

Essence: Sweet children, become as fearless as the Father. Let your stage be that of a detached observer and remain constantly cheerful. Only by staying in remembrance will your final thoughts lead you to your destination.

Question: What method do fortunate children adopt in order to remain constantly *fresh* and cheerful?

Answer: They bathe in knowledge twice a day. People generally bathe twice in order to remain *fresh*. You children also have to bathe in knowledge twice a day. This brings many benefits. 1. You always remain cheerful. 2. You remain happy and fortunate. 3. All types of doubt are removed. 4. You remain safe from the company of those influenced by Maya. 5. The Father and *Teacher* is pleased. 6. You become beautiful flowers and remain in limitless happiness.

Song: Awaken o brides, awaken! The new age is about to come....

Om shanti. Shiv Baba sits here and explains to you children through the mouth of Brahma. This is the Gaumukh (mouth of a cow). Nandigan is the mouth of a bull. You heard the song. The Bridegroom says this to the brides. Not only *females* are brides; even *males* are brides. All of those who perform devotion and remember God are brides. The Bridegroom is just the One. Sages make spiritual endeavour to attain God. Therefore, they too are brides. Who is that one God? That One is called *God, the Father*. Just as a bridegroom has to come to take his bride with him, so all of you are brides. You remember your Bridegroom, and so He definitely has to come. He doesn't come for just one; He has to come for everyone. All the brides are unhappy. They definitely have one disease or illness or another. Therefore, this is hell. In heaven, there is happiness and in hell there is sorrow. At this time, all of us are the brides who are residents of hell, that is, all are in the jail of Maya, Ravan. The unlimited Father only explains unlimited things. The whole world is in jail. This is called the land of sorrow (dukhdham). Dham is the place where we live. There is sorrow in the iron age and happiness in the golden age. The elevated words of Shiva, the God of the Gita, are: There is the deity community and the devilish community. He Himself says: Brides, the new age has now come. This is the old world. The Bridegroom says: Now awaken! The new age of the golden age is now coming. Heaven was established through the Gita. The Gita is the scripture of the deity religion of Bharat, and that deity religion has now disappeared. It means that there is only as much trace of it as a pinch of salt in a sackful of flour. There are its images, but no one considers himself to be a deity. They have forgotten that there was the deity religion in the golden age and that it was called heaven. When it is the kingdom of Lakshmi and Narayan, they will not say: This is heaven. If they did, they would also understand that there would be hell too. We know all these secrets at this time. There was heaven 5000 years ago and it is now hell. The leg of the deity religion has been broken. None of those who relate the Gita can explain these things. The Gita is the jewel of all scriptures. Only the God of the Gita would make Bharat into heaven through the Gita. Then, for half the cycle, there is no need for the Gita there. There, there is just the reward. Baba Himself says: This knowledge disappears once again. It exists now. We listen to new things every day. Those people have been listening to the 18 chapters. Who would say that that is new? They have written the full 18 chapters. Here, we continually study and have yoga. This too takes *time*. Gyan and yoga are brother and sister. Baba says: Gyan is more elevated than trance (dhyan), because it is through knowledge that you are able to receive liberation-in-life. No one here should say: Only if I have a vision will I make effort. You can see the picture of Krishna in front of you. You will become such *princes* and *princesses*. Therefore, it is up to you to become whatever you want. You should believe that you do become *princes* and *princesses*. The new age is now coming. You will take birth as a *prince* where there is victory. The sign of this is that you will have a jewel-studded flute. They have shown Krishna with such a flute because he is a prince. However, there is nothing of knowledge there. Shiv Baba alone is the Ocean of Knowledge. That Baba says: Children, destruction is just ahead. At the end, there won't be anyone left to give you a mantra. Your final thoughts will lead you to your destination. This has been remembered. If you remember Me at the end, you will receive salvation. You have been saying: Today, tomorrow. I will show you two to four instances of how people die suddenly. At that time, they aren't able to remember a mantra. For instance, if the roof suddenly falls in, would you be able to remember Baba? If the earth shakes, at that time, you would begin to cry out in distress. If you have this *practice* over a long period of time your stage will not fluctuate at that time.

You will continue to be a detached observer and remain cheerful. When people hear even a little sound, they run away out of fear. You would never run anywhere. There is no question of being afraid. Just as Baba is fearless, you children also have to be fearless. Baba says: Children, the new age is now coming. Now, *insure* yourself. You *insure* the whole of Bharat. You are *insuring* Bharat by taking power from the Father. Bharat will become like a diamond. Then it depends on how much you *insure* your *life*. Body, mind and wealth are all *insured*. Baba says: This knowledge is something that gives instant fruit. There is the example of Sudama who instantly saw palaces. Therefore, that was instant fruit, was it not? You also have visions of *princes* and *princesses*. However, there are *princes* and *princesses* in the golden age and also in the silver age. You can't tell where you would be a *prince* of. Not everyone will be able to become the sun dynasty. All of those are visions. It isn't that a soul leaves a body and goes somewhere. Those visions too are fixed in the *drama*. When a *soul* is invoked, it isn't that that soul leaves the body and comes. In that case, that other body wouldn't be able to remain there. All of those are visions. Baba gives you visions in many different ways. It is because it is fixed that the *soul* comes (when invoked). This significance of the *drama* has to be understood. These are new things. So, you have to go to *class* regularly. You know that very good people bathe twice a day in order to remain *fresh*. Here, too, by bathing in knowledge twice, you will remain *fresh*. By bathing twice in knowledge, there is a lot of benefit. Otherwise, you would lose your sovereignty for nothing. Baba can check everything from the *register*: Who are those who are completely happy and fortunate? You come to the unlimited Father to claim limitless wealth and you become the masters of heaven. If there isn't that much faith, you wouldn't be able to claim a high status. By bathing twice (in knowledge), you would remain very cheerful. Baba says: I have become your *Guide* and have come to take you children back home. I take you touring around everywhere so much. Those people go up above in *aeroplanes*, and they are praised so much. In fact, you should be praised. You tour around heaven and come back here. This is something *most wonderful*. Baba says: I, the Resident who lives the furthest away, have come to the foreign land. Therefore, there is no question of omnipresence in this. You are messengers who give the message. I send you. This too is fixed in the *drama*. According to the *drama*, each one has to come to play his own *part*. Then, I too have to come. I come and teach you. This is a Gita Pathshala. You continued to go to those spiritual gatherings for birth after birth. You listened with one ear and it went out through the other. There was no *aim* or *objective*. Now there is the applause of happiness inside. Those who study well in their *student life* have a lot of happiness. There is also the happiness of the relationship of being a child. The *teacher* would also be happy. Here, there is also the Mother, Father and *Teacher*. Therefore, you become happy. It is the children's duty to study. The Father has come here personally. Therefore, only listen to the one Father. You have been wandering around a great deal for half the cycle. Now stop wandering! However, that will only happen when you have full faith. People say that there are still so many years of the iron age left. When you tell them this knowledge, they say that all of it is your imagination and magic. Poor innocent mothers just sit there with them. Baba pulls the mothers to Him and those people influenced by Maya pull them to them. They are trapped in between. Baba explains: Children, unless you bathe in knowledge twice, there won't be benefit. Sometimes, such *points* in the murli strike you like an arrow that your doubt ends. They never forbid anyone to go to any other spiritual gathering. They forbid you to come here because, here, there is the aspect of remaining pure. Both husband and wife have to become pure. Here, in the world, a wife sacrifices herself on her husband's funeral pyre thinking that she will go to the land where he has gone. If the husband goes to hell, the wife also goes to hell. You both now have to make effort to go to heaven. Innocent ones are assaulted so much. Daughters say that they are not going to get married and then their family force them to get married. The Father says: Children, by getting married in this final birth, the web of attachment will continue to increase. There will be attachment to your husband, then your children, and then your parents' home and in-laws' home. Today, you may have a baby and you have a *party*. Then, tomorrow, if the baby dies, there would be a lot of weeping and wailing. In the golden age you will remain very happy. Baba explains: Children, make every home into heaven. Keep pictures there. Ask anyone who comes: Will you become a master of heaven? Come and we will explain to you. Baba tells you very good

slogans. By bathing in knowledge twice you children will become very beautiful flowers and have limitless happiness. It is said: God's praise is limitless. So, the praise of your happiness will also become limitless. The praise of the Gita is also limitless. You would say that you are becoming the masters of heaven through the Gita. No one, apart from the one God, would say: Awaken brides, awaken! The new golden age is now coming! I, the Flame, have come to ignite your light. This Dada is also now an effort-maker. Baba is telling you a new story for the new age. This is such a good song. This is a new path. Those people say that only through the scriptures can they find the path to God. Then they say: All are God. All is His praise. We have come to this world to celebrate in happiness and we can eat and do whatever we want because the soul is not affected by anything. In order to fulfil their dirty desires, they say that the soul is immune to any effect of action. Never become trapped in the company of such people. You are swans. Baba says: You have to become completely *pure*. To indulge in vice is *criminal assault*. You might not listen to Me, you might not become clean or become My helper. However, there will then have to be a lot of punishment from Dharamraj. Just remember that God has shown you the new world. You have come here to become a master of the new world. Therefore, ask your heart: Am I a real child or a step-child? Shiv Baba is the Grandfather, Brahma is the father and we are grandchildren. This is God's family. If you don't remember the Grandfather, how would you claim your inheritance? This is why you definitely have to remember the Grandfather. How could you have the Grandfather without the father? There is the Grandfather and you grandchildren. There is surely also the father in between. You grandchildren have a right over the Grandfather. This is why it is said: You definitely have to claim the *property* from the Grandfather. This is a matter of happiness. We are making the fortune of Bharat like a diamond through the Gita of God Shiva. It is only the one Gita that makes you become like a diamond. All the rest make you become like shells. The fortune of Bharat has been completely crossed out. The Father is now once again awakening the fortune of Bharat. People make a tiny *locket* of the Gita and wear it but no one knows the significance or importance of that. Here, the systems are very strong. You definitely have to become pure Brahmins. Don't cheat and simply say "Mama, Baba". Only when you become true and real will you have that intoxication. Those who are *half-caste* will not become intoxicated. God has gone crazy about Bharat to make it into heaven once again. Therefore, He is madly in love with Bharat. He makes Bharat elevated once again. A lover is crazy about a beloved. Therefore, He is so madly in love with the people of Bharat that He comes running here from so far away and He is so egoless. Achcha.

To the sweetest, beloved, long-lost and now-found children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

Essence for dharna:

1. In order to claim the limitless wealth of knowledge from the unlimited Father, bathe in knowledge twice. Definitely be *regular* in your study.
2. Become a true and pure *full-caste* Brahmin. Become a helper of the Father. Never become trapped in the company of those who have dirty desires.

Blessing: May you be a flying bird who finds the solution to all problems with unbroken remembrance. When you have the experience, "Baba is mine", you automatically remember that which is yours. You don't have to make effort to remember that. "Mine" means to claim a right. "My Baba" – Baba is mine and I belong to Baba – this is easy yoga. Become such easy yogis, remain absorbed in the love for remembrance of the one Father and continue to move forward. This unbroken remembrance will enable you to find a solution to all problems, make you a flying bird and take you into the flying stage.

Slogan: Become experienced in the power of churning and your wealth of knowledge will continue to increase.
