Morning Murli Om Shanti BapDada

Madhuban

**Essence:** Sweet children, your face should be constantly happy because God is teaching you. Your face should sparkle with this happiness.

**Question:** What main effort do you children have to make now?

**Answer:** You have to make effort to be liberated from punishment. For this, the pilgrimage of remembrance is the main thing. It is through this remembrance that your sins are absolved. Remember Baba with love and you will continue to accumulate a great deal of income. By waking up early in the morning and sitting in remembrance, you will forget the old world and only things of knowledge will then enter your intellects. You children must not let any rubbish emerge from your lips.

**Song:** Having found You, we have found everything; the earth and the sky belong to us.

To the sweetest, long-lost and now-found, *serviceable*, faithful, obedient children, love, remembrance and good morning from the Mother, the Father, BapDada. The spiritual Father says namaste to the spiritual children.

**Essence for dharna:**

1. No matter how loving your relatives may be, you must not allow any thread of attachment to pull you. Conquer attachment. Explain to them tactfully. Have mercy for yourself and for others.!
- 2 Remember the Father, the *Teacher*, with a lot of love. Have the intoxication that God is teaching you and that He is giving you sovereignty over the world. When you go for a walk, stay in remembrance. Do not gossip.

**Blessing:** May you be a victorious jewel on the basis of faith and be a *master* giver of support for everyone.

Children who have faith in the intellect become victorious because they constantly dance in happiness. They do not speak about their victory but, because of being victorious, they increase the courage of others. They do not try to make others inferior. However, they become a master bestower of support the same as the Father, that is, they uplift those who have fallen. Such ones always remain distant from all waste. To step away from waste is to become victorious. Such victorious children become master bestowers of support for everyone.

**Slogan:** Those who serve with a stage that is altruistic and free from sinful thoughts become images of success.
