

**Essence:** Sweet children, this is a *wonderful* school where the Purifier Father, the Ocean of Knowledge, gives you the nectar of knowledge and purifies you. There is no other school like this one.

**Question:** What one advice should you take in order for the Father to become your Helper at every moment?

**Answer:** Baba advises you: Children, continue to remember Me like a *genie*. While eating, sitting and moving around, connect your intellect's yoga to Me and remove your intellect from everywhere else. Do the service of remembering the Father and heaven. This is the help you give. This remembrance will make you into the masters of heaven. This is an inexpensive bargain. When you have courage, Baba becomes your Helper at every moment. Children who remain courageous receive help from God.

**Song:** The heart says thanks to the One who has given it support....

Om shanti. You children heard the song. Who is it that is saying, "Child, child"? Surely it is the Father who says "Child". In fact, the world knows that it is the Supreme Father who says "Child". He is called the Supreme Soul, that is, God. All of you are children. You children are studying in this study place to change from human beings into deities. You know that the unlimited Father is teaching you. He is the Father and also the *Teacher*. The Mother and Father have many children. The number of children will continue to grow a great deal. The Supreme Father, the Supreme Soul, sits here and teaches you. This is a *wonder*. There isn't any other school as *wonderful* and unique as this one. You children know that the Ocean of Knowledge, who is also the Purifier, is giving you nectar of knowledge and purifying you. People sing: O Purifier, come! Therefore, this world is definitely impure, and there is also the pure world. The new world, the new home, is said to be pure. Then that home has to become old. So you children know that this is an old world. There was the new world. There was a lot of happiness there. You children heard the song. Those people simply sing that on the path of devotion, but you are now in the *practical* form. We use the songs of the path of devotion for knowledge. You children know that the Father has come to take everyone back home. He is the Purifier and so He will purify everyone and take them back home. Talk to yourself in this way. This world is definitely impure. Impure human beings bow down to the pure deity idols and pure sannyasis. However, there is only the one Purifier Father. Everyone remembers that One who purifies everyone because it is the task of the Father alone to *liberate* the whole world from sorrow. What causes you sorrow? The vices. What are the names of the vices? They are the evil spirits of lust, anger and impure arrogance. The body is said to be made of the five elements, that is, of matter. The soul is separate from that. The soul sheds a body and takes another. You children now see the new world and are also studying for that. People think that destruction will take place and that a great war has to take place. However, they don't know what will happen after that because they have shown the God of the Gita in the copper age. The God of the Gita taught you Raja Yoga. Krishna cannot teach it. They have mentioned Krishna's name in the Gita and shown him in the copper age. That is confusing. We too had that confusion, but our confusion has now been removed. People have reached degradation, but we are now going into salvation, the day, through knowledge. The Father says: I am the Ocean of Knowledge. No one else can give you knowledge. Only the One is called the Ocean of Knowledge and then the Ganges of knowledge emerge from Him. "Shiv Shakti Ganges of Knowledge" has been remembered. That is the Ganges of water that continues to flow. It isn't that the Ganges of water can go wherever it wants; no. You Ganges of knowledge can go wherever you want and give knowledge. You Ganges of knowledge emerge there. Those people think that the Ganges emerged in such and such a place and so they create a Gaumukh (Cow's mouth) there. In fact, you daughters are the Gaumukhs. This knowledge emerges from the mouths of you Gaumukhs. You are the true Ganges of knowledge who have emerged from the Ocean of Knowledge. The *knowledge* of the beginning, the middle and the end of the world is explained to you. Only the Father is called *knowledge-full*. Only He is the *World Almighty*, the One with all Powers. He knows all the Vedas and the Granth etc. He explains to you the essence of all of those. There should only be one religious scripture for each religion. For instance, there is the one Shrimad Bhagawad Gita, and there is only one *Bible*. Abraham came and

established the religion of Islam and then others continued to come after him. Whatever he spoke was then made into a religious scripture. They didn't do that immediately. At that time, he had to establish a religion. All of those scriptures were made later. The Father says: All the Vedas, scriptures, chanting, tapasya, etc. are all the *cult* of devotion. This is the *cult* of knowledge. The period of devotion ends after half the cycle. Then the Father comes and gives knowledge to purify the impure. You know that you are now Brahmins and that you will then become deities. You have the full account of 84 births in your intellect. We are now Brahmins, the mouth-born creation of Brahma. Previously, we belonged to the shudra clan and we now belong to the Brahmin clan. Only you Brahmins know this. No one who belongs to the deity religion exists now. Hindus don't know that they truly belonged to the deity clan and that they now belong to the shudra clan. They have forgotten their own religion, become corrupt in their religion and their actions, and have become poverty-stricken. You children have now come to understand the meaning of "Hum so, so hum" from the Father. We souls are residents of the supreme abode; we come here and play our *part*. We first came into the golden age, into the deity clan, and then we went into the merchant and shudra clans, and we will again go into the deity clan. You know for how many births you will remain in each clan. However, Baba would not sit here and tell you everything about each birth. He tells you everything in a *nutshell*. Just know the Seed and the tree, that's all. The Father is the Seed. We are members of the kalpa tree. We came from the supreme abode to play our *part*. From the golden age we went around the cycle. Those of other religions came at their own time. Then, when destruction takes place, all souls will go back home. Then they will come down numberwise at their own time to establish their religion. You have all of these secrets in your intellect. Children say: Baba, we become masters of heaven through what You teach us. No one else can give us the happiness that You give us. All human beings only give temporary happiness. Even animals give that. The life of a human being is said to be the most valuable. It is only human beings who can become deities. Human beings can become the masters of the world. Baba, no one else can give us the happiness that You give us. Baba, You make us into the masters of the world. You are the Creator of the World. Simply remember the Father; that's all! There is no question of hatha yoga etc. in this. You belong to the Father and know that Baba is the Creator of the new world. Baba has come from the supreme abode. He is the *most beloved* Father. Everyone remembers Him. No matter what religion someone belongs to, he or she would definitely say, "Oh God, the Father!" Allah!" or "Oh God!" The Father says: I leave after having given happiness to everyone and this is why everyone remembers Me on the path of devotion. I have now come once again to give you happiness. Then no one will remember Me for half the cycle. Maya doesn't reside there that she would cause you sorrow. You become deities, the masters of the world, and so this should remain in the hearts of you children day and night. Baba, You are making us into the masters of the world. We have a right to that. The Father is creating heaven, the new world, and so He would surely make you children the masters of that. *God, the Father*, creates *heaven*, so why are all of us not in *heaven*? If everyone were in *heaven*, there wouldn't be *hell*. This is a play of victory and defeat, happiness and sorrow. The new world then becomes old. Who makes it new? Who makes it old? How does this world cycle turn? You have all of this in your intellect. In the golden and silver ages there are the sun and moon dynasties, and then the other religions *emerge* in the copper age. Whatever happened in the previous cycle will now *repeat* in the same way. You children know that the golden age will *start* once again. The old world will end and the new one will come. People think that the world will still continue to become old and that there is still a lot of time. The Father says: You are in extreme darkness. Destruction is just ahead. I have come to purify the impure world. Previously, there was no one here. Now you children continue to be created through the mouth of Brahma. There must definitely be innumerable children of Prajapita Brahma who study and who have to become deities once again. Those who promise the Father to become pure and who become spinners of the discus of self-realisation are the ones who will claim their fortune of the kingdom. Not everyone will claim it. All the rest will settle their karmic accounts and go back home. Baba is once again establishing the deity religion. All other religions are to be destroyed. The great war is just ahead. The God of the Gita sits here and explains the secrets of this *history* and *geography*. The praise of God is separate from the praise of Krishna. Krishna cannot be called the Seed of the Human World Tree or the

*World Almighty Authority.* There is only the One who is the *World Almighty Authority.* The praise of the sun dynasty is different from that of the moon dynasty. The praise of the merchant and shudra dynasties is also different. Each one's praise is his or her own: the *Chief Minister* is the *Chief Minister* and the *Governor* is the *Governor.* Not everyone can be the same. All of these matters have to be understood. People don't know that you are making Bharat into heaven. You are establishing the kingdom for yourselves in an incognito way with *non-violence.* There is neither the violence of the sword of lust, nor of using your hands and feet, or shooting someone. You don't have to take up weapons etc. You Brahmins know that, with Baba's help, you are once again making Bharat like a diamond, exactly as you did in the previous cycle. This is spiritual service whereas other people do physical service. We are becoming elevated by following Baba's shrimat. All the rest continue to become corrupt through following the dictates of human beings. Everyone definitely has to come down. Devotion too is at first unadulterated. There is *very good* devotion. They worship just the One, and then in the *second grade,* they worship the deities. Then they even start worshipping cats, dogs, stone, dust and even the five elements. That is called adulterated devotion. They become adulterated from unadulterated. The Father is now teaching you unadulterated yoga. While living at home with your family, while eating and drinking, you simply have to remember the Father and your inheritance. All of this requires effort. Although you may come and go from your home, simply remember Baba with your intellect in an incognito way. There isn't even any need to say "Rama, Rama" or "Salutations to Shiva" through your mouth. Simply remember the Father. Baba is the incognito Ocean of Knowledge. He knows the whole world cycle. He is called the Supreme Soul. This one is a soul and he is receiving knowledge from that Father. Imbibe all of these things and then inspire others to do the same. Poor people continue to search for the path. They don't know anything. You know that the land of peace is the land of nirvana from where all souls come. Heaven is the land of happiness and hell is the land of sorrow, the land of Maya. That heaven is the land of Vishnu and this hell is the land of Ravan. The Father says: You simply have to remember the Father and your inheritance; that's all! If your intellect goes anywhere else, remove it from there. While eating, drinking and walking, simply remember Me, your Father. It is very easy. For instance, when someone is living abroad and his wife is in India, then, although they are far apart, his intellect would still remember her. We too are also so far away, yet our intellect's have to remember the Father from whom we receive so much happiness. We receive sorrow from everyone else. Human beings can never give constant happiness to human beings. The Father says: Continue to remember Me like a *genie.* Simply remember the Father and heaven. Do this service for Me. I am serving you to inspire you to remember Me. You then have to serve to stay in remembrance of Baba. Take this advice. This is the help you give. Children who remain courageous receive help from God. This remembrance will make you into the masters of the world. This is such an inexpensive bargain. Those gurus make you wander around a great deal. When the one Satguru comes, there is no further need to adopt any gurus. The whole system of adopting gurus then disappears. All will have attained salvation at that time. When the one Satguru comes, all the customs and systems of adopting innumerable gurus is removed for half the cycle. Then that system continues again on the path of devotion. In the golden age there are no gurus. There is never untimely death there. You receive *health, wealth and happiness* for 21 births. No one else can give you this. You are receiving *health, wealth and happiness* from the Father and all the rest go to the land of nirvana. Achcha.

To the sweetest, beloved, long-lost and now-found children who are spinners of the discus of self-realisation, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

#### Essence for dharna:

1. Do spiritual service to make Bharat like a diamond by following shrimat. Remember the Father in an incognito way and become elevated.

2. Talk to yourself. Have a heart-to-heart conversation: Baba, no one else can give me the happiness that You give. Baba, I am becoming a master of the world through the study that You teach us. I have a right to the new world that You are creating.

**Blessing:** May you have the *exercise* of practice and put the subtle powers into your practical life and become full of power.

Mother Brahma has spiritual attachment to the children. Therefore, with the invocation of subtle love, he makes a *special group* of children *emerge* in the subtle region and feeds them the nourishment of powers. Just as he used to give ghee (purified butter) to the children to drink and also used to make them *exercise* in the same way, he gives you ghee in the subtle region, that is, he gives you things of subtle powers and makes you perform the *exercise* of practice. He enables you to *race* to the three worlds through which you are able to have his special favouritism in your life and all the children become full of all powers.

**Slogan:** Souls who remain stable in their self-respect give respect to others and enable them to move forward.
