

- Essence:** Sweet children, become as merciful as the Father and give everyone the donation of life. Make arrangements to create the fortune of many others.
- Question:** At this time, every person in the world is poor. Therefore, what facilities do you have to give them?
- Answer:** Fill the aprons of those who come to receive even a little bread of the imperishable jewels of knowledge from you with a lot of love. Give everyone happiness. Interact with everyone with love. No one should sulk with you. Many people come to you to receive the donation of their life and you must therefore continue to open your treasure-stores. Your door should remain constantly open in order to make them fortunate. If, instead of giving them the donation of life, you kick them out, it is a very big sin.

Song: Do not forget the days of your childhood...

Om shanti. You children heard the song. The unlimited Father, the Supreme Soul, Shiva sits here and explains through the body of Brahma: Children, don't forget this childhood where you belong to the Mother and Father. You never forget your worldly childhood. Children live at home with their parents; they know their mother and father. As they continue to grow older they gradually come to know the *occupation* of their parents. You have now become the children of the incorporeal Father. The Father is the Treasurer; He continues to give you imperishable jewels of knowledge. You fill your apron with the imperishable jewels of knowledge for your future 21 births. If you forget your Mother and Father, your apron will become empty. You children have come here to make your lives elevated. You are claiming a very important inheritance. You children come here to the Father to become very prosperous. From being poor, you come here to become wealthy. Everyone is poor. The poor come to earn their livelihood, that is, to claim their right to their inheritance for 21 births. Therefore, you children have to offer every type of facility for them to claim their imperishable treasures of knowledge because these treasures cannot be found anywhere else. You have to give everyone happiness. Interact with everyone with love so that no one sulks with you. You have to fill their aprons when they come to receive the bread of the imperishable jewels of knowledge. You mustn't kick them out. You children come to the Father to fill your treasure-store. When the poor receive a donation, they become so happy. Those who are miserly would kick out the poor. Those who are righteous and merciful would call them in and give them something or other. You children know that everyone in the world is poor at this time. Although they have physical wealth, they are all going to become poverty-stricken. Everyone's money is going to turn to dust. Because of having intoxication of that wealth, it is very difficult for them to take the treasures of the jewels of knowledge. The Father is the Lord of the Poor. Those who become His children are either real or step. They come to the Father to make their lives elevated and from being poor to become wealthy for 21 births. They remain very wealthy in the golden age. Although they are poor numberwise, they are not so poor that they have to live in huts. Here, they live in such dirty places. There is nothing like that there. So, people go to wherever you have *centres* and where there are Brahma Kumars and Kumaris, to receive the donation of life. You children have to continue to open treasure-stores to give the donation of life. This is great charity. If you open your treasure-stores and then close them, what would the condition of all of them become? They would become unhappy. You know that those poor people are now very unhappy and poverty-stricken. They come here and become fortunate. Your doors should always remain open for them. They receive an inheritance for the future 21 births. Since they are becoming constantly happy, you should donate so much to them. Give others the imperishable jewels of knowledge that Shiv Baba gives you. The kingdom is being established. There used to be the kingdom of Lakshmi and Narayan. It doesn't exist now, but *history will repeat* again. The Father is teaching you Raja Yoga. You then have to teach others. Make such arrangements that many people can come and claim their fortune. Give everyone the donation of life. If you kick them out instead of giving them the donation of life, you will accumulate a lot of sin. You have to explain with a lot of love. Maya is such that she makes you completely unconscious. When someone becomes a *traitor*, he becomes worse than he was before. There are *traitors* in every army. They spy so much. Our war is with Maya. Those who become the children and then go to Maya become *traitors*. They make many people unhappy. There are so many innocent mothers and

* Words that Baba spoke in English are shown in italics.

kumaris who then become trapped. Our knowledge is very powerful. The inheritance from physical parents of drinking poison and giving poison to others comes to an end. That is a very bad business; therefore, whatever is the past is the past. For half the cycle everyone has continued to become impure. The Father now says: Children, that has made your condition very bad. Now put an end to that business. This is the impure world. No one would call this world 16 celestial degrees complete, completely viceless. The sun dynasty was completely viceless. Rama and Sita are called moon-dynasty warriors. People consider them to be God too. You children know that there is the difference of day and night between the sun dynasty and the moon dynasty. Those are 16 celestial degrees full, the masters of the new world, whereas these are 14 degrees, two degrees less. The world becomes a little old by then. The name of the sun dynasty is glorified. Children say: Baba, we will become the sun dynasty. Why should we become two degrees less? If students fail at *school*, they defame the name of their parents. If they *pass*, they become happy. If they fail, they become disheartened. Some even drown themselves. Those who *pass fully* then go into the Lakshmi and Narayan clan of the sun dynasty. The same thing happened in the previous cycle. Truly, the Father comes at this time, establishes the Brahmin clan first and then sits here and teaches them and they then become the sun and moon dynasties. Here, you have to study and teach others. Otherwise, you will have to bow down in front of those who are educated. Here, you have your *aim* and *objective* in front of you. There cannot be blind faith here. It is explained that you are studying at school to change from human beings into deities. You have also had visions and this is why you say that you will become Lakshmi and Narayan. You will not become that just like that. No one except the Father can make you that. Those who relate the Gita would not say that they make you into kings of kings. "Manmanabhav; become my children." Only Prajapita Brahma and Jagadamba can say this. No one else can call himself Prajapita Brahma. No matter how much they put on that appearance, they cannot explain these things. Only Shiv Baba explains this. People would not say: Manmanabhav. They would not explain the secrets of the cycle and how many years the duration of the cycle is or how it turns. No one knows this. You children receive a lot of *knowledge*. Those who have a gross intellect are not able to study as much. This examination is very hard. Very few have the courage to take the *Indian Civil Service* examination. The *Government* too feels that if they have a difficult test paper, only a few would *pass*. There is a *limit* here too. Eight claim *number one* and then there are 108. At this time (in the year 2008), the population of Bharat would be more than one billion. In that too, those who belong to the deity religion will emerge. "330 million deities" is remembered. Eight of them become the *number one* sun dynasty. There would also be many *princes* and *princesses*. The examination is very difficult. Eight become the beads of the rosary of victory. Of them, one is Mama who was a kumari, and also this old man. Mama was young. She studied well and claimed a status. This one also studied in his old age and *passed* the examination. It is a matter of making effort to claim your inheritance from the Father. God is teaching you children. It is a matter of great fortune that you belong to God and then become engaged in His *service*. All of you came in Sindh, but so many of them left Baba. Those of them who were powerful were a wonder. They are making so many others equal to themselves. So, thanks have to be given to them. Out of the bhatthi, 300 emerged, numberwise. Now there are thousands. New *centres* continue to open. So many people come and make their lives like diamonds. You should become this and then make others the same. You have to revive those who have wilted. You have to catch hold of each one with a lot of love, so that no poor person's foot slips anywhere. The more *centres* there are, the more the number of people who will come and receive the donation of life and make their lives like pure diamonds. Now they are like impure shells. So the Father says: Make effort and become part of the sun dynasty. Remember the Father. He doesn't say: Remember Brahma, Vishnu and Shankar. Many people ask: What is Shankar's *part*? How does he inspire destruction? Tell them: This is remembered and there are also the images of this. This is explained to you, but in fact you have no *connection* with those things. First of all understand that you have to claim your inheritance from the Father. Become manmanabhav! What is the need for you to think about what Shankar does or what someone else does? Simply hold on to a couple of words: Remember the Father and the inheritance and you will receive the kingdom. However, you have no *connection* with why Shankar has a snake around his neck or why he is sitting in yoga in that way. The main thing is to remember the Father. Otherwise, they will raise many such questions. How would you

benefit through that? You just forget everything. The Father says: Remember Me, and your sins will be absolved. We are giving you the Father's message. If you don't remember Him, you won't become a conqueror of sinful actions. In that case, how would you be able to imbibe knowledge? If someone asks all sorts of wrong questions, tell him: First of all understand the *knowledge*. Consider yourself to be a soul and remember the Father and forget everything else. As you progress further, you will continue to understand. Show courage to claim your inheritance. We are giving you the Father's message and then it is up to you whether you do that or not. If you become pure through the Father, He will enable you to receive a high status in the pure new world. Spin the discus of self-realisation and remember the cycle of 84 births. That's all! To the extent that you remember the Father, accordingly, you will be threaded in the rosary of victory. There is no need to chant or do tapasya etc. You are freed from all of that. You have been claiming a limited inheritance from the copper age. Now claim your unlimited inheritance from the unlimited Father. Whatever inheritance you claim now becomes imperishable for 21 births. There, you won't know how you claimed that inheritance or that that is an imperishable inheritance. It is at this time you know that you will have your fortune of the kingdom for 21 births. There, you have the pleasure of happiness. People think that everyone would have to claim their inheritance from their father. However, you receive the reward there of the effort you make at this time, and this continues for 21 births. It isn't that anyone has to perform good actions at that time. It is here that you are learning such good karma, and you will then go into the kingdom birth by birth. The Father orders you: Firstly, become pure and also remember Me. However, Maya makes you forget. By remembering how the world cycle turns, we become kings and queens of the globe. This is so easy. For kumaris it is the easiest of all. Half-kumaris have to make effort to climb down that ladder. Everywhere, more kumaris are emerging. To get married at this time is to ruin yourself completely. By marrying Shiva, the Bridegroom, at this time, you will become very prosperous in heaven. You are now *on God-Fatherly service*, and so what return will you receive for this? You will become the masters of the world. This is the true income. You Brahmins will go with your hands full. This is your true income. However, everything else is a false income and so they will go with empty hands. Achcha.

To the sweetest, beloved, long-lost and now-found children - just see how good the meaning of long-lost and now-found is. No one else can say this. You meet the Father after a long time of longing. Souls remained separated from the Supreme Soul for a long time. You have come and met the Father once again after 5000 years. This is called being the long-lost and now-found unlimited children. You have truly come and met the Father at the confluence of the cycles. Then, you will meet in different names and forms. Baba teaches those who studied this in the previous cycle and they will continue to study for cycle after cycle. Achcha.

To the sweetest, beloved, long-lost and now-found children, who are spinners of the discus of self-realisation, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. Revive those who have become unconscious. Look after each one with love. Take care that no one's foot slips for any reason.
2. In order to claim a high status in the pure world, put aside all questions and remember the Father and the inheritance. Spin the discus of self-realisation. Serve to give many others the donation of life.

Blessing: May you be an elevated server and with your own will-power enable everyone to make a will. At present, many souls are thirsty for your co-operation because they don't have that power. You specially have to help them with your own powers. Therefore, the instrument servers need to have in them the power of all the powers. Just as Father Brahma willed the powers to the Shaktis at the end and this task is now being carried out through that will, so follow the father in the same way. Will your own powers to souls and service will be completed on time.

Slogan: Where there are the powers of unity and concentration, success is attained easily. * * * * *
