Supreme Soul, creates a new creation through Brahma. He has adopted children. You have converted from the shudra

religion and become the mouth-born creation of Brahma. Maya is a great enemy. She doesn't allow you to have yoga. Baba says: Never ask to be especially seated in yoga. If you instil the habit of especially sitting down in one place to have yoga, you won't be able to have yoga while walking and moving around. You would then say: I will go and sit with Didi to have yoga. The Father says: Remember the Father and the inheritance while walking and moving around. That's all! The people who relate the Gita cannot say this. Only the Father says: Constantly remember Me alone! You have had visions of heaven. Baba doesn't make you do a lot now. Otherwise, new people would think that you have magic here. The song was about Mama's praise. Even this one (Brahma) is a mama (mother). However, Jagadamba has been appointed to look after the mothers. It is fixed in the *drama*. She is the cleverest of all. The murli she conducts is very sweet and nourishing. You children know that *Prince* Shri Krishna has now become a *beggar*. (Looking at the picture of Shri Krishna). Tell me, what actions did you perform that you became a *prince* of heaven? You must definitely have studied Raja Yoga in your previous birth. Surely, the Father is the Creator of heaven, and so He must have taught you. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Don't become an obstacle to the Father's *service*. Follow shrimat and become very, very sweet. Don't be angry with anyone.
2. In order to protect yourself from Maya, be very careful of the company you keep. Don't keep the company of shudras. Give Baba your true account. Celebrate your spiritual *birthday*, not your worldly *birthday*.

Blessing: May you be a *master* almighty authority, one with all powers, and use your *birthright* of all powers at every moment.
All the powers are the Father's treasures, and the children have a right to those treasures. Those who have a right over something would make it function in the way they want. In the same way, when you have a right over all powers, you will be able to become a *number one* victorious soul. Therefore, *check*: Is every power being used at the right time? In every situation, *use* the power with your right. Only when you have the practice of using all the creation, the powers, over a long period of time will you be called a *master* almighty authority, one with all powers.

Slogan: No great task can be accomplished without zeal and enthusiasm.

*** OM SHANTI ***

To celebrate Maha Shiv Ratri means to make a promise, to hold a fast and to sacrifice yourself.

Today, the Father, the Great Divine Light (Divya Maha Jyoti) is meeting His children who are points of light (jyoti bindu). BapDada is the Great Light and you children are also the form of great light. So the Father, the Divine Light is meeting the souls who are divine lights. This Great Light is so lovely and unique. BapDada is seeing the light that is sparkling in the middle of the forehead of each of you. This is such a divine and lovely scene. Baba is seeing such a beautiful gathering of the sparkling spiritual stars. The constellation of these spiritual stars of light is alokik and extremely beautiful. Are all of you also seeing your sparkling form of a point of light in this constellation of divine stars? This is the Maha Shiv Ratri. Together with Shiv Jyoti, there are all you innumerable jyoti bindus, the saligrams. The Father is great and the children are also great. This is why Maha Shiv Ratri is remembered. You are such fortunate and elevated souls that you are celebrating Shiv Ratri in the living form, in the corporeal form with Father Shiva. Never in your thoughts or even in your dreams did you think that you are the saligram souls who would celebrate such an alokik Shiv Ratri. All of you celebrate it in the living form. You now see the memorial of this in the form of the devotees who celebrate it with real feeling for the non-living images. Because of their true love, true devotees experience a form of love from the images whereas you saligram souls are those who personally celebrate with Baba. So, how great your fortune is! Millions, multimillions, or multibillions are nothing compared to your fortune! This is why all of you children say with the sparkle of faith: We saw and we attained. Is this the song of all of you or only of some of you? Do all of you sing this? Or, do you sing: We will see, we will attain at some point? Have you attained or have you yet to attain? Do the *double* foreigners think that they have attained? You have seen the Father, have you not? You say with your heart that you have seen the Father and found Him. Let alone having seen Him and found Him, you have made Him belong to you. The Father now belongs to you, does He not? Look, the Father belongs to you, and this is why He comes when you tell Him to. So, you are those who have a right, are you not?

What are the specialities of Maha Shiv Ratri? Firstly, you make a promise to the Father. Secondly, you hold a fast out of love for the Father because out of love and happiness you forget everything. This is why you hold a fast. You eat the nourishment of happiness, and so there is no need for any other nourishment. You hold a fast because of the happiness of celebrating a meeting. To hold a fast is a sign of happiness, and to hold a fast also means to have the feeling of renunciation out of love. To give up something is a sign of the feeling of renunciation. Thirdly, Shiv Ratri means to sacrifice yourself. As a memorial, people offer a physical sacrifice. However, it is to surrender yourself with your mind, intellect and relationships – this is the true sacrifice. So these 3 specialities are the specialities of Maha Shiv Ratri. To celebrate Shiv Ratri means to put these 3 specialities into your *practical* life, not just to speak about it, but to do it. Your speaking and your doing should always be equal. BapDada also heard the good news of the children, and how all of them, both the children of Bharat and the *double*-foreign children, all of them, made a promise in a *practical* form for Maha Shiv Ratri. A promise means your speaking and doing are both equal. It is very good. First of all, all of you gave BapDada your promise and your elevated thought as the greatest *gift* for His *birthday*. So BapDada is also giving *thanks* to all the children for their *gift*. The promise you made as a *gift* will constantly continue to make you powerful in your awareness. Do not think in advance: I am making a promise, but I don't know whether I will be able to continue or not, whether I will be able to fulfil it or not. To think in this way means to invoke weakness. Weakness means Maya. When you yourself invoke it, then the weakness is ready in advance to come. You yourself are inviting her to come. Therefore, when you create a thought or perform any action, stabilise yourself in a powerful stage, and do it with power. Do not *mix* in weak thoughts. Have the elevated thought: If I have courage and *attention*, I will definitely receive help from the Father. By putting your promise into a *practical* form in this way, you will experience everything to be easy. Always think that you are a victorious soul of many cycles. The happiness of victory and the intoxication of victory will make you powerful. Victory is tied to you Brahmin souls as your constant companion. Where else can it go? Did victory accompany anyone except the Pandavas? You are those same Pandavas, are you not? Since the Father is your Companion, victory is also your companion. Continually *check* that the tilak of victory is always on your forehead. Those who have become the garland (haar) around God's neck can never be defeated (haar). You are seeing your memorial as a completely victorious soul in the form of the rosary of victory, are you not? There isn't the praise of the rosary of victory and defeat. No, it is the rosary of victory. So you are the victorious beads, are you not?

So the beads of the rosary of victory can never be defeated. So whatever thought each of you had, BapDada saw the entire *scene*. You made a promise with good zeal and enthusiasm in great happiness. All of you living saligrams have made a promise, and so the devotees also celebrate the memorial of that. Achcha.

Have you sacrificed yourselves? To sacrifice yourself means to have great strength. What do you offer as a sacrifice? Weaknesses. When you have sacrificed all your weaknesses, what do you become? You become someone with great strength. The greatest weakness is body consciousness. To surrender body consciousness means to surrender even its progeny, because the subtle progeny of body consciousness is so huge. There are many little and large forms of body consciousness. So to sacrifice body consciousness means to surrender it with its progeny. You must not even keep the slightest trace of it. If even the slightest trace of it remains, it will repeatedly pull you like a magnet and you will not even know about it. Against your wish, the magnet will pull you towards itself. Do not think that you should put some form of body consciousness aside to use at some time later on. What do you then say? That you cannot do anything without it. Of course you can, but then victory is only visible for a temporary period. You consider arrogance (*abhiman*) to be self-respect (*swaman*). However, in this temporary victory, defeat is merged for a long period of time. That which you consider to be defeat for a short period of time enables you to claim victory for all time. Therefore, to surrender body consciousness with all its traces, too, is called sacrificing oneself to Father Shiva, that is, to become someone with great strength. You have celebrated such a Shiv Ratri, have you not? You have to imbibe this fast. Those people hold a fast of physical things, but what fast do you observe? Through your elevated attitude, you hold a fast that you will constantly finish the weak attitude and adopt a pure and elevated attitude. When your attitude is elevated, the world will also be seen as elevated, because your attitude has a *connection* with your vision and actions. Anything good or bad is first instilled into your attitude, and then it enters your words and actions. For your attitude to be elevated, means your words and actions will automatically be elevated. Your special service of world transformation is also brought about through having a pure attitude. You create the *vibrations* and the atmosphere through your attitude. To imbibe this fast of an elevated attitude is to celebrate Shiv Ratri. You have already heard that to celebrate means to become; to speak about something means to do it practically. In the language of other people, those souls who have attained success are called successful beings, and you call them the souls who are embodiments of success. So whatever thoughts they create for themselves or for others take practical shape in their actions. Whatever words they speak take on a practical form. You call this 'sat vachan', the true versions that take on a practical form. So, you are the greatest souls who are embodiments of success, are you not? So your words and thoughts will become true, will they not? To become true means for them to be worthwhile. For them to take on a practical form means for them to be worthwhile. So always have the consciousness that you are the souls who are embodiments of success. Therefore, every thought, every word and every action of you souls who are embodiments of success enables you and others to attain success. They are not wasteful. If you do something as soon as you say it, it is worthwhile. If you said something and thought about it, but did not do it, it became wasteful. Some think that they have very good thoughts and very good ideas, that they have very good enthusiasm for the self and for service. However, it only remains in their thoughts; it does not come into their *practical* actions, in a *practical* way. So what would you call that? They have very good thoughts, but why is there a difference in their action? What is the reason for this? If a seed is very good, but the fruit that emerges from it is not good, what would you say? That something is lacking in the earth or in the care of it. In the same way, the seed of the thought is good. The thoughts reach BapDada. BapDada also becomes happy that you have sown a very good seed, that you have had a very good thought and that you are now about to receive the fruit. However, what happens instead? You lack the earth of determination and the precaution of repeatedly paying *attention*. BapDada continues to watch the amusing games. Just as children fly a *gas* balloon, they fly it filled with a lot of *gas* and become very happy that the balloon is flying high, that it is flying very well, but from flying, it comes down, similarly you must never become disheartened in your efforts: I have to do this, it has to happen, I have to become this. The rosary of victory is my memorial. Do not ever become disheartened and say: Achcha, I will do it at some time, I will see about it. No. Never mind tomorrow, you have to do it now! If you give disheartenment a place for a few *seconds* or a few *minutes* within yourself, it will not go away easily. It also enjoys being with Brahmin souls. Therefore, never become disheartened. Do not have any arrogance, and do not become disheartened. Some become arrogant and some become disheartened. Neither of these allows you to become one with great strength. Wherever there is arrogance, there is a greater feeling of insult. Sometimes there is arrogance and sometimes there is insult: you continue to play with both of these. Where someone hasn't any arrogance, if that one is insulted, he will not feel it to be an

insult. He will always remain humble and *busy* in the task of renewal. Only those who are humble can renew something. To celebrate Shiv Ratri means to be humble and to engage yourself in the task of renewal. Do you understand?

So, today, all of you should hoist the flag of victory with the rope of elevated thought in your heart. To hoist a physical flag is a system or method of service for Brahmins. However, as well as this, let the flag of victory also be constantly flying. When something sorrowful happens, the flag is brought down, but your flag can never come down. It is constantly high. So, you will hoist such a flag, will you not?

Achcha, BapDada also received the *result* of the Year of Tapasya. Each of you became your own *judge* and gave yourself a *number*. You did well. From the *result* of the *majority* everywhere, it has been seen that the Year of Tapasya has drawn everyone's *attention* to the effort of the self very well. Since your *attention* has been drawn, *tension* will go away, will it not? So, the *total result* of many of you is good. There is a *majority* of you in the *second number*. There are also those in the *third number*, and there are only a few who have claimed the *first* or *fourth number*. Compared to the *second number*, there are very few in the *first* and *fourth* numbers. However, the *majority* are those with *second* or *third number*. BapDada is happy about one thing in particular, that all of you have given importance to this Year of Tapasya. This is why, though the *paper* came, the *majority* of you have *passed* very well. The thought you had, that you have to do tapasya - the power of this thought has given you co-operation. This is why the *result* is good; it is not bad. Congratulations! However, now, the Dadis will give you a *prize*. The Father has already given you a *prize* of "You are very good, you are very good!". Do not think that now the Year of Tapasya has finished, you can become careless. No, you have to claim an even bigger *prize*. You were told that you have to claim the *prize* of the *balance* between karma and yoga. You have to experience the *blessings* of the *balance* between service and tapasya, and just claim the *prize* in name. The true *prize* is that of *blessings* from the Father and the family. You are all receiving them anyway.

Achcha, today you have created a subtle region. It is good. A very good atmosphere has been created. Compared to that world of light, this decorated subtle region seems like a *model*. Even so, the zeal and the enthusiasm of the children and the atmosphere definitely pull the attitude. So, are all of you sitting in the subtle region? While in the corporeal body, become residents of the subtle region and celebrate a meeting with your mind. BapDada is happy that children have so much love for the subtle region, and this is why you have created it. You have created it with a lot of effort and love. You have created it with the elevated thoughts of zeal and enthusiasm. This is why BapDada congratulates all those who have had the thought and all those who put it into the corporeal form. This is also a game within the unlimited game. Which other games would you play? Sometimes, you would create heaven and sometimes you would create the subtle region. These are the games you would play, are they not? This is good. This pulls your intellect. Achcha.

To all the jyotibindu saligrams from everywhere, congratulations for the divine birth of the Father and the divine birth of the children.

To the most elevated souls who are constantly embodiments of success, to the constantly sparkling divine stars who are constantly beyond arrogance and insult and who remain stable in their self-respect, to the souls who ignite the lamps of elevated hopes, of elevated effort and elevated service with zeal and enthusiasm, to the Shakti Army who have the power of Shiva and who constantly hoist the flag of victory in their heart, to the children who are embodiments of success who constantly and easily experience success in their efforts, love, remembrance and namaste from BapDada.

Blessing: May you be a spinner of the discus of self-realisation and by keeping the knowledge of the time in your awareness, finish all questions.

The children who are spinners of the discus of self-realisation, and who have a vision of themselves, automatically have a vision of the world cycle. Those who understand the secrets of the *drama* always remain happy. They cannot ever have questions such as "Why?" or "What?" because according to the *drama*, they themselves are benevolent and the time is also benevolent. Those who look at the self and become spinners of the discus of self-realisation easily continue to move forward.

Slogan: In order to do true service of many souls, become one with pure and positive thoughts.
